SECTION 24. IC 6-3.1-20-2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 2. As used in this chapter, "homestead" has the meaning set forth in ~~IC 6-1.1-20-9-1.~~ **IC 6-10-2.**

SECTION 25. IC 6-3.5-6-13 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 13. (a) A county income tax council of a county in which the county option income tax is in effect may adopt an ordinance to increase the percentage credit allowed for homesteads in its county under IC 6-1.1-20-9-2.

(b) A county income tax council may not increase the percentage credit allowed for homesteads by an amount that exceeds the amount determined in the last STEP of the following formula:

STEP ONE: Determine the amount of the sum of all property tax levies for all taxing units in a county which are to be paid in the county in 2003 as reflected by the auditor's abstract for the 2002 assessment year, adjusted, however, for any postabstract adjustments which change the amount of the levies.

STEP TWO: Determine the amount of the county's estimated property tax replacement under IC 6-1.1-21-3(a) (**repealed**) for property taxes first due and payable in 2003.

STEP THREE: Subtract the STEP TWO amount from the STEP ONE amount.

STEP FOUR: Determine the amount of the county's total county levy (as defined in ~~IC 6-1.1-21-2(g)~~) **IC 6-10-2** for property taxes first due and payable in 2003.

STEP FIVE: Subtract the STEP FOUR amount from the STEP ONE amount.

STEP SIX: Subtract the STEP FIVE result from the STEP THREE result.

STEP SEVEN: Divide the STEP THREE result by the STEP SIX result.

STEP EIGHT: Multiply the STEP SEVEN result by eight-hundredths (0.08).

STEP NINE: Round the STEP EIGHT product to the nearest one-thousandth (0.001) and express the result as a percentage.

(c) The increase of the homestead credit percentage must be uniform for all homesteads in a county.

(d) In the ordinance that increases the homestead credit percentage, a county income tax council may provide for a series of increases or decreases to take place for each of a group of succeeding calendar years.

(e) An ordinance may be adopted under this section after January 1 but before June 1 of a calendar year.

(f) An ordinance adopted under this section takes effect on January 1 of the next succeeding calendar year.

(g) Any ordinance adopted under this section for a county is repealed for a year if on January 1 of that year the county option income tax is not in effect."

"SECTION 26. IC 6-3.5-7-5, AS AMENDED BY P.L.214-2005, SECTION 20, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 5. (a) Except as provided in subsection (c), the county economic development income tax may be imposed on the adjusted gross income of county taxpayers. The entity that may impose the tax is:

(1) the county income tax council (as defined in IC 6-3.5-6-1) if the county option income tax is in effect on January 1 of the year the county economic development income tax is imposed;

(2) the county council if the county adjusted gross income tax is in effect on January 1 of the year the county economic development tax is imposed; or

(3) the county income tax council or the county council,

whichever acts first, for a county not covered by subdivision (1) or (2).

To impose the county economic development income tax, a county income tax council shall use the procedures set forth in IC 6-3.5-6 concerning the imposition of the county option income tax.

(b) Except as provided in subsections (c), (g), (k), (p), and (r) the county economic development income tax may be imposed at a rate of:

(1) one-tenth percent (0.1%);

(2) two-tenths percent (0.2%);

(3) twenty-five hundredths percent (0.25%);

(4) three-tenths percent (0.3%);

(5) thirty-five hundredths percent (0.35%);

(6) four-tenths percent (0.4%);

(7) forty-five hundredths percent (0.45%); or

(8) five-tenths percent (0.5%);

on the adjusted gross income of county taxpayers.

(c) Except as provided in subsection (h), (i), (j), (k), (l), (m), (n), (o), (p), or (s), the county economic development income tax rate plus the county adjusted gross income tax rate, if any, that are in effect on January 1 of a year may not exceed one and twenty-five hundredths percent (1.25%). Except as provided in subsection (g), (p), (r), or (t), the county economic development tax rate plus the county option income tax rate, if any, that are in effect on January 1 of a year may not exceed one percent (1%).

(d) To impose, increase, decrease, or rescind the county economic development income tax, the appropriate body must, after January 1 but before April 1 of a year, adopt an ordinance. The ordinance to impose the tax must substantially state the following:

"The _____ County _____ imposes the county economic development income tax on the county taxpayers of _____ County. The county economic development income tax is imposed at a rate of _____ percent (____%) on the county taxpayers of the county. This tax takes effect July 1 of this year."

(e) Any ordinance adopted under this chapter takes effect July 1 of the year the ordinance is adopted.

(f) The auditor of a county shall record all votes taken on ordinances presented for a vote under the authority of this chapter and shall, not more than ten (10) days after the vote, send a certified copy of the results to the commissioner of the department by certified mail.

(g) This subsection applies to a county having a population of more than one hundred forty-eight thousand (148,000) but less than one hundred seventy thousand (170,000). Except as provided in subsection (p), in addition to the rates permitted by subsection (b), the:

(1) county economic development income tax may be imposed at a rate of:

(A) fifteen-hundredths percent (0.15%);

(B) two-tenths percent (0.2%); or

(C) twenty-five hundredths percent (0.25%); and

(2) county economic development income tax rate plus the county option income tax rate that are in effect on January 1 of a year may equal up to one and twenty-five hundredths percent (1.25%);

if the county income tax council makes a determination to impose rates under this subsection and section 22 of this chapter.

(h) For a county having a population of more than forty-one thousand (41,000) but less than forty-three thousand (43,000), except as provided in subsection (p), the county economic development income tax rate plus the county adjusted gross income tax rate that are in effect on January 1 of a year may not exceed one and thirty-five hundredths percent (1.35%) if the county has imposed the county adjusted gross income tax at a rate of one and one-tenth percent (1.1%) under IC 6-3.5-1.1-2.5.

(i) For a county having a population of more than thirteen thousand five hundred (13,500) but less than fourteen thousand (14,000), except as provided in subsection (p), the county economic development income tax rate plus the county adjusted gross income tax rate that are in effect on January 1 of a year may not exceed one and fifty-five hundredths percent (1.55%).

(j) For a county having a population of more than seventy-one thousand (71,000) but less than seventy-one thousand four hundred (71,400), except as provided in subsection (p), the county economic

development income tax rate plus the county adjusted gross income tax rate that are in effect on January 1 of a year may not exceed one and five-tenths percent (1.5%).

(k) This subsection applies to a county having a population of more than twenty-seven thousand four hundred (27,400) but less than twenty-seven thousand five hundred (27,500). Except as provided in subsection (p), in addition to the rates permitted under subsection (b):

- (1) the county economic development income tax may be imposed at a rate of twenty-five hundredths percent (0.25%); and
- (2) the sum of the county economic development income tax rate and the county adjusted gross income tax rate that are in effect on January 1 of a year may not exceed one and five-tenths percent (1.5%);

if the county council makes a determination to impose rates under this subsection and section 22.5 of this chapter.

(l) For a county having a population of more than twenty-nine thousand (29,000) but less than thirty thousand (30,000), except as provided in subsection (p), the county economic development income tax rate plus the county adjusted gross income tax rate that are in effect on January 1 of a year may not exceed one and five-tenths percent (1.5%).

(m) For:

- (1) a county having a population of more than one hundred eighty-two thousand seven hundred ninety (182,790) but less than two hundred thousand (200,000); or
- (2) a county having a population of more than forty-five thousand (45,000) but less than forty-five thousand nine hundred (45,900);

except as provided in subsection (p), the county economic development income tax rate plus the county adjusted gross income tax rate that are in effect on January 1 of a year may not exceed one and five-tenths percent (1.5%).

(n) For a county having a population of more than six thousand (6,000) but less than eight thousand (8,000), except as provided in subsection (p), the county economic development income tax rate plus the county adjusted gross income tax rate that are in effect on January 1 of a year may not exceed one and five-tenths percent (1.5%).

(o) This subsection applies to a county having a population of more than thirty-nine thousand (39,000) but less than thirty-nine thousand six hundred (39,600). Except as provided in subsection (p), in addition to the rates permitted under subsection (b):

- (1) the county economic development income tax may be imposed at a rate of twenty-five hundredths percent (0.25%); and
- (2) the sum of the county economic development income tax rate and:
 - (A) the county adjusted gross income tax rate that are in effect on January 1 of a year may not exceed one and five-tenths percent (1.5%); or
 - (B) the county option income tax rate that are in effect on January 1 of a year may not exceed one and twenty-five hundredths percent (1.25%);

if the county council makes a determination to impose rates under this subsection and section 24 of this chapter.

(p) In addition:

- (1) the county economic development income tax may be imposed at a rate that exceeds by not more than twenty-five hundredths percent (0.25%) the maximum rate that would otherwise apply under this section; and
- (2) the:
 - (A) county economic development income tax; and
 - (B) county option income tax or county adjusted gross income tax;
 may be imposed at combined rates that exceed by not more than twenty-five hundredths percent (0.25%) the maximum combined rates that would otherwise apply under this section.

However, the additional rate imposed under this subsection may not exceed the amount necessary to mitigate the increased ad valorem property taxes on homesteads (as defined in ~~IC 6-1.1-20.9-1~~ **IC 6-10-2**) resulting from the deduction of the assessed value of inventory in the county under IC 6-1.1-12-41 or IC 6-1.1-12-42.

(q) If the county economic development income tax is imposed as authorized under subsection (p) at a rate that exceeds the maximum rate that would otherwise apply under this section, the certified distribution must be used for the purpose provided in section 25(e) or 26 of this chapter to the extent that the certified distribution results from the difference between:

- (1) the actual county economic development tax rate; and
- (2) the maximum rate that would otherwise apply under this section.

(r) This subsection applies only to a county described in section 27 of this chapter. Except as provided in subsection (p), in addition to the rates permitted by subsection (b), the:

- (1) county economic development income tax may be imposed at a rate of twenty-five hundredths percent (0.25%); and
- (2) county economic development income tax rate plus the county option income tax rate that are in effect on January 1 of a year may equal up to one and twenty-five hundredths percent (1.25%);

if the county council makes a determination to impose rates under this subsection and section 27 of this chapter.

(s) Except as provided in subsection (p), the county economic development income tax rate plus the county adjusted gross income tax rate that are in effect on January 1 of a year may not exceed one and five-tenths percent (1.5%) if the county has imposed the county adjusted gross income tax under IC 6-3.5-1.1-3.3.

(t) This subsection applies to Howard County. Except as provided in subsection (p), the sum of the county economic development income tax rate and the county option income tax rate that are in effect on January 1 of a year may not exceed one and twenty-five hundredths percent (1.25%).

SECTION 27. IC 6-3.5-7-13.1, AS AMENDED BY P.L.118-2005, SECTION 2, AND AS AMENDED BY P.L.214-2005, SECTION 21, IS CORRECTED AND AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 13.1. (a) The fiscal officer of each county, city, or town for a county in which the county economic development tax is imposed shall establish an economic development income tax fund. Except as provided in sections 23, 25, 26, and 27 of this chapter, the revenue received by a county, city, or town under this chapter shall be deposited in the unit's economic development income tax fund.

(b) Except as provided in sections 15, 23, 25, 26, and 27 of this chapter, revenues from the county economic development income tax may be used as follows:

- (1) By a county, city, or town for economic development projects, for paying, notwithstanding any other law, under a written agreement all or a part of the interest owed by a private developer or user on a loan extended by a financial institution or other lender to the developer or user if the proceeds of the loan are or are to be used to finance an economic development project, for the retirement of bonds under section 14 of this chapter for economic development projects, for leases under section 21 of this chapter, or for leases or bonds entered into or issued prior to the date the economic development income tax was imposed if the purpose of the lease or bonds would have qualified as a purpose under this chapter at the time the lease was entered into or the bonds were issued.
- (2) By a county, city, or town for:
 - (A) the construction or acquisition of, or remedial action with respect to, a capital project for which the unit is empowered to issue general obligation bonds or establish a fund under any statute listed in IC 6-1.1-18.5-9.8;
 - (B) the retirement of bonds issued under any provision of Indiana law for a capital project;
 - (C) the payment of lease rentals under any statute for a capital project;
 - (D) contract payments to a nonprofit corporation whose primary corporate purpose is to assist government in planning and implementing economic development projects;
 - (E) operating expenses of a governmental entity that plans or implements economic development projects;
 - (F) to the extent not otherwise allowed under this chapter, funding substance removal or remedial action in a designated unit; or

(G) funding of a revolving fund established under IC 5-1-14-14.

(3) By a county, city, or town for any lawful purpose for which money in any of its other funds may be used.

~~(3)~~ **(4)** By a city or county described in IC 36-7.5-2-3(b) for making transfers required by IC 36-7.5-4-2. If the county economic development income tax rate is increased after April 30, 2005, in a county having a population of more than one hundred forty-five thousand (145,000) but less than one hundred forty-eight thousand (148,000), the first three million five hundred thousand dollars (\$3,500,000) of the tax revenue that results each year from the tax rate increase shall be used by the county only to make the county's transfer required by IC 36-7.5-4-2. The first three million five hundred thousand dollars (\$3,500,000) of the tax revenue that results each year from the tax rate increase shall be paid by the county treasurer to the treasurer of the northwest Indiana regional development authority under IC 36-7.5-4-2 before certified distributions are made to the county or any cities or towns in the county under this chapter from the tax revenue that results each year from the tax rate increase. In a county having a population of more than one hundred forty-five thousand (145,000) but less than one hundred forty-eight thousand (148,000), all of the tax revenue that results each year from the tax rate increase that is in excess of the first three million five hundred thousand dollars (\$3,500,000) that results each year from the tax rate increase must be used by the county and cities and towns in the county for additional homestead credits under subdivision ~~(4)~~ **(5)**.

~~(4)~~ **(5)** This subdivision applies only in a county having a population of more than one hundred forty-five thousand (145,000) but less than one hundred forty-eight thousand (148,000). Except as otherwise provided, the procedures and definitions in ~~IC 6-1.1-20-9~~ **IC 6-10-2** apply to this subdivision. All of the tax revenue that results each year from a tax rate increase described in subdivision ~~(3)~~ **(4)** that is in excess of the first three million five hundred thousand dollars (\$3,500,000) that results each year from the tax rate increase must be used by the county and cities and towns in the county for additional homestead credits under this subdivision. The following apply to additional homestead credits provided under this subdivision:

(A) The additional homestead credits must be applied uniformly to increase the homestead credit under ~~IC 6-1.1-20-9~~ **IC 6-10-4** for homesteads in the county, city, or town.

(B) The additional homestead credits shall be treated for all purposes as property tax levies. The additional homestead credits do not reduce the basis for determining the ~~state~~ property tax replacement credit under ~~IC 6-1.1-20-9~~ **IC 6-10-3** or the ~~state~~ homestead credit under ~~IC 6-1.1-20-9~~ **IC 6-10-4**.

(C) The additional homestead credits shall be applied to the net property taxes due on the homestead after the application of all other assessed value deductions or property tax deductions and credits that apply to the amount owed under IC 6-1.1.

(D) The department of local government finance shall determine the additional homestead credit percentage for a particular year based on the amount of county economic development income tax revenue that will be used under this subdivision to provide additional homestead credits in that year.

~~(5)~~ **(6)** This subdivision applies only in a county having a population of more than four hundred thousand (400,000) but less than seven hundred thousand (700,000). Except as otherwise provided, the procedures and definitions in ~~IC 6-1.1-20-9~~ **IC 6-10-2** apply to this subdivision. A county or a city or town in the county may use county economic development income tax revenue to provide additional homestead credits in the county, city, or town. The following apply to additional homestead credits provided under this subdivision:

(A) The county, city, or town fiscal body must adopt an

ordinance authorizing the additional homestead credits. The ordinance must:

(i) be adopted before September 1 of a year to apply to property taxes first due and payable in the following year; and

(ii) specify the amount of county economic development income tax revenue that will be used to provide additional homestead credits in the following year.

(B) A county, city, or town fiscal body that adopts an ordinance under this subdivision must forward a copy of the ordinance to the county auditor and the department of local government finance not more than thirty (30) days after the ordinance is adopted.

(C) The additional homestead credits must be applied uniformly to increase the homestead credit under ~~IC 6-1.1-20-9~~ **IC 6-10-4** for homesteads in the county, city, or town.

(D) The additional homestead credits shall be treated for all purposes as property tax levies. The additional homestead credits do not reduce the basis for determining the ~~state~~ property tax replacement credit under ~~IC 6-1.1-20-9~~ **IC 6-10-3** or the ~~state~~ homestead credit under ~~IC 6-1.1-20-9~~ **IC 6-10-4**.

(E) The additional homestead credits shall be applied to the net property taxes due on the homestead after the application of all other assessed value deductions or property tax deductions and credits that apply to the amount owed under IC 6-1.1.

(F) The department of local government finance shall determine the additional homestead credit percentage for a particular year based on the amount of county economic development income tax revenue that will be used under this subdivision to provide additional homestead credits in that year.

(c) As used in this section, an economic development project is any project that:

(1) the county, city, or town determines will:

(A) promote significant opportunities for the gainful employment of its citizens;

(B) attract a major new business enterprise to the unit; or

(C) retain or expand a significant business enterprise within the unit; and

(2) involves an expenditure for:

(A) the acquisition of land;

(B) interests in land;

(C) site improvements;

(D) infrastructure improvements;

(E) buildings;

(F) structures;

(G) rehabilitation, renovation, and enlargement of buildings and structures;

(H) machinery;

(I) equipment;

(J) furnishings;

(K) facilities;

(L) administrative expenses associated with such a project, including contract payments authorized under subsection (b)(2)(D);

(M) operating expenses authorized under subsection (b)(2)(E); or

(N) to the extent not otherwise allowed under this chapter, substance removal or remedial action in a designated unit;

or any combination of these.

(d) If there are bonds outstanding that have been issued under section 14 of this chapter or leases in effect under section 21 of this chapter, a county, city, or town may not expend money from its economic development income tax fund for a purpose authorized under subsection (b)(3) in a manner that would adversely affect owners of the outstanding bonds or payment of any lease rentals due.

SECTION 28. IC 6-3.5-7-23 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 23. (a) This section applies only to a county having a population of more than fifty-five thousand (55,000) but less than sixty-five thousand

(65,000).

(b) The county council may by ordinance determine that, in order to promote the development of libraries in the county and thereby encourage economic development, it is necessary to use economic development income tax revenue to replace library property taxes in the county. However, a county council may adopt an ordinance under this subsection only if all territory in the county is included in a library district.

(c) If the county council makes a determination under subsection (b), the county council may designate the county economic development income tax revenue generated by the tax rate adopted under section 5 of this chapter, or revenue generated by a portion of the tax rate, as revenue that will be used to replace public library property taxes imposed by public libraries in the county. The county council may not designate for library property tax replacement purposes any county economic development income tax revenue that is generated by a tax rate of more than fifteen-hundredths percent (0.15%).

(d) The county treasurer shall establish a library property tax replacement fund to be used only for the purposes described in this section. County economic development income tax revenues derived from the portion of the tax rate designated for property tax replacement credits under subsection (c) shall be deposited in the library property tax replacement fund before certified distributions are made under section 12 of this chapter. Any interest earned on money in the library property tax replacement fund shall be credited to the library property tax replacement fund.

(e) The amount of county economic development income tax revenue dedicated to providing library property tax replacement credits shall, in the manner prescribed in this section, be allocated to public libraries operating in the county and shall be used by those public libraries as property tax replacement credits. The amount of property tax replacement credits that each public library in the county is entitled to receive during a calendar year under this section equals the lesser of:

(1) the product of:

(A) the amount of revenue deposited by the county auditor in the library property tax replacement fund; multiplied by

(B) a fraction described as follows:

- (i) The numerator of the fraction equals the sum of the total property taxes that would have been collected by the public library during the previous calendar year from taxpayers located within the library district if the property tax replacement under this section had not been in effect.
 - (ii) The denominator of the fraction equals the sum of the total property taxes that would have been collected during the previous year from taxpayers located within the county by all public libraries that are eligible to receive property tax replacement credits under this section if the property tax replacement under this section had not been in effect;
- or

(2) the total property taxes that would otherwise be collected by the public library for the calendar year if the property tax replacement credit under this section were not in effect.

The department of local government finance shall make any adjustments necessary to account for the expansion of a library district. However, a public library is eligible to receive property tax replacement credits under this section only if it has entered into reciprocal borrowing agreements with all other public libraries in the county. If the total amount of county economic development income tax revenue deposited by the county auditor in the library property tax replacement fund for a calendar year exceeds the total property tax liability that would otherwise be imposed for public libraries in the county for the year, the excess shall remain in the library property tax replacement fund and shall be used for library property tax replacement purposes in the following calendar year.

(f) Notwithstanding subsection (e), if a public library did not impose a property tax levy during the previous calendar year, that public library is entitled to receive a part of the property tax replacement credits to be distributed for the calendar year. The amount of property tax replacement credits the public library is entitled to receive during the calendar year equals the product of:

(1) the amount of revenue deposited in the library property tax

replacement fund; multiplied by

(2) a fraction. The numerator of the fraction equals the budget of the public library for that calendar year. The denominator of the fraction equals the aggregate budgets of public libraries in the county for that calendar year.

If for a calendar year a public library is allocated a part of the property tax replacement credits under this subsection, then the amount of property tax credits distributed to other public libraries in the county for the calendar year shall be reduced by the amount to be distributed as property tax replacement credits under this subsection. The department of local government finance shall make any adjustments required by this subsection and provide the adjustments to the county auditor.

(g) The department of local government finance shall inform the county auditor of the amount of property tax replacement credits that each public library in the county is entitled to receive under this section. The county auditor shall certify to each public library the amount of property tax replacement credits that the public library is entitled to receive during that calendar year. The county auditor shall also certify these amounts to the county treasurer.

(h) A public library receiving property tax replacement credits under this section shall allocate the credits among each fund for which a distinct property tax levy is imposed. The amount that must be allocated to each fund equals:

(1) the amount of property tax replacement credits provided to the public library under this section; multiplied by

(2) the amount determined in STEP THREE of the following formula:

STEP ONE: Determine the property taxes that would have been collected for each fund by the public library during the previous calendar year if the property tax replacement under this section had not been in effect.

STEP TWO: Determine the sum of the total property taxes that would have been collected for all funds by the public library during the previous calendar year if the property tax replacement under this section had not been in effect.

STEP THREE: Divide the STEP ONE amount by the STEP TWO amount.

However, if a public library did not impose a property tax levy during the previous calendar year or did not impose a property tax levy for a particular fund during the previous calendar year, but the public library is imposing a property tax levy in the current calendar year or is imposing a property tax levy for the particular fund in the current calendar year, the department of local government finance shall adjust the amount of property tax replacement credits allocated among the various funds of the public library and shall provide the adjustment to the county auditor. If a public library receiving property tax replacement credits under this section does not impose a property tax levy for a particular fund that is first due and payable in a calendar year in which the property tax replacement credits are being distributed, the public library is not required to allocate to that fund a part of the property tax replacement credits to be distributed to the public library. Notwithstanding IC 6-1.1-20-1.1(1), a public library that receives property tax replacement credits under this section is subject to the procedures for the issuance of bonds set forth in IC 6-1.1-20.

(i) For each public library that receives property tax credits under this section, the department of local government finance shall certify to the county auditor the property tax rate applicable to each fund after the property tax replacement credits are allocated.

(j) A public library shall treat property tax replacement credits received during a particular calendar year under this section as a part of the public library's property tax levy for each fund for that same calendar year for purposes of fixing the public library's budget and for purposes of the property tax levy limits imposed by IC 6-1.1-18.5.

(k) The property tax replacement credits that are received under this section do not reduce the total county tax levy that is used to compute the ~~state~~ property tax replacement credit under ~~IC 6-1.1-21~~. **IC 6-10-3.** For the purpose of computing and distributing certified distributions under IC 6-3.5-1.1 and tax revenue under IC 6-5.5 or IC 6-6-5, the property tax replacement credits that are received under this section shall be treated as though they were property taxes that were due and payable during that same calendar year.

SECTION 29. IC 6-3.5-7-25, AS AMENDED BY P.L.199-2005, SECTION 24, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 25. (a) This section applies only to a county that has adopted an ordinance under IC 6-1.1-12-41(f).

(b) For purposes of this section, "imposing entity" means the entity that adopted the ordinance under IC 6-1.1-12-41(f).

(c) The imposing entity may adopt an ordinance to provide for the use of the certified distribution described in section 16(c) of this chapter for the purpose provided in subsection (e). A county income tax council that adopts an ordinance under this subsection shall use the procedures set forth in IC 6-3.5-6 concerning the adoption of an ordinance for the imposition of the county option income tax. Except as provided in subsection (j), an ordinance must be adopted under this subsection after January 1 but before June 1 of a calendar year. The ordinance may provide for an additional rate under section 5(p) of this chapter. An ordinance adopted under this subsection:

- (1) first applies to the certified distribution described in section 16(c) of this chapter made in the calendar year that immediately succeeds the calendar year in which the ordinance is adopted;
- (2) must specify the calendar years to which the ordinance applies; and
- (3) must specify that the certified distribution must be used to provide for:

- (A) uniformly applied increased homestead credits as provided in subsection (f); or
- (B) allocated increased homestead credits as provided in subsection (h).

An ordinance adopted under this subsection may be combined with an ordinance adopted under section 26 of this chapter.

(d) If an ordinance is adopted under subsection (c), the percentage of the certified distribution specified in the ordinance for use for the purpose provided in subsection (e) shall be:

- (1) retained by the county auditor under subsection (i); and
- (2) used for the purpose provided in subsection (e) instead of the purposes specified in the capital improvement plans adopted under section 15 of this chapter.

(e) If an ordinance is adopted under subsection (c), the imposing entity shall use the certified distribution described in section 16(c) of this chapter to increase the homestead credit allowed in the county under ~~IC 6-1.1-20-9~~ **IC 6-10-4** for a year to offset the effect on homesteads in the county resulting from a county deduction for inventory under IC 6-1.1-12-41.

(f) If the imposing entity specifies the application of uniform increased homestead credits under subsection (c)(3)(A), the county auditor shall, for each calendar year in which an increased homestead credit percentage is authorized under this section, determine:

- (1) the amount of the certified distribution that is available to provide an increased homestead credit percentage for the year;
- (2) the amount of uniformly applied homestead credits for the year in the county that equals the amount determined under subdivision (1); and
- (3) the increased percentage of homestead credit that equates to the amount of homestead credits determined under subdivision (2).

(g) The increased percentage of homestead credit determined by the county auditor under subsection (f) applies uniformly in the county in the calendar year for which the increased percentage is determined.

(h) If the imposing entity specifies the application of allocated increased homestead credits under subsection (c)(3)(B), the county auditor shall, for each calendar year in which an increased homestead credit is authorized under this section, determine:

- (1) the amount of the certified distribution that is available to provide an increased homestead credit for the year; and
- (2) an increased percentage of homestead credit for each taxing district in the county that allocates to the taxing district an amount of increased homestead credits that bears the same proportion to the amount determined under subdivision (1) that the amount of inventory assessed value deducted under IC 6-1.1-12-41 in the taxing district for the immediately preceding year's assessment date bears to the total inventory assessed value deducted under IC 6-1.1-12-41 in the county for

the immediately preceding year's assessment date.

(i) The county auditor shall retain from the payments of the county's certified distribution an amount equal to the revenue lost, if any, due to the increase of the homestead credit within the county. The money shall be distributed to the civil taxing units and school corporations of the county:

- (1) as if the money were from property tax collections; and
- (2) in such a manner that no civil taxing unit or school corporation will suffer a net revenue loss because of the allowance of an increased homestead credit.

(j) An entity authorized to adopt:

- (1) an ordinance under subsection (c); and
- (2) an ordinance under IC 6-1.1-12-41(f);

may consolidate the two (2) ordinances. The limitation under subsection (c) that an ordinance must be adopted after January 1 of a calendar year does not apply if a consolidated ordinance is adopted under this subsection. However, notwithstanding subsection (c)(1), the ordinance must state that it first applies to certified distributions in the calendar year in which property taxes are initially affected by the deduction under IC 6-1.1-12-41.

SECTION 30. IC 6-3.5-7-26, AS AMENDED BY P.L.199-2005, SECTION 26, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 26. (a) This section applies only to homestead credits for property taxes first due and payable after calendar year 2006.

(b) For purposes of this section, "adopting entity" means:

- (1) the entity that adopts an ordinance under IC 6-1.1-12-41(f); or
- (2) any other entity that may impose a county economic development income tax under section 5 of this chapter.

(c) An adopting entity may adopt an ordinance to provide for the use of the certified distribution described in section 16(c) of this chapter for the purpose provided in subsection (e). An adopting entity that adopts an ordinance under this subsection shall use the procedures set forth in IC 6-3.5-6 concerning the adoption of an ordinance for the imposition of the county option income tax. An ordinance must be adopted under this subsection after January 1 but before April 1 of a calendar year. The ordinance may provide for an additional rate under section 5(p) of this chapter. An ordinance adopted under this subsection:

- (1) first applies to the certified distribution described in section 16(c) of this chapter made in the later of the calendar year that immediately succeeds the calendar year in which the ordinance is adopted or calendar year 2007; and
- (2) must specify that the certified distribution must be used to provide for:

- (A) uniformly applied increased homestead credits as provided in subsection (f); or
- (B) allocated increased homestead credits as provided in subsection (h).

An ordinance adopted under this subsection may be combined with an ordinance adopted under section 25 of this chapter.

(d) If an ordinance is adopted under subsection (c), the percentage of the certified distribution specified in the ordinance for use for the purpose provided in subsection (e) shall be:

- (1) retained by the county auditor under subsection (i); and
- (2) used for the purpose provided in subsection (e) instead of the purposes specified in the capital improvement plans adopted under section 15 of this chapter.

(e) If an ordinance is adopted under subsection (c), the adopting entity shall use the certified distribution described in section 16(c) of this chapter to increase the homestead credit allowed in the county under ~~IC 6-1.1-20-9~~ **IC 6-10-4** for a year to offset the effect on homesteads in the county resulting from the statewide deduction for inventory under IC 6-1.1-12-42.

(f) If the imposing entity specifies the application of uniform increased homestead credits under subsection (c)(2)(A), the county auditor shall, for each calendar year in which an increased homestead credit percentage is authorized under this section, determine:

- (1) the amount of the certified distribution that is available to provide an increased homestead credit percentage for the year;
- (2) the amount of uniformly applied homestead credits for the year in the county that equals the amount determined under

subdivision (1); and

(3) the increased percentage of homestead credit that equates to the amount of homestead credits determined under subdivision (2).

(g) The increased percentage of homestead credit determined by the county auditor under subsection (f) applies uniformly in the county in the calendar year for which the increased percentage is determined.

(h) If the imposing entity specifies the application of allocated increased homestead credits under subsection (c)(2)(B), the county auditor shall, for each calendar year in which an increased homestead credit is authorized under this section, determine:

(1) the amount of the certified distribution that is available to provide an increased homestead credit for the year; and

(2) except as provided in subsection (j), an increased percentage of homestead credit for each taxing district in the county that allocates to the taxing district an amount of increased homestead credits that bears the same proportion to the amount determined under subdivision (1) that the amount of inventory assessed value deducted under IC 6-1.1-12-42 in the taxing district for the immediately preceding year's assessment date bears to the total inventory assessed value deducted under IC 6-1.1-12-42 in the county for the immediately preceding year's assessment date.

(i) The county auditor shall retain from the payments of the county's certified distribution an amount equal to the revenue lost, if any, due to the increase of the homestead credit within the county. The money shall be distributed to the civil taxing units and school corporations of the county:

(1) as if the money were from property tax collections; and

(2) in such a manner that no civil taxing unit or school corporation will suffer a net revenue loss because of the allowance of an increased homestead credit.

(j) Subject to the approval of the imposing entity, the county auditor may adjust the increased percentage of homestead credit determined under subsection (h)(2) if the county auditor determines that the adjustment is necessary to achieve an equitable reduction of property taxes among the homesteads in the county."

"SECTION 31. IC 6-3.5-8-20 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 20. (a) The department of local government finance shall each year reduce the general fund property tax levy of a municipality receiving a distribution under this chapter in that year. The municipality's general fund property tax levy shall be reduced by the amount of the distribution received or to be received by the municipality during the year. The department of local government finance shall certify to the auditor of the qualifying county the property tax rate applicable to the municipality's general fund after the property tax reduction under this section.

(b) A municipality shall treat a distribution that the municipality receives or is to receive during a particular calendar year as a part of the municipality's property tax levy for the general fund for that same calendar year for purposes of fixing the municipality's budget and for purposes of the property tax levy limits imposed by IC 6-1.1-18.5. However, the distributions shall not reduce the total county tax levy that is used to compute the state property tax replacement credit under

~~IC 6-1.1-21~~ IC 6-10-3. In addition, for purposes of computing and distributing any excise taxes or income taxes in which the distribution is based on property taxes, the distributions shall be treated as though they were property taxes that were due and payable during that same calendar year.

(c) A municipality may use distributions received under this chapter for any purpose for which the municipality may use property tax revenues.

SECTION 32. IC 6-5.5-8-2 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 2. (a) On or before February 1, May 1, August 1, and December 1 of each year the auditor of state shall transfer to each county auditor for distribution to the taxing units (as defined in IC 6-1.1-1-21) in the county, an amount equal to one-fourth (1/4) of the sum of the guaranteed amounts for all the taxing units of the county. On or before August 1 of each year the auditor of state shall transfer to each county auditor the supplemental distribution for the county for the year.

(b) For purposes of determining distributions under subsection (c), the department of local government finance shall determine a state welfare allocation for each county calculated as follows:

(1) For 2000 and each year thereafter, the state welfare allocation for each county equals the greater of zero (0) or the amount determined under the following formula:

STEP ONE: For 1997, 1998, and 1999, determine the result of:

(A) the amounts appropriated by the county in the year for the county's county welfare fund and county welfare administration fund; divided by

(B) the amounts appropriated by all the taxing units in the county in the year.

STEP TWO: Determine the sum of the results determined in STEP ONE.

STEP THREE: Divide the STEP TWO result by three (3).

STEP FOUR: Determine the amount that would otherwise be distributed to all the taxing units in the county under subsection (b) without regard to this subdivision.

STEP FIVE: Determine the result of:

(A) the STEP FOUR amount; multiplied by

(B) the STEP THREE result.

(2) The state welfare allocation shall be deducted from the distributions otherwise payable under subsection (c) to the taxing unit that is a county and shall be deposited in a special account within the state general fund.

(c) Except as provided in subsection (h), a taxing unit's guaranteed distribution for a year is the greater of zero (0) or an amount equal to:

(1) the amount received by the taxing unit under IC 6-5-10 (repealed) and IC 6-5-11 (repealed) in 1989; minus

(2) the amount to be received by the taxing unit in the year of the distribution, as determined by the department of local government finance, from property taxes attributable to the personal property of banks, exclusive of the property taxes attributable to personal property leased by banks as the lessor where the possession of the personal property is transferred to the lessee; minus

(3) in the case of a taxing unit that is a county, the amount that would have been received by the taxing unit in the year of the distribution, as determined by the department of local government finance from property taxes that:

(A) were calculated for the county's county welfare fund and county welfare administration fund for 2000 but were not imposed because of the repeal of IC 12-19-3 and IC 12-19-4; and

(B) would have been attributable to the personal property of banks, exclusive of the property taxes attributable to personal property leased by banks as the lessor where the possession of the personal property is transferred to the lessee.

(d) The amount of the supplemental distribution for a county for a year shall be determined using the following formula:

STEP ONE: Determine the greater of zero (0) or the difference between:

(A) one-half (1/2) of the taxes that the department estimates will be paid under this article during the year; minus

(B) the sum of all the guaranteed distributions, before the subtraction of all state welfare allocations under subsection (a), for all taxing units in all counties plus the bank personal property taxes to be received by all taxing units in all counties, as determined under subsection (c)(2) for the year.

STEP TWO: Determine the quotient of:

(A) the amount received under IC 6-5-10 (repealed) and IC 6-5-11 (repealed) in 1989 by all taxing units in the county; divided by

(B) the sum of the amounts received under IC 6-5-10 (repealed) and IC 6-5-11 (repealed) in 1989 by all taxing units in all counties.

STEP THREE: Determine the product of:

(A) the amount determined in STEP ONE; multiplied by

(B) the amount determined in STEP TWO.

STEP FOUR: Determine the greater of zero (0) or the difference between:

(A) the amount of supplemental distribution determined in STEP THREE for the county; minus

(B) the amount of refunds granted under IC 6-5-10-7 (repealed) that have yet to be reimbursed to the state by the county treasurer under IC 6-5-10-13 (repealed).

For the supplemental distribution made on or before August 1 of each year, the department shall adjust the amount of each county's supplemental distribution to reflect the actual taxes paid under this article for the preceding year.

(e) Except as provided in ~~subsection~~ **subsections (g) and (h)**, the amount of the supplemental distribution for each taxing unit shall be determined using the following formula:

STEP ONE: Determine the quotient of:

(A) the amount received by the taxing unit under IC 6-5-10 (repealed) and IC 6-5-11 (repealed) in 1989; divided by

(B) the sum of the amounts used in STEP ONE (A) for all taxing units located in the county.

STEP TWO: Determine the product of:

(A) the amount determined in STEP ONE; multiplied by

(B) the supplemental distribution for the county, as determined in subsection (d), STEP FOUR.

(f) The county auditor shall distribute the guaranteed and supplemental distributions received under subsection (a) to the taxing units in the county at the same time that the county auditor makes the semiannual distribution of real property taxes to the taxing units.

(g) The amount of a supplemental distribution paid to a taxing unit that is a county shall be reduced by an amount equal to:

(1) the amount the county would receive under subsection (e) without regard to this subsection; minus

(2) an amount equal to:

(A) the amount under subdivision (1); multiplied by

(B) the result of the following:

(i) Determine the amounts appropriated by the county in 1997, 1998, and 1999, from the county's county welfare fund and county welfare administration fund, divided by the total amounts appropriated by all the taxing units in the county in the year.

(ii) Divide the amount determined in item (i) by three (3).

(h) The amount of any distribution under this section paid to a taxing unit that is a county shall be reduced by an amount, as determined by the department of local government finance for each county, equal to the result determined under STEP SIX of the following formula:

STEP ONE: For 2004, 2005, and 2006, determine the result of:

(A) the amounts appropriated by the county in the year for the personnel and other operating expenses of the circuit, superior, probate, and county courts in the county that after 2006 will be paid by the state under IC 33-23-14-6; divided by

(B) the amounts appropriated by all the taxing units in the county for the year.

STEP TWO: Determine the sum of the results determined under STEP ONE.

STEP THREE: Divide the STEP TWO result by three (3).

STEP FOUR: Determine the amount of the financial

institutions tax that would otherwise be distributed to taxing units in the county under this section.

STEP FIVE: Determine the result of:

(A) the STEP FOUR amount; multiplied by

(B) the STEP THREE result.

STEP SIX: Determine the greater of:

(A) zero (0); or

(B) the STEP FIVE amount.

The amount deducted under this subsection shall be deposited in the state general fund.

SECTION 33. IC 6-6-5-10 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 10. (a) The bureau shall establish procedures necessary for the collection of the tax imposed by this chapter and for the proper accounting for the same. The necessary forms and records shall be subject to approval by the state board of accounts.

(b) The county treasurer, upon receiving the excise tax collections, shall receipt such collections into a separate account for settlement thereof at the same time as property taxes are accounted for and settled in June and December of each year, with the right and duty of the treasurer and auditor to make advances prior to the time of final settlement of such property taxes in the same manner as provided in IC 5-13-6-3.

(c) **Except as provided in subsection (f)**, the county auditor shall determine the total amount of excise taxes collected for each taxing unit in the county and the amount so collected (and the distributions received under section 9.5 of this chapter) shall be apportioned and distributed among the respective funds of each taxing unit in the same manner and at the same time as property taxes are apportioned and distributed. However, for purposes of determining distributions under this section for 2000 and each year thereafter, the state welfare allocation for each county equals the greater of zero (0) or the amount determined under STEP FIVE of the following STEPS:

STEP ONE: For 1997, 1998, and 1999, determine the result of:

(i) the amounts appropriated by the county in the year from the county's county welfare fund and county welfare administration fund; divided by

(ii) the total amounts appropriated by all the taxing units in the county in the year.

STEP TWO: Determine the sum of the results determined in STEP ONE.

STEP THREE: Divide the STEP TWO result by three (3).

STEP FOUR: Determine the amount that would otherwise be distributed to all the taxing units in the county under this subsection without regard to this subdivision.

STEP FIVE: Determine the result of:

(i) the STEP FOUR amount; multiplied by

(ii) the STEP THREE result.

The state welfare allocation shall be deducted from the total amount available for apportionment and distribution to taxing units under this section before any apportionment and distribution is made. The county auditor shall remit the state welfare allocation to the treasurer of state for deposit in a special account within the state general fund.

(d) Such determination shall be made from copies of vehicle registration forms furnished by the bureau of motor vehicles. Prior to such determination, the county assessor of each county shall, from copies of registration forms, cause information pertaining to legal residence of persons owning taxable vehicles to be verified from the assessor's records, to the extent such verification can be so made. The assessor shall further identify and verify from the assessor's records the several taxing units within which such persons reside.

(e) Such verifications shall be done by not later than thirty (30) days after receipt of vehicle registration forms by the county assessor, and the assessor shall certify such information to the county auditor for the auditor's use as soon as it is checked and completed.

(f) The amount of any distribution under this section paid to a taxing unit that is a county shall be reduced by an amount, as determined by the department of local government finance for each county, equal to the result determined under STEP SIX of the following formula:

STEP ONE: For 2004, 2005, and 2006, determine the result of:

(A) the amounts appropriated by the county in the year

for the personnel and other operating expenses of the circuit, superior, probate, and county courts in the county that after 2006 will be paid by the state under IC 33-23-14-6; divided by

(B) the amounts appropriated by all the taxing units in the county for the year.

STEP TWO: Determine the sum of the results determined under STEP ONE.

STEP THREE: Divide the STEP TWO result by three (3).

STEP FOUR: Determine the amount of the motor vehicle excise tax that would otherwise be distributed to taxing units in the county under this section.

STEP FIVE: Determine the result of:

(A) the STEP FOUR amount; multiplied by

(B) the STEP THREE result.

STEP SIX: Determine the greater of:

(A) zero (0); or

(B) the STEP FIVE amount.

The amount deducted under this subsection shall be deposited in the state general fund.

SECTION 34. IC 6-6-5.5-20 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 20. (a) **Except as provided in subsection (f)**, on or before May 1, the auditor of state shall distribute to each county auditor an amount equal to fifty percent (50%) of the total base revenue to be distributed to all taxing units in the county for that year.

(b) On or before December 1, the auditor of state shall distribute to each county auditor an amount equal to the greater of the following:

(1) Fifty percent (50%) of the total base revenue to be distributed to all taxing units in the county for that year.

(2) The product of the county's distribution percentage multiplied by the total commercial vehicle excise tax revenue deposited in the commercial vehicle excise tax fund.

(c) Upon receipt, the county auditor shall distribute to the taxing units an amount equal to the product of the taxing unit's distribution percentage multiplied by the total distributed to the county under this section. The amount determined shall be apportioned and distributed among the respective funds of each taxing unit in the same manner and at the same time as property taxes are apportioned and distributed.

(d) In the event that sufficient funds are not available in the commercial vehicle excise tax fund for the distributions required by subsection (a) and subsection (b)(1), the auditor of state shall transfer funds from the commercial vehicle excise tax reserve fund.

(e) The auditor of state shall, not later than July 1 of each year, furnish to each county auditor an estimate of the amounts to be distributed to the counties under this section during the next calendar year. Before August 1, each county auditor shall furnish to the proper officer of each taxing unit of the county an estimate of the amounts to be distributed to the taxing units under this section during the next calendar year and the budget of each taxing unit shall show the estimated amounts to be received for each fund for which a property tax is proposed to be levied.

(f) **The amount of any distribution under this section paid to a taxing unit that is a county shall be reduced by an amount, as determined by the department of local government finance for each county, equal to the result determined under STEP SIX of the following formula:**

STEP ONE: For 2004, 2005, and 2006, determine the result of:

(A) the amounts appropriated by the county in the year for the personnel and other operating expenses of the circuit, superior, probate, and county courts in the county that after 2006 will be paid by the state under IC 33-23-14-6; divided by

(B) the amounts appropriated by all the taxing units in the county for the year.

STEP TWO: Determine the sum of the results determined under STEP ONE.

STEP THREE: Divide the STEP TWO result by three (3).

STEP FOUR: Determine the amount of the commercial vehicle excise tax that would otherwise be distributed to

taxing units in the county under this section.

STEP FIVE: Determine the result of:

(A) the STEP FOUR amount; multiplied by

(B) the STEP THREE result.

STEP SIX: Determine the greater of:

(A) zero (0); or

(B) the STEP FIVE amount.

The amount deducted under this subsection shall be deposited in the state general fund.

SECTION 35. IC 6-6-6.5-21 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 21. (a) The department shall allocate each aircraft excise tax payment collected by it to the county in which the aircraft is usually located when not in operation or to the aircraft owner's county of residence if based out of state. **Except as provided in subsection (f)**, the department shall distribute to each county treasurer on a quarterly basis the aircraft excise taxes which were collected by the department during the preceding three (3) months and which the department has allocated to that county. The distribution shall be made on or before the fifteenth of the month following each quarter and the first distribution each year shall be made in April.

(b) Concurrently with making a distribution of aircraft excise taxes, the department shall send an aircraft excise tax report to the county treasurer and the county auditor. The department shall prepare the report on the form prescribed by the state board of accounts. The aircraft excise tax report must include aircraft identification, owner information, and excise tax payment, and must indicate the county where the aircraft is normally kept when not in operation. The department shall, in the manner prescribed by the state board of accounts, maintain records concerning the aircraft excise taxes received and distributed by it.

(c) Except as provided in section 21.5 of this chapter, each county treasurer shall deposit money received by him under this chapter in a separate fund to be known as the "aircraft excise tax fund". The money in the aircraft excise tax fund shall be distributed to the taxing units of the county in the manner prescribed in subsection (d).

(d) In order to distribute the money in the county aircraft excise tax fund to the taxing units of the county, the county auditor shall first allocate the money in the fund among the taxing districts of the county. In making these allocations, the county auditor shall allocate to a taxing district the excise taxes collected with respect to aircraft usually located in the taxing district when not in operation. The money allocated to a taxing district shall be apportioned and distributed among the taxing units of that taxing district in the same manner and at the same time that the property taxes are apportioned and distributed.

(e) Within thirty (30) days following the receipt of excise taxes from the department, the county treasurer shall file a report with the county auditor concerning the aircraft excise taxes collected by the county treasurer. The county treasurer shall file the report on the form prescribed by the state board of accounts. The county treasurer shall, in the manner and at the times prescribed in IC 6-1.1-27, make a settlement with the county auditor for the aircraft excise taxes collected by the county treasurer. The county treasurer shall, in the manner prescribed by the state board of accounts, maintain records concerning the aircraft excise taxes received and distributed by him.

(f) **The amount of any distribution under this section paid to a taxing unit that is a county shall be reduced by an amount, as determined by the department of local government finance for each county, equal to the result determined under STEP SIX of the following formula:**

STEP ONE: For 2004, 2005, and 2006, determine the result of:

(A) the amounts appropriated by the county in the year for the personnel and other operating expenses of the circuit, superior, probate, and county courts in the county that after 2006 will be paid by the state under IC 33-23-14-6; divided by

(B) the amounts appropriated by all the taxing units in the county for the year.

STEP TWO: Determine the sum of the results determined under STEP ONE.

STEP THREE: Divide the STEP TWO result by three (3).

STEP FOUR: Determine the amount of the aircraft excise tax that would otherwise be distributed to taxing units in the county under this section.

STEP FIVE: Determine the result of:

(A) the STEP FOUR amount; multiplied by

(B) the STEP THREE result.

STEP SIX: Determine the greater of:

(A) zero (0); or

(B) the STEP FIVE amount.

The amount deducted under this subsection shall be deposited in the state general fund.

SECTION 36. IC 6-6-9-11 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 11. (a) All revenues collected from the auto rental excise tax shall be deposited in a special account of the state general fund called the auto rental excise tax account.

(b) On or before May 20 and November 20 of each year, all amounts held in the auto rental excise tax account shall be distributed to the county treasurers of Indiana.

(c) **Except as provided in subsection (h),** the amount to be distributed to a county treasurer equals that part of the total auto rental excise taxes being distributed that were initially imposed and collected from within that treasurer's county. The department shall notify each county auditor of the amount of taxes to be distributed to the county treasurer. At the same time each distribution is made to a county treasurer, the department shall certify to the county auditor each taxing district within the county where auto rental excise taxes were collected and the amount of the county distribution that was collected with respect to each taxing district.

(d) The county treasurer shall deposit auto rental excise tax collections into a separate account for settlement at the same time as property taxes are accounted for and settled in June and December of each year.

(e) The county auditor shall apportion and the county treasurer shall distribute the auto rental excise taxes among the taxing units of the county in the same manner that property taxes are apportioned and distributed with respect to property located in the taxing district where the auto rental excise tax was initially imposed and collected. The auto rental excise taxes distributed to a taxing unit shall be allocated among the taxing unit's funds in the same proportions that the taxing unit's property tax collections are allocated among those funds.

(B) the amounts appropriated by all the taxing units in the county for the year.

STEP TWO: Determine the sum of the results determined under STEP ONE.

STEP THREE: Divide the STEP TWO result by three (3).

STEP FOUR: Determine the amount of the auto rental excise tax that would otherwise be distributed to taxing units in the county under this section.

STEP FIVE: Determine the result of:

(A) the STEP FOUR amount; multiplied by

(B) the STEP THREE result.

STEP SIX: Determine the greater of:

(A) zero (0); or

(B) the STEP FIVE amount.

The amount deducted under this subsection shall be deposited in the state general fund.

The county auditor shall allocate the money in the fund among the taxing units of the county based on the tax situs of each boat. The money allocated to the taxing units shall be apportioned and distributed among the funds of the taxing units in the same manner and at the same time that property taxes are apportioned and distributed.

(c) The amount of any distribution under this section paid to a taxing unit that is a county shall be reduced by an amount, as determined by the department of local government finance for each county, equal to the result determined under STEP SIX of the following formula:

STEP ONE: For 2004, 2005, and 2006, determine the result of:

(A) the amounts appropriated by the county in the year for the personnel and other operating expenses of the circuit, superior, probate, and county courts in the county that after 2006 will be paid by the state under IC 33-23-14-6; divided by

(B) the amounts appropriated by all the taxing units in the county for the year.

STEP TWO: Determine the sum of the results determined under STEP ONE.

STEP THREE: Divide the STEP TWO result by three (3).

STEP FOUR: Determine the amount of the boat excise tax that would otherwise be distributed to taxing units in the county under this section.

STEP FIVE: Determine the result of:

(A) the STEP FOUR amount; multiplied by

(B) the STEP THREE result.

STEP SIX: Determine the greater of:

(A) zero (0); or

(B) the STEP FIVE amount.

The amount deducted under this subsection shall be deposited in the state general fund.

- (1) the taxpayer's property tax as evidenced by the tax duplicate for the taxes payable in that year; plus
- (2) the amount by which the property tax payable by the taxpayer had been reduced due to the application of county adjusted gross income tax revenues to the extent the county adjusted gross income tax revenues were included in the determination of the total county tax levy for that year;

as adjusted for any change in assessed valuation that may have been made pursuant to a post-abstract adjustment if the change is set forth on the tax statement or on a corrected tax statement stating the taxpayer's tax liability, as prepared by the county treasurer in accordance with IC 6-1.1-22-8(a).

Sec. 6. A property taxpayer's property tax replacement credit amount is the amount determined under STEP SEVEN of the following formula:

STEP ONE: Determine the county's certified property tax replacement distribution for the year.

STEP TWO: Determine the county's "eligible property tax replacement amount" for the year.

STEP THREE: Determine the result of:

- (A) the STEP ONE amount; divided by
- (B) the STEP TWO amount;

rounded to the nearest ten thousandth (0.0001).

STEP FOUR: Determine the result of:

- (A) sixty percent (60%) of a taxpayer's tax liability in a calendar year for property taxes imposed by a school corporation for its general fund for a stated assessment year; multiplied by
- (B) the STEP THREE result.

STEP FIVE: Determine the result of:

- (A) twenty percent (20%) of a taxpayer's tax liability for a stated assessment year for a total county tax levy (less sixty percent (60%) of the levy for the general fund of a school corporation that is part of the total county tax levy) on real property; multiplied by
- (B) the STEP THREE result.

STEP SIX: Determine the result of:

- (A) twenty percent (20%) of a taxpayer's tax liability for a stated assessment year for a total county tax levy (less sixty percent (60%) of the levy for the general fund of a school corporation that is part of the total county tax levy) on tangible personal property other than business personal property; multiplied by
- (B) the STEP THREE result.

STEP SEVEN: Determine the sum of:

- (A) the STEP FOUR result;
- (B) the STEP FIVE result; and
- (C) the STEP SIX result.

Chapter 4. Homestead Credit

Sec. 1. Except as otherwise provided in section 7 of this chapter, an individual who on March 1 of a particular year either:

- (1) owns the individual's homestead;
- (2) is buying the individual's homestead under a contract that:
 - (A) provides the individual is to pay the property taxes on the homestead; and
 - (B) is recorded in the office of the county recorder where the homestead is located; or
- (3) has a beneficial interest in the individual's homestead, as determined under section 4 of this chapter;

is entitled each year to a credit against the individual's property tax liability that the individual pays on the individual's homestead. However, only one (1) individual may receive a credit under this chapter for a particular homestead in a particular year.

Sec. 2. (a) The amount of the credit to which an individual is entitled to under this chapter equals the product of:

- (1) the uniform homestead credit percentage determined under section 3 of this chapter; multiplied by
- (2) the amount of the individual's property tax liability which is:
 - (A) attributable to the homestead during the particular calendar year; and
 - (B) determined after the application of the property tax replacement credit under IC 6-10-3.

(b) For purposes of determining that part of an individual's property tax liability that is attributable to the individual's homestead, all deductions from assessed valuation which the individual claims under IC 6-1.1-12 or IC 6-1.1-12.1 for property on which the individual's homestead is located must be applied first against the assessed value of the individual's homestead before those deductions are applied against any other property.

Sec. 3. (a) The department of local government finance shall annually calculate for each county the county's uniform homestead credit percentage. A county's uniform homestead credit percentage is the percentage determined in STEP FOUR of the following formula:

STEP ONE: Determine the amount of the certified homestead distribution for the county in the current calendar year.

STEP TWO: Determine the total amount of the property tax liability first due and payable in the calendar year which is:

- (1) attributable to each homestead located in the county during the particular calendar year; and
- (2) determined after the application of the property tax replacement credit under IC 6-10-3.

STEP THREE: Determine the quotient of:

- (1) the STEP ONE amount; divided by
- (2) the STEP TWO amount.

STEP FOUR: Express the STEP THREE quotient as a percentage rounded to the nearest one hundredth percent (0.01%).

(b) The uniform county homestead percentage determined under this section must be used to calculate the amount of the homestead credit allowed to each individual that is entitled to a homestead credit under section 1 of this chapter.

Sec. 4. (a) Before October 1 of each year, the assessor shall furnish to the county auditor the amount of the assessed

valuation of each homestead for which a homestead credit has been properly filed under this chapter.

(b) The county auditor shall apply the credit equally to each installment of taxes that the individual pays for the property.

(c) Notwithstanding the provisions of this chapter, a taxpayer other than an individual is entitled to the credit provided by this chapter if:

- (1) an individual uses the residence as the individual's principal place of residence;
- (2) the residence is located in Indiana;
- (3) the individual has a beneficial interest in the taxpayer;
- (4) the taxpayer either owns the residence or is buying it under a contract, recorded in the county recorder's office, that provides that the individual is to pay the property taxes on the residence; and
- (5) the residence consists of a single-family dwelling and the real estate, not exceeding one (1) acre, that immediately surrounds that dwelling.

Sec. 5. (a) Subject to this section, an individual who desires to claim the credit provided by section 1 of this chapter must file a certified statement in duplicate, on forms prescribed by the department of local government finance, with the auditor of the county in which the homestead is located. The statement shall include the parcel number or key number of the real estate and the name of the city, town, or township in which the real estate is located. With respect to real property, the statement must be filed during the twelve (12) months before May 11 of the year prior to the first year for which the person wishes to obtain the credit for the homestead. With respect to a mobile home that is not assessed as real property or a manufactured home that is not assessed as real property, the statement must be filed during the twelve (12) months before March 2 of the first year for which the individual wishes to obtain the credit. The statement may be filed in person or by mail. If mailed, the mailing must be postmarked on or before the last day for filing. The statement applies for that first year and any succeeding year for which the credit is allowed.

(b) The certified statement referred to in subsection (a) shall contain the name of any other county and township in which the individual owns or is buying real property.

(c) If an individual who is receiving the credit provided by this chapter changes the use of the individual's real property, so that part or all of that real property no longer qualifies for the homestead credit provided by this chapter, the individual must file a certified statement with the auditor of the county, notifying the auditor of the change of use within sixty (60) days after the date of that change. An individual who changes the use of the individual's real property and fails to file the statement required by this subsection is liable for the amount of the credit the individual was allowed under this chapter for that real property.

(d) An individual who receives the credit provided by section 1 of this chapter for property that is jointly held with another owner in a particular year and remains eligible for the credit in the following year is not required to file a statement to reapply for the credit following the removal of the joint owner if:

- (1) the individual is the sole owner of the property following the death of the individual's spouse;
- (2) the individual is the sole owner of the property following the death of a joint owner who was not the individual's spouse; or
- (3) the individual is awarded sole ownership of property in a divorce decree.

(e) An individual or other taxpayer who filed for a homestead credit under IC 6-1.1-20.9 (repealed) and would have been entitled to a homestead credit against tax liability first due and payable in 2007, if IC 6-1.1-20.9 had not been repealed, shall be treated as if the individual or other taxpayer had filed for a homestead credit for the homestead under this section.

Sec. 6. (a) The auditor of a county (referred to in this section as the "first county") with whom a credit statement is filed under section 5 of this chapter shall immediately prepare and transmit a copy of the statement to the auditor of any other county (referred to in this section as the "second county") if the individual who claims the credit owns or is buying real property located in the second county.

(b) The county auditor of the second county shall note on the copy of the statement whether or not the individual has claimed a credit for the current year under section 1 of this chapter for a homestead located in the second county. The auditor shall then return the copy to the auditor of the first county.

Sec. 7. (a) Each year, the county auditor shall place the original copies of all credit statements filed under section 5 of this chapter in alphabetical order by townships. The county auditor shall, without regard to townships, place the duplicate copies for the entire county in alphabetical order.

(b) The auditor shall ascertain from the alphabetical files whether or not more than one (1) statement has been filed by the same individual.

(c) The county auditor may not grant an individual a credit under section 1 of this chapter if:

- (1) the individual, for the same year, claims the credit on two (2) or more different statements; and
- (2) the statements claim the credit for different property.

Sec. 8. Before April 1 of each year prior to the year in which the credit is allowed, the auditor of each county shall certify to the department of local government finance the amount of the assessed valuation that qualifies for the homestead credit. Before February 1 of each year, the auditor of each county shall certify to the department of local government finance the amount of homestead credits allowed in that county for that calendar year.

Chapter 5. Imposition of Tax

Sec. 1. Except as provided by this chapter, a supplemental local property tax replacement income tax is imposed on the adjusted gross income of supplemental income taxpayers in a county.

Sec. 2. The supplemental local property tax replacement income tax is imposed at the rate of one and three hundredths percent (1.03%).

Sec. 3. (a) For purposes of this chapter, an individual shall be treated as a resident income taxpayer of the county in which the individual:

- (1) maintains a home, if the individual maintains only one (1) home in Indiana;
- (2) if subdivision (1) does not apply, is registered to vote;
- (3) if subdivision (1) or (2) does not apply, registers the individual's personal automobile; or
- (4) if subdivision (1), (2), or (3) does not apply, spends the majority of the individual's time spent in Indiana during the taxable year in question.

(b) The residence or principal place of business or employment of an individual is to be determined on the income tax determination date for the individual's taxable year. If an individual changes the location of the individual's residence or principal place of employment or business to another county in Indiana during the individual's taxable year, the individual's liability for supplemental income tax is not affected.

Sec. 4. (a) The department of state revenue may enter into reciprocity agreements with the taxing authority of a city, town, municipality, county, or other similar local governmental entity of any other state. A reciprocity agreement must provide that the income of nonresident income taxpayers who reside in the other local governmental entity is exempt from the supplemental income tax in the Indiana county entering into the agreement to the extent that the income of Indiana resident income taxpayers is exempt from income taxation by the other local governmental entity.

(b) A reciprocity agreement entered into under this section may not become effective until it is also made effective in the other local governmental entity that is a party to the agreement.

(c) A certified copy of the reciprocity agreement must be filed with the following:

- (1) The department of local government finance.
- (2) The budget agency.

(d) The form and effective date of any reciprocity agreement described in this section must be approved by the budget agency.

Sec. 5. (a) If for a taxable year a supplemental income taxpayer is (or a supplemental income taxpayer and a supplemental income taxpayer's spouse who file a joint return are) allowed a credit for the elderly or the disabled under Section 22 of the Internal Revenue Code, the supplemental income taxpayer is (or a

supplemental income taxpayer and a supplemental income taxpayer's spouse who file a joint return are) entitled to a credit against the supplemental income taxpayer's (or the supplemental income taxpayer's and the supplemental income taxpayer's spouse's) supplemental income tax liability under this chapter for that same taxable year. The amount of the credit equals the lesser of:

(1) the product of:

- (A) the supplemental income taxpayer's (or the supplemental income taxpayer's and the supplemental income taxpayer's spouse's) credit for the elderly or the totally disabled for that same taxable year; multiplied by
- (B) a fraction for which the numerator of the fraction is the supplemental income tax rate and the denominator is fifteen hundredths (0.15); or

(2) the amount of supplemental income tax imposed on the supplemental income taxpayer (or the supplemental income taxpayer and the supplemental income taxpayer's spouse).

(b) If a supplemental income taxpayer and the local taxpayer's spouse file a joint return and are subject to different supplemental income tax rates under this chapter for the same taxable year, they shall compute the credit under this section using the formula provided by subsection (a), except that they shall use the average of the two (2) supplemental income tax rates as the numerator referred to in subsection (a)(1)(B).

Sec. 6. Revenue from a supplemental local property tax replacement income tax under this chapter shall be collected, deposited, and used as provided in this article.

Chapter 6. Collection

Sec. 1. Except as otherwise provided in this article, all provisions of the adjusted gross income tax law (IC 6-3) concerning:

- (1) definitions;
- (2) declarations of estimated tax;
- (3) filing of returns;
- (4) remittances;
- (5) incorporation of the provisions of the Internal Revenue Code;
- (6) penalties and interest;
- (7) exclusion of military pay credits for withholding; and
- (8) exemptions and deductions;

apply to the imposition, collection, and administration of a supplemental income tax imposed by IC 6-10-6.

Sec. 2. The provisions of IC 6-3-1-3.5(a)(6), IC 6-3-3-3, IC 6-3-3-5, and IC 6-3-5-1 do not apply to the supplemental income tax imposed by IC 6-10-5.

Sec. 3. Each employer shall report to the department the amount of withholdings attributable to each county. This report shall be submitted in the manner and on the schedule determined by the department of state revenue. The department of state revenue may provide for the information to be reported:

- (1) annually along with the employer's annual withholding report; or
- (2) on a more frequent schedule with annual reconciliation of the amounts reported during the year.

Sec. 4. Each supplemental income taxpayer that is required to file estimated tax returns under IC 6-3-4-4.1 shall report to the department the amount of estimated supplemental income tax attributable to a county. The report shall be submitted in the manner and on the schedule determined by the department of state revenue. The department of state revenue may provide for the information to be reported:

- (1) annually along with the income taxpayer's annual return; or
- (2) on a more frequent schedule with annual reconciliation of the amounts reported during the year.

Sec. 5. The department of state revenue shall separately account for the supplemental income taxes collected from supplemental income taxpayers in each county and refunds made to supplemental income taxpayers in each county.

Chapter 7. Distribution

Sec. 1. Before August 2, 2006, and before August 2 in any subsequent year in a later adjustment in the amount distributed is made as a result of the resolution of refunds and other tax

appeals, the department of local government finance, after reviewing the recommendation of the budget agency, shall make the following certifications to the auditor of state for each county:

- (1) The total amount of the state distribution made under IC 6-1.1-21 (repealed), as adjusted in any subsequent settlement under IC 6-1.1-21-9 (repealed), to the county to replace revenue lost as a result of the granting of a property tax replacement credit to taxpayers in the county under IC 6-1.1-21-5 (repealed) for property taxes first due and payable for the March 1, 2004, and January 15, 2005, assessment dates.
- (2) The total amount of the state distribution made under IC 6-1.1-21 (repealed), as adjusted in any subsequent settlement under IC 6-1.1-21-9 (repealed), to the county to replace revenue lost as a result of the granting of a homestead credit to taxpayers in the county under IC 6-1.1-20.9-2 (repealed) for property taxes first due and payable for the March 1, 2004, and January 15, 2005, assessment dates.
- (3) The sum of the county's 2005 certified property tax replacement distribution and the county's 2005 certified homestead distribution.

Sec. 2. Each year beginning after December 31, 2006, the auditor of state shall make a certified property tax replacement distribution to the county treasurer of each county equal to the sum of the following:

- (1) The county's 2005 certified property tax replacement distribution.
- (2) The county's supplemental property tax replacement distribution for the year determined under section 10 of this chapter.

Sec. 3. Each year beginning after December 31, 2006, the auditor of state shall make a certified homestead distribution to the county treasurer of each county equal to the sum of the following:

- (1) The county's 2005 certified homestead distribution.
- (2) The county's supplemental homestead distribution for the year determined under section 11 of this chapter.

Sec. 4. The distribution required under section 2 of this chapter and the distribution required under section 3 of this chapter shall be made in twelve (12) equal installments.

Sec. 5. Before August 2, 2008, and August 2 in each year thereafter, the department of state revenue, after reviewing the recommendation of the budget agency, shall certify the amount determined under section 6 of this chapter for a particular county (as adjusted under section 7 of this chapter) to the following:

- (1) The auditor of state.
- (2) The department of local government.

The amount certified for a county under this section shall be treated as the county's certified actual supplemental income tax revenue for the ensuing year.

Sec. 6. Subject to section 7 of this chapter, the amount to be certified under section 5 of this chapter for an ensuing year equals the amount of supplemental income tax revenue that the department of state revenue, after reviewing the recommendation of the budget agency, determines has been:

- (1) received from that county for a taxable year ending before the calendar year in which the determination is made; and
- (2) reported on an annual return or amended return processed by the department of state revenue in the state fiscal year ending before July 1 of the calendar year in which the determination is made;

as adjusted (as determined after review of the recommendation of the budget agency) for refunds of supplemental income tax made in the state fiscal year.

Sec. 7. (a) The amount determined under section 6 of this chapter shall be adjusted as provided under this section.

(b) The department of state revenue, after reviewing the recommendation of the budget agency, shall adjust the certified amount for a county to an amount less than the amount determined under section 6 of this chapter if the department of state revenue, after reviewing the recommendation of the budget agency, determines that the reduced certified amount is necessary

to offset the effects of an overpayment to the county in a year before the year to which the certified amount applies. The department of state revenue, after reviewing the recommendation of the budget agency, may reduce the certified amount over several calendar years so that any overpayments are offset over several years rather than in one (1) lump sum.

(c) The department of state revenue, after reviewing the recommendation of the budget agency, shall adjust the certified amount for a county to correct for any clerical or mathematical errors made in any previous certification under this chapter. The department of state revenue, after reviewing the recommendation of the budget agency, may reduce the certified amount over several calendar years so that any adjustment under this subsection is offset over several years rather than in one (1) lump sum.

Sec. 8. Before December 2, 2008, and December 2 in each subsequent year, the department of local government finance, after reviewing the recommendation of the budget agency, shall certify the following to the auditor of state and the fiscal officer of each county:

(1) The total amount of supplemental income taxes imposed on supplemental income taxpayers in each county that are available to increase the certified property tax replacement distributions and certified homestead distributions to the county for an ensuing year.

(2) Each county's supplemental property tax replacement distribution for the ensuing year.

(3) Each county's supplemental homestead distribution for the ensuing year.

Sec. 9. The total amount of supplemental income taxes available to increase the certified property tax replacement distributions and certified homestead distributions for an ensuing year in a county is the greater of zero (0) or the result determined under STEP SIX of the following formula:

STEP ONE: Determine for all counties the sum of the certified actual supplemental income tax revenue determined for each county for the ensuing year.

STEP TWO: Determine for all counties the sum of the 2005 certified total property tax relief distribution to each county.

STEP THREE: Determine the greater of zero (0) or the result of:

(A) the STEP ONE result; minus

(B) the STEP TWO result.

STEP FOUR: Determine the greater of zero (0) or the result of:

(A) the county's certified actual supplemental income tax revenue for the ensuing year; minus

(B) the county's 2005 total property tax relief distribution.

STEP FIVE: Determine the sum of the STEP FOUR amounts for all counties.

STEP SIX: Determine the result of:

(A) the county's STEP FOUR amount; divided by

(B) the STEP FIVE result;

rounded to the nearest dollar (\$1).

Sec. 10. A county's supplemental property tax replacement distribution for the ensuing year is equal to the total amount of supplemental income taxes available to increase the certified property tax replacement distributions and certified homestead distributions for an ensuing year in the county multiplied by a fraction. The numerator of the fraction is the county's 2005 certified property tax replacement distribution. The denominator is the county's 2005 certified total property tax relief distribution.

Sec. 11. A county's supplemental homestead distribution for the ensuing year is equal to the total amount of supplemental income taxes available to increase the certified property tax replacement distributions and certified homestead distributions for an ensuing year in the county multiplied by a fraction. The numerator of the fraction is the county's 2005 certified homestead distribution. The denominator is the county's 2005 certified total property tax relief distribution.

Sec. 12. A county treasurer receiving a certified property tax replacement distribution or certified homestead distribution

under this chapter shall apportion the amount received among the taxing units that imposed any part of the county's total county tax levy. The amount received by the county as a:

(1) certified property tax replacement distribution shall be distributed to each taxing unit in proportion to the amount of revenue lost to the taxing unit as a result of the granting of property tax replacement credits in the county under IC 6-10-3; and

(2) certified homestead distribution shall be distributed to each taxing unit in proportion to the amount of revenue lost to the taxing unit as a result of the granting of homestead credits in the county under IC 6-10-4.

Sec. 13. Distributions under section 12 of this chapter shall be made in twelve (12) equal monthly installments with settlements of overpayments and underpayments in June and December at the same time property taxes are settled under IC 6-1.1-27-1.

Sec. 14. For the purposes of any law, rule, or other writing that refers to property taxes, money distributed to a taxing unit under this article shall be treated as property taxes and may be used for any purpose for which the property taxes replaced by the money could have been used.

SECTION 40. IC 8-6-3-1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 1. (a) Whenever the separation of grades at the intersection of a railroad or railroads (as defined in IC 8-3-1-2) and a public street or highway is constructed, the railroad or railroads shall pay five (5) percent (5%) of the cost of the grade separation as provided in this chapter.

(b) This chapter shall apply to an existing crossing, a new crossing, or the reconstruction of an existing grade separation.

(c) If more than one (1) railroad (as defined in IC 8-3-1-2) is involved in a separation, the railroads involved shall divide the amount to be paid by the railroads by agreement between the railroads. If the railroads fail to agree, the circuit court of the county in which the crossing is located shall have jurisdiction, upon the application of a party, to determine the division of the amount to be paid by the railroads. The decision of the court is final, unless one (1) or more parties deeming themselves aggrieved by the decision of the court shall appeal therefrom to the court of appeals of Indiana within thirty (30) days, or within additional time not exceeding ninety (90) days, as may be granted by the circuit court. The appeal shall be taken in substantially the same manner as an appeal in a civil case from the circuit court.

(d) If a grade separation shall involve a state highway that is a part of the state highway system of Indiana, or a street or highway selected by the Indiana department of transportation as a route of a highway in the state highway system, the state, out of the funds of the Indiana department of transportation or funds appropriated for the use of the Indiana department of transportation, shall pay ninety-five percent (95%) of the cost of the grade separation.

(e) Before the Indiana department of transportation shall proceed with a grade separation within a city or town, the Indiana department of transportation shall first obtain the consent of the city, by a resolution adopted by the board or officials of the city having jurisdiction over improvement of the streets of the city, and any material modification of the plans upon which the consent was granted shall first be approved by the city by a similar resolution.

(f) If such grade separation is on a highway or street not a part of the highways under the jurisdiction of the Indiana department of transportation, or a part of a route selected by it, but is within any city or town of the state, the city or town shall pay one-half (1/2) of ninety-five percent (95%) of the total of such cost and the county in which the crossing is located shall be liable for and pay one-half (1/2) of the ninety-five percent (95%).

(g) If a grade separation that involves a state highway that is a part of the state highway system of Indiana, or a street or highway selected by the Indiana department of transportation as a route of a highway in the state highway system, necessitates the grade separation on other highways or streets, not a part of the highways under the jurisdiction of the Indiana department of transportation but within any city of the state of Indiana, then of the total cost of the grade separation on a highway or street not under the jurisdiction of the Indiana department of transportation but necessitated by the grade separation involving a highway or street which is a part of the state highway system, the

city shall pay one-fourth (1/4) of ninety-five percent (95%) and the county in which the crossing is located shall be liable for and pay one-fourth (1/4) of the ninety-five percent (95%) of the total of the costs and the state out of the funds of the Indiana department of transportation or funds appropriated for the use of the Indiana department of transportation, shall be liable for and pay one-half (1/2) of the remaining portion.

(h) If a crossing is not within any city or town and does not involve a highway under the jurisdiction of the Indiana department of transportation, then the county in which the crossing is located shall pay the ninety-five percent (95%) of the total cost which is not paid by the railroad or railroads.

(i) The division of the cost of grade separation applies when the grade separation replaces and eliminates an existing grade crossing at which active warning devices are in place or ordered to be installed by a state regulatory agency, but when the grade separation does not replace nor eliminate an existing grade crossing the state, county, or municipality, as the case may be, shall bear and pay one hundred percent (100%) of the cost of the grade separation.

(j) In estimating and computing the cost of the grade separation, there shall be considered as a part of costs all expenses reasonably necessary for preliminary engineering, rights-of-way and all work required to comply with the plans and specifications for the work, including all changes in the highway and the grade thereof and the approaches to the grade separation, as well as all changes in the roadbed, grade, rails, ties, bridges, buildings, and other structural changes in a railroad as may be necessary to effect the grade separation and to restore the railroad facilities aforesaid to substantially the same condition as before the separation.

(k) The required railroad share of the cost shall be based on the costs for preliminary engineering, right-of-way, and construction within the limits described below:

(1) Where a grade crossing is eliminated by grade separation, the structure and approaches for the number of lanes on the existing highway and in accordance with the current design standards of the governmental entity having jurisdiction over the highway involved.

(2) Where another facility, such as a highway or waterway, requiring a bridge structure is located within the limits of a grade separation project, the estimated cost of a theoretical structure and approaches as described under subdivision (1) to eliminate the railroad-highway grade crossing without considering the presence of the waterway or other highway.

(3) Where a grade crossing is eliminated by railroad or highway relocation, the actual cost of the relocation project, or the estimated cost of a structure and approaches as described under subdivision (1), whichever is less.

(l) If the Indiana department of transportation or any city, town, or county is unable to reach an agreement with a railroad company after determining that construction or reconstruction of a grade separation, which replaces or eliminates the need for a grade crossing, is necessary to protect travelers on the roads and streets of the state, the appropriate unit or combination of units of government shall give a written notice of its intention to proceed with the construction or reconstruction of a grade separation to the superintendent or regional engineer of the railroad company. The notice of intention shall be made by the adoption of a resolution stating the need for the grade separation. If, after thirty (30) days, the railroad has not agreed to a division of inspections, plans and specifications, the number and type of jobs to be completed by each agency, a division of costs, and other necessary conditions, the Indiana department of transportation, city, town, or county may proceed with the grade separation exercising any and all of its powers to construct or reconstruct a bridge and, notwithstanding other provisions of this chapter, may pay for up to one hundred percent (100%) of the cost of the project. If the railroad is unable, for good cause, to pay the share of the cost required by this section, the city, town, or county may certify the amount owed by the railroad to the county auditor who shall prepare a special tax duplicate to be collected and settled for by the county treasurer in the same manner and at the same time as property taxes are collected except that such tax assessment shall not authorize a payment or credit from the **property tax replacement state general fund, created by IC 6-1.1-21-1**. However, before the Indiana department of

transportation, city, town, or county undertakes to do the work themselves they shall notify an agent of the railroad as to the time and place of the work."

"SECTION 41. IC 8-22-3.5-10 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 10. (a) Except in a county described in section 1(5) of this chapter and except as provided in subsection (d), if the commission adopts the provisions of this section by resolution, each taxpayer in the airport development zone is entitled to an additional credit for taxes (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**) that, under IC 6-1.1-22-9, are due and payable in May and November of that year. Except as provided in subsection (d), one-half (1/2) of the credit shall be applied to each installment of taxes (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**). This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district that contains all or part of the airport development zone:

STEP ONE: Determine that part of the sum of the amounts under ~~IC 6-1.1-21-2(g)(1)(A) and IC 6-1.1-21-2(g)(2) through IC 6-1.1-21-2(g)(5)~~ **IC 6-10-2** that is attributable to the taxing district.

STEP TWO: Divide:

(A) that part of the county's eligible property tax replacement amount (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**) for that year as determined under ~~IC 6-1.1-21-4~~ **IC 6-10-3** that is attributable to the taxing district; by

(B) the STEP ONE sum.

STEP THREE: Multiply:

(A) the STEP TWO quotient; by

(B) the total amount of the taxpayer's taxes (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**) levied in the taxing district that would have been allocated to the special funds under section 9 of this chapter had the additional credit described in this section not been given.

The additional credit reduces the amount of proceeds allocated and paid into the special funds under section 9 of this chapter.

(b) The additional credit under subsection (a) shall be:

(1) computed on an aggregate basis of all taxpayers in a taxing district that contains all or part of an airport development zone; and

(2) combined on the tax statement sent to each taxpayer.

(c) Concurrently with the mailing or other delivery of the tax statement or any corrected tax statement to each taxpayer, as required by IC 6-1.1-22-8(a), each county treasurer shall for each tax statement also deliver to each taxpayer in an airport development zone who is entitled to the additional credit under subsection (a) a notice of additional credit. The actual dollar amount of the credit, the taxpayer's name and address, and the tax statement to which the credit applies shall be stated on the notice.

(d) This subsection applies to an airport development zone only to the extent that the net assessed value of property that is assessed as residential property under the rules of the department of local government finance is not included in the base assessed value. If property tax installments with respect to a homestead (as defined in ~~IC 6-1.1-20-9-1~~ **IC 6-10-2**) are due in installments established by the department of local government finance under IC 6-1.1-22-9.5, each taxpayer subject to those installments in an airport development zone is entitled to an additional credit under subsection (a) for the taxes (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**) due in installments. The credit shall be applied in the same proportion to each installment of taxes (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**).

SECTION 42. IC 8-22-3.5-12 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 12. (a) Notwithstanding any other law, a taxpayer in an airport development zone is not entitled to a credit for property tax replacement under ~~IC 6-1.1-21-5~~ **IC 6-10-3**.

(b) Notwithstanding subsection (a), in a county described in section 1(5) of this chapter, a taxpayer is entitled to a property tax replacement credit under ~~IC 6-1.1-21-5~~ **IC 6-10-3** for the portion of property taxes for which an inventory tax credit under section 16 of this chapter is not allowed.

(c) An amount equal to the total of all inventory tax credit

available under section 16 of this chapter shall be excluded from the total county tax levy under ~~IC 6-1.1-21-2(g)~~; **IC 6-10-2**".

(a) Notwithstanding IC 6-3.5-6, after the termination of the controlled status of all townships located in a county as provided in section 41 of this chapter and if the county option income tax is imposed under this chapter, the county fiscal body may adopt an ordinance to:

(1) increase the percentage credit allowed for homesteads in the county under ~~IC 6-1.1-20.9-2~~; **IC 6-10-4**; or

(2) reduce the county option income tax rate for resident county taxpayers to a rate not less than the greater of:

(A) the minimum rate necessary to satisfy the requirements of section 43 of this chapter; or

(B) the minimum rate necessary to satisfy the requirements of sections 43 and 46(2) of this chapter if an ordinance is adopted under subdivision (1).

(b) A county fiscal body may not increase the percentage credit allowed for homesteads in such a manner that more than eight percent (8%) is added to the percentage established under ~~IC 6-1.1-20.9-2(d)~~; **IC 6-10-4**.

(c) The increase in the homestead credit percentage must be uniform for all homesteads in a county.

(d) In an ordinance that increases the homestead credit percentage, the county fiscal body may provide for a series of increases or decreases to take place for each of a group of succeeding calendar years.

(e) An ordinance may be adopted under this section after January 1 but before June 1 of a calendar year.

(f) An ordinance adopted under this section takes effect January 1 of the next calendar year.

to either the probation department or the clerk.

(f) The probation department or clerk shall collect the administrative fees under subsections (d)(5) and (e)(4) before collecting any other fee under subsection (d) or (e). All money collected by the probation department or the clerk under this section shall be transferred to the ~~county treasurer of state, who shall deposit the money into the county supplemental adult probation services fund~~ **state general fund.** ~~The fiscal body of the county shall appropriate money from the county supplemental adult probation services fund:~~

~~(1) to the county, superior, circuit, or municipal court of the county that provides probation services to adults to supplement adult probation services; and~~

~~(2) to supplement the salaries of probation officers in accordance with the schedule adopted by the county fiscal body under IC 36-2-16.5.~~

(g) The probation department or clerk shall collect the administrative fee under subsection (e)(4) before collecting any other fee under subsection (e). All money collected by the probation department or the clerk of a city or town court under this section shall be transferred to the ~~fiscal officer of the city or town for deposit into the local supplemental adult probation services fund.~~ ~~The fiscal body of the city or town shall appropriate money from the local supplemental adult probation services fund to the city or town court of the city or town for the court's use in providing probation services to adults or for the court's use for other purposes as may be appropriated by the fiscal body.~~ ~~Money may be appropriated under this subsection only to those city or town courts that have an adult probation services program. If a city or town court does not have such a program, the money collected by the probation department must be transferred and appropriated as provided under subsection (f).~~ **state general fund.**

(h) Except as provided in subsection (j), the county or local supplemental adult probation services fund may be used only to supplement probation services and to supplement salaries for probation officers. A supplemental probation services fund may not be used to replace other funding of probation services. Any money remaining in the fund at the end of the year does not revert to any other fund but continues in the county or local supplemental adult probation services fund.

(i) A person placed on probation for more than one (1) crime:

(1) may be required to pay more than one (1) initial probation user's fee; and

(2) may not be required to pay more than one (1) monthly probation user's fee per month;

to the probation department or the clerk.

(j) This subsection applies to a city or town located in a county having a population of more than one hundred eighty-two thousand seven hundred ninety (182,790) but less than two hundred thousand (200,000). Any money remaining in the local supplemental adult probation services fund at the end of the local fiscal year may be appropriated by the city or town fiscal body to the city or town court for use by the court for purposes determined by the fiscal body.

(l) The probation department may contract with a bank or credit card vendor for acceptance of bank or credit cards. However, if there is a vendor transaction charge or discount fee, whether billed to the probation department or charged directly to the probation department's account, the probation department may collect a credit card service fee from the person using the bank or credit card. The fee collected under this subsection is a permitted additional charge to the money the probation department is required to collect under subsection (d) or (e).

(m) The probation department shall forward the credit card service fees collected under subsection (l) to the ~~county treasurer or city or town fiscal officer~~ **treasurer of state** in accordance with subsection (f) or (g). "SECTION 100. IC 36-7-14-39, AS AMENDED BY P.L.216-2005, SECTION 6, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 39. (a) As used in this section:

"Allocation area" means that part of a redevelopment project area to which an allocation provision of a declaratory resolution adopted under section 15 of this chapter refers for purposes of distribution and allocation of property taxes.

"Base assessed value" means the following:

(1) If an allocation provision is adopted after June 30, 1995, in a declaratory resolution or an amendment to a declaratory resolution establishing an economic development area:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus
(B) to the extent that it is not included in clause (A), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(2) If an allocation provision is adopted after June 30, 1997, in a declaratory resolution or an amendment to a declaratory resolution establishing a redevelopment project area:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus
(B) to the extent that it is not included in clause (A), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(3) If:

(A) an allocation provision adopted before June 30, 1995, in a declaratory resolution or an amendment to a declaratory resolution establishing a redevelopment project area expires after June 30, 1997; and

(B) after June 30, 1997, a new allocation provision is included in an amendment to the declaratory resolution;

the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision adopted after June 30, 1997, as adjusted under subsection (h).

(4) Except as provided in subdivision (5), for all other allocation areas, the net assessed value of all the property as

finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h).

(5) If an allocation area established in an economic development area before July 1, 1995, is expanded after June 30, 1995, the definition in subdivision (1) applies to the expanded part of the area added after June 30, 1995.

(6) If an allocation area established in a redevelopment project area before July 1, 1997, is expanded after June 30, 1997, the definition in subdivision (2) applies to the expanded part of the area added after June 30, 1997.

Except as provided in section 39.3 of this chapter, "property taxes" means taxes imposed under IC 6-1.1 on real property. However, upon approval by a resolution of the redevelopment commission adopted before June 1, 1987, "property taxes" also includes taxes imposed under IC 6-1.1 on depreciable personal property. If a redevelopment commission adopted before June 1, 1987, a resolution to include within the definition of property taxes taxes imposed under IC 6-1.1 on depreciable personal property that has a useful life in excess of eight (8) years, the commission may by resolution determine the percentage of taxes imposed under IC 6-1.1 on all depreciable personal property that will be included within the definition of property taxes. However, the percentage included must not exceed twenty-five percent (25%) of the taxes imposed under IC 6-1.1 on all depreciable personal property.

(b) A declaratory resolution adopted under section 15 of this chapter on or before the allocation deadline determined under subsection (i) may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A declaratory resolution previously adopted may include an allocation provision by the amendment of that declaratory resolution on or before the allocation deadline determined under subsection (i) in accordance with the procedures required for its original adoption. A declaratory resolution or an amendment that establishes an allocation provision after June 30, 1995, must specify an expiration date for the allocation provision that may not be more than thirty (30) years after the date on which the allocation provision is established. However, if bonds or other obligations that were scheduled when issued to mature before the specified expiration date and that are payable only from allocated tax proceeds with respect to the allocation area remain outstanding as of the expiration date, the allocation provision does not expire until all of the bonds or other obligations are no longer outstanding. The allocation provision may apply to all or part of the redevelopment project area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:

(A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(B) the base assessed value;

shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the redevelopment district and, when collected, paid into an allocation fund for that allocation area that may be used by the redevelopment district only to do one (1) or more of the following:

(A) Pay the principal of and interest on any obligations payable solely from allocated tax proceeds which are incurred by the redevelopment district for the purpose of financing or refinancing the redevelopment of that allocation area.

(B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area.

(C) Pay the principal of and interest on bonds payable from allocated tax proceeds in that allocation area and from the special tax levied under section 27 of this chapter.

(D) Pay the principal of and interest on bonds issued by the unit to pay for local public improvements in or serving that allocation area.

(E) Pay premiums on the redemption before maturity of bonds payable solely or in part from allocated tax proceeds in that allocation area.

(F) Make payments on leases payable from allocated tax proceeds in that allocation area under section 25.2 of this chapter.

(G) Reimburse the unit for expenditures made by it for local public improvements (which include buildings, parking facilities, and other items described in section 25.1(a) of this chapter) in or serving that allocation area.

(H) Reimburse the unit for rentals paid by it for a building or parking facility in or serving that allocation area under any lease entered into under IC 36-1-10.

(I) Pay all or a part of a property tax replacement credit to taxpayers in an allocation area as determined by the redevelopment commission. This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district (as defined in ~~IC 6-1.1-1-20~~ **IC 6-10-2**) that contains all or part of the allocation area:

STEP ONE: Determine that part of the sum of the amounts under ~~IC 6-1.1-21-2(g)(1)(A)~~, ~~IC 6-1.1-21-2(g)(2)~~, ~~IC 6-1.1-21-2(g)(3)~~, ~~IC 6-1.1-21-2(g)(4)~~, and ~~IC 6-1.1-21-2(g)(5)~~ **IC 6-10-2** that is attributable to the taxing district.

STEP TWO: Divide:

- (i) that part of each county's eligible property tax replacement amount (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**) for that year as determined under ~~IC 6-1.1-21-4~~ **IC 6-10-3** that is attributable to the taxing district; by
- (ii) the STEP ONE sum.

STEP THREE: Multiply:

- (i) the STEP TWO quotient; times
- (ii) the total amount of the taxpayer's taxes (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**) levied in the taxing district that have been allocated during that year to an allocation fund under this section.

If not all the taxpayers in an allocation area receive the credit in full, each taxpayer in the allocation area is entitled to receive the same proportion of the credit. A taxpayer may not receive a credit under this section and a credit under section 39.5 of this chapter in the same year.

(J) Pay expenses incurred by the redevelopment commission for local public improvements that are in the allocation area or serving the allocation area. Public improvements include buildings, parking facilities, and other items described in section 25.1(a) of this chapter.

(K) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:

- (i) in the allocation area; and
- (ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made within three (3) years after the date on which the investments that are the basis for the increment financing are made.

The allocation fund may not be used for operating expenses of the commission.

(3) Except as provided in subsection (g), before July 15 of each year the commission shall do the following:

(A) Determine the amount, if any, by which the base assessed value when multiplied by the estimated tax rate of the allocation area will exceed the amount of assessed value needed to produce the property taxes necessary to make, when due, principal and interest payments on bonds

described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2).

(B) Notify the county auditor of the amount, if any, of the amount of excess assessed value that the commission has determined may be allocated to the respective taxing units in the manner prescribed in subdivision (1). The commission may not authorize an allocation of assessed value to the respective taxing units under this subdivision if to do so would endanger the interests of the holders of bonds described in subdivision (2) or lessors under section 25.3 of this chapter.

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by any taxing unit after the effective date of the allocation provision of the declaratory resolution is the lesser of:

- (1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or
- (2) the base assessed value.

(d) Property tax proceeds allocable to the redevelopment district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the redevelopment district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the redevelopment commission, reassess the taxable property situated upon or in, or added to, the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and formulation of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

- (1) the assessed value of the property as valued without regard to this section; or
- (2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 5-28-15, the unit that designated the allocation area shall create funds as specified in this subsection. A unit that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. Such a unit shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund any amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. The amount sufficient for purposes specified in subsection (b)(2) for the year shall be determined based on the pro rata portion of such current property tax proceeds from the part of the enterprise zone that is within the allocation area as compared to all such current property tax proceeds derived from the allocation area. A unit that has no obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) in the fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone. The unit that creates the special zone fund shall use the fund (based on the recommendations of the urban enterprise association) for programs in job training, job enrichment, and basic skill development that are designed to benefit residents and employers in the enterprise zone or other purposes specified in subsection (b)(2), except that where reference is made in subsection (b)(2) to allocation area it shall refer for purposes of payments from the special zone fund only to that part of the allocation area that is also located in the enterprise zone. Those programs shall reserve at least one-half (1/2) of their enrollment in any session for residents of the enterprise zone.

(h) The state board of accounts and department of local government finance shall make the rules and prescribe the forms and procedures that they consider expedient for the implementation of this chapter. After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment

on the property tax proceeds allocated to the redevelopment district under this section. However, the adjustment may not include the effect of property tax abatements under IC 6-1.1-12.1, and the adjustment may not produce less property tax proceeds allocable to the redevelopment district under subsection (b)(2) than would otherwise have been received if the general reassessment had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

(i) The allocation deadline referred to in subsection (b) is determined in the following manner:

(1) The initial allocation deadline is December 31, 2011.

(2) Subject to subdivision (3), the initial allocation deadline and subsequent allocation deadlines are automatically extended in increments of five (5) years, so that allocation deadlines subsequent to the initial allocation deadline fall on December 31, 2016, and December 31 of each fifth year thereafter.

(3) At least one (1) year before the date of an allocation deadline determined under subdivision (2), the general assembly may enact a law that:

(A) terminates the automatic extension of allocation deadlines under subdivision (2); and

(B) specifically designates a particular date as the final allocation deadline.

SECTION 101. IC 36-7-14-39.5 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 39.5. (a) As used in this section, "allocation area" has the meaning set forth in section 39 of this chapter.

(b) As used in this section, "taxing district" has the meaning set forth in IC 6-1.1-1-20.

(c) Subject to subsection (e) and except as provided in subsection (h), each taxpayer in an allocation area is entitled to an additional credit for taxes (as defined in ~~IC 6-1.1-21-2~~ IC 6-10-2) that under IC 6-1.1-22-9 are due and payable in May and November of that year. Except as provided in subsection (h), one-half (1/2) of the credit shall be applied to each installment of taxes (as defined in ~~IC 6-1.1-21-2~~ IC 6-10-2). This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district that contains all or part of the allocation area:

STEP ONE: Determine that part of the sum of the amounts under ~~IC 6-1.1-21-2(g)(1)(A)~~, ~~IC 6-1.1-21-2(g)(2)~~, ~~IC 6-1.1-21-2(g)(3)~~, ~~IC 6-1.1-21-2(g)(4)~~, and ~~IC 6-1.1-21-2(g)(5)~~ IC 6-10-2 that is attributable to the taxing district.

STEP TWO: Divide:

(A) that part of each county's eligible property tax replacement amount (as defined in ~~IC 6-1.1-21-2~~ IC 6-10-2) for that year as determined under ~~IC 6-1.1-21-4~~ IC 6-10-3 that is attributable to the taxing district; by

(B) the STEP ONE sum.

STEP THREE: Multiply:

(A) the STEP TWO quotient; times

(B) the total amount of the taxpayer's taxes (as defined in ~~IC 6-1.1-21-2~~ IC 6-10-2) levied in the taxing district that would have been allocated to an allocation fund under section 39 of this chapter had the additional credit described in this section not been given.

The additional credit reduces the amount of proceeds allocated to the redevelopment district and paid into an allocation fund under section 39(b)(2) of this chapter.

(d) If the additional credit under subsection (c) is not reduced under subsection (e) or (f), the credit for property tax replacement under ~~IC 6-1.1-21-5~~ IC 6-10-3 and the additional credit under subsection (c) shall be computed on an aggregate basis for all taxpayers in a taxing district that contains all or part of an allocation area. The credit for property tax replacement under ~~IC 6-1.1-21-5~~ IC 6-10-3 and the additional credit under subsection (c) shall be combined on the tax statements sent to each taxpayer.

(e) Upon the recommendation of the redevelopment commission, the municipal legislative body (in the case of a redevelopment commission established by a municipality) or the county executive (in the case of a redevelopment commission established by a county) may, by resolution, provide that the additional credit described in

subsection (c):

(1) does not apply in a specified allocation area; or

(2) is to be reduced by a uniform percentage for all taxpayers in a specified allocation area.

(f) Whenever the municipal legislative body or county executive determines that granting the full additional credit under subsection (c) would adversely affect the interests of the holders of bonds or other contractual obligations that are payable from allocated tax proceeds in that allocation area in a way that would create a reasonable expectation that those bonds or other contractual obligations would not be paid when due, the municipal legislative body or county executive must adopt a resolution under subsection (e) to deny the additional credit or reduce it to a level that creates a reasonable expectation that the bonds or other obligations will be paid when due. A resolution adopted under subsection (e) denies or reduces the additional credit for property taxes first due and payable in the allocation area in any year following the year in which the resolution is adopted.

(g) A resolution adopted under subsection (e) remains in effect until it is rescinded by the body that originally adopted it. However, a resolution may not be rescinded if the rescission would adversely affect the interests of the holders of bonds or other obligations that are payable from allocated tax proceeds in that allocation area in a way that would create a reasonable expectation that the principal of or interest on the bonds or other obligations would not be paid when due. If a resolution is rescinded and no other resolution is adopted, the additional credit described in subsection (c) applies to property taxes first due and payable in the allocation area in each year following the year in which the resolution is rescinded.

(h) This subsection applies to an allocation area only to the extent that the net assessed value of property that is assessed as residential property under the rules of the department of local government finance is not included in the base assessed value. If property tax installments with respect to a homestead (as defined in ~~IC 6-1.1-20-9-1~~ IC 6-10-2) are due in installments established by the department of local government finance under IC 6-1.1-22-9.5, each taxpayer subject to those installments in an allocation area is entitled to an additional credit under subsection (c) for the taxes (as defined in ~~IC 6-1.1-21-2~~ IC 6-10-2) due in installments. The credit shall be applied in the same proportion to each installment of taxes (as defined in ~~IC 6-1.1-21-2~~ IC 6-10-2).

(a) As used in this section, "adverse determination" means a determination by the fiscal officer of the consolidated city that the granting of credits described in subsection (g) or (h) would impair any contract with or otherwise adversely affect the owners of outstanding bonds payable from the allocation area special fund.

(b) As used in this section, "allocation area" has the meaning set forth in section 26 of this chapter.

(c) As used in this section, "special fund" refers to the special fund into which property taxes are paid under section 26 of this chapter.

(d) As used in this section, "taxing district" has the meaning set forth in IC 6-1.1-1-20.

(e) Except as provided in subsections (g), (h), (i), and (j), each taxpayer in an allocation area is entitled to an additional credit for taxes (as defined in ~~IC 6-1.1-21-2~~ IC 6-10-2) that, under IC 6-1.1-22-9, are due and payable in May and November of that year. Except as provided in subsection (j), one-half (1/2) of the credit shall be applied to each installment of taxes (as defined in ~~IC 6-1.1-21-2~~ IC 6-10-2). This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district that

contains all or part of the allocation area:

STEP THREE: Multiply:

(A) the STEP TWO quotient; by

(B) the total amount of the taxpayer's taxes (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**) levied in the taxing district that would have been allocated to an allocation fund under section 26 of this chapter had the additional credit described in this section not been given.

The additional credit reduces the amount of proceeds allocated to the redevelopment district and paid into the special fund.

(f) The credit for property tax replacement under ~~IC 6-1.1-21-5~~ **IC 6-10-3** and the additional credits under subsections (e), (g), (h), and (i), unless the credits under subsections (g) and (h) are partial credits, shall be computed on an aggregate basis for all taxpayers in a taxing district that contains all or part of an allocation area. Except as provided in subsections (h) and (i), the credit for property tax replacement under ~~IC 6-1.1-21-5~~ **IC 6-10-3** and the additional credits under subsections (e), (g), (h), and (i) shall be combined on the tax statements sent to each taxpayer.

(g) This subsection applies to an allocation area if allocated taxes from that area were pledged to bonds, leases, or other obligations of the commission before May 8, 1989. A credit calculated using the method provided in subsection (e) may be granted under this subsection. The credit provided under this subsection is first applicable for the allocation area for property taxes first due and payable in 1992. The following apply to the determination of the credit provided under this subsection:

(1) Before June 15 of each year, the fiscal officer of the consolidated city shall determine and certify the following:

(A) All amounts due in the following year to the owners of outstanding bonds payable from the allocation area special fund.

(B) All amounts that are:

(i) required under contracts with bond holders; and

(ii) payable from the allocation area special fund to fund accounts and reserves.

(C) An estimate of the amount of personal property taxes available to be paid into the allocation area special fund under section 26.9(c) of this chapter.

(D) An estimate of the aggregate amount of credits to be granted if full credits are granted.

(2) Before June 15 of each year, the fiscal officer of the consolidated city shall determine if the granting of the full amount of credits in the following year would impair any contract with or otherwise adversely affect the owners of outstanding bonds payable from the allocation area special fund.

(3) If the fiscal officer of the consolidated city determines under subdivision (2) that there would not be an impairment or adverse effect:

(A) the fiscal officer of the consolidated city shall certify the determination; and

(B) the full credits shall be applied in the following year, subject to the determinations and certifications made under section 26.7(b) of this chapter.

(4) If the fiscal officer of the consolidated city makes an adverse determination under subdivision (2), the fiscal officer of the consolidated city shall determine whether there is an amount of partial credits that, if granted in the following year, would not result in the impairment or adverse effect. If the fiscal officer determines that there is an amount of partial credits that would not result in the impairment or adverse effect, the fiscal officer shall do the following:

(A) Determine the amount of the partial credits.

(B) Certify that determination.

(5) If the fiscal officer of the consolidated city certifies under subdivision (4) that partial credits may be paid, the partial credits shall be applied pro rata among all affected taxpayers in the following year.

(6) An affected taxpayer may appeal any of the following to the circuit or superior court of the county in which the allocation area is located:

(A) A determination by the fiscal officer of the consolidated city that:

(i) credits may not be paid in the following year; or

(ii) only partial credits may be paid in the following year.

(B) A failure by the fiscal officer of the consolidated city to make a determination by June 15 of whether full or partial credits are payable under this subsection.

(7) An appeal of a determination must be filed not later than thirty (30) days after the publication of the determination.

(8) An appeal of a failure by the fiscal officer of the consolidated city to make a determination of whether the credits are payable under this subsection must be filed by July 15 of the year in which the determination should have been made.

(9) All appeals under subdivision (6) shall be decided by the court within sixty (60) days.

(h) This subsection applies to an allocation area if allocated taxes from that area were pledged to bonds, leases, or other obligations of the commission before May 8, 1989. A credit calculated using the method in subsection (e) and in subdivision (2) may be granted under this subsection. The following apply to the credit granted under this subsection:

(1) The credit is applicable to property taxes first due and payable in 1991.

(2) For purposes of this subsection, the amount of a credit for 1990 taxes payable in 1991 with respect to an affected taxpayer is equal to:

(A) the amount of the quotient determined under STEP TWO of subsection (e); multiplied by

(B) the total amount of the property taxes payable by the taxpayer that were allocated in 1991 to the allocation area special fund under section 26 of this chapter.

(3) Before June 15, 1991, the fiscal officer of the consolidated city shall determine and certify an estimate of the aggregate amount of credits for 1990 taxes payable in 1991 if the full credits are granted.

(4) The fiscal officer of the consolidated city shall determine whether the granting of the full amounts of the credits for 1990 taxes payable in 1991 against 1991 taxes payable in 1992 and the granting of credits under subsection (g) would impair any contract with or otherwise adversely affect the owners of outstanding bonds payable from the allocation area special fund for an allocation area described in subsection (g).

(5) If the fiscal officer of the consolidated city determines that there would not be an impairment or adverse effect under subdivision (4):

(A) the fiscal officer shall certify that determination; and

(B) the full credits shall be applied against 1991 taxes payable in 1992 or the amount of the credits shall be paid to the taxpayers as provided in subdivision (12), subject to the determinations and certifications made under section 26.7(b) of this chapter.

(6) If the fiscal officer of the consolidated city makes an adverse determination under subdivision (4), the fiscal officer shall determine whether there is an amount of partial credits for 1990 taxes payable in 1991 that, if granted against 1991 taxes payable in 1992 in addition to granting of the credits under subsection (g), would not result in the impairment or adverse effect.

(7) If the fiscal officer of the consolidated city determines under subdivision (6) that there is an amount of partial credits that would not result in the impairment or adverse effect, the fiscal officer shall determine the amount of partial credits and certify that determination.

(8) If the fiscal officer of the consolidated city certifies under subdivision (7) that partial credits may be paid, the partial

credits shall be applied pro rata among all affected taxpayers against 1991 taxes payable in 1992.

(9) An affected taxpayer may appeal any of the following to the circuit or superior court of the county in which the allocation area is located:

(A) A determination by the fiscal officer of the consolidated city that:

- (i) credits may not be paid for 1990 taxes payable in 1991; or
- (ii) only partial credits may be paid for 1990 taxes payable in 1991.

(B) A failure by the fiscal officer of the consolidated city to make a determination by June 15, 1991, of whether credits are payable under this subsection.

(10) An appeal of a determination must be filed not later than thirty (30) days after the publication of the determination. Any such appeal shall be decided by the court within sixty (60) days.

(11) An appeal of a failure by the fiscal officer of the consolidated city to make a determination of whether credits are payable under this subsection must be filed by July 15, 1991. Any such appeal shall be decided by the court within sixty (60) days.

(12) If 1991 taxes payable in 1992 with respect to a parcel are billed to the same taxpayer to which 1990 taxes payable in 1991 were billed, the county treasurer shall apply to the tax bill for 1991 taxes payable in 1992 both the credit provided under subsection (g) and the credit provided under this subsection, along with any credit determined to be applicable to the tax bill under subsection (i). In the alternative, at the election of the county auditor, the county may pay to the taxpayer the amount of the credit by May 10, 1992, and the amount shall be charged to the taxing units in which the allocation area is located in the proportion of the taxing units' respective tax rates for 1990 taxes payable in 1991.

(13) If 1991 taxes payable in 1992 with respect to a parcel are billed to a taxpayer other than the taxpayer to which 1990 taxes payable in 1991 were billed, the county treasurer shall do the following:

(A) Apply only the credits under subsections (g) and (i) to the tax bill for 1991 taxes payable in 1992.

(B) Give notice by June 30, 1991, by publication two (2) times in three (3) newspapers in the county with the largest circulation of the availability of a refund of the credit under this subsection.

A taxpayer entitled to a credit must file an application for refund of the credit with the county auditor not later than November 30, 1991.

(14) A taxpayer who files an application by November 30, 1991, is entitled to payment from the county treasurer in an amount that is in the same proportion to the credit provided under this subsection with respect to a parcel as the amount of 1990 taxes payable in 1991 paid by the taxpayer with respect to the parcel bears to the 1990 taxes payable in 1991 with respect to the parcel. This amount shall be paid to the taxpayer by May 10, 1992, and shall be charged to the taxing units in which the allocation area is located in the proportion of the taxing units' respective tax rates for 1990 taxes payable in 1991.

(i) This subsection applies to an allocation area if allocated taxes from that area were pledged to bonds, leases, or other obligations of the commission before May 8, 1989. The following apply to the credit granted under this subsection:

(1) A prior year credit is applicable to property taxes first due and payable in each year from 1987 through 1990 (the "prior years").

(2) The credit for each prior year is equal to:

(A) the amount of the quotient determined under STEP TWO of subsection (e) for the prior year; multiplied by

(B) the total amount of the property taxes paid by the taxpayer that were allocated in the prior year to the allocation area special fund under section 26 of this chapter.

(3) Before January 31, 1992, the county auditor shall determine the amount of credits under subdivision (2) with respect to each parcel in the allocation area for all prior years with respect to

which:

(A) taxes were billed to the same taxpayer for taxes payable in each year from 1987 through 1991; or

(B) an application was filed by November 30, 1991, under subdivision (8) for refund of the credits for prior years.

A report of the determination by parcel shall be sent by the county auditor to the department of local government finance and the budget agency within five (5) days of such determination.

(4) Before January 31, 1992, the county auditor shall determine the quotient of the amounts determined under subdivision (3) with respect to each parcel divided by six (6).

(5) Before January 31, 1992, the county auditor shall determine the quotient of the aggregate amounts determined under subdivision (3) with respect to all parcels divided by twelve (12).

(6) Except as provided in subdivisions (7) and (9), in each year in which credits from prior years remain unpaid, credits for the prior years in the amounts determined under subdivision (4) shall be applied as provided in this subsection.

(7) If taxes payable in the current year with respect to a parcel are billed to the same taxpayer to which taxes payable in all of the prior years were billed and if the amount determined under subdivision (3) with respect to the parcel is at least five hundred dollars (\$500), the county treasurer shall apply the credits provided for the current year under subsections (g) and (h) and the credit in the amount determined under subdivision (4) to the tax bill for taxes payable in the current year. However, if the amount determined under subdivision (3) with respect to the parcel is less than five hundred dollars (\$500) (referred to in this subdivision as "small claims"), the county may, at the election of the county auditor, either apply a credit in the amount determined under subdivision (3) or (4) to the tax bill for taxes payable in the current year or pay either amount to the taxpayer. If title to a parcel transfers in a year in which a credit under this subsection is applied to the tax bill, the transferor may file an application with the county auditor within thirty (30) days of the date of the transfer of title to the parcel for payments to the transferor at the same times and in the same amounts that would have been allowed as credits to the transferor under this subsection if there had not been a transfer. If a determination is made by the county auditor to refund or credit small claims in the amounts determined under subdivision (3) in 1992, the county auditor may make appropriate adjustments to the credits applied with respect to other parcels so that the total refunds and credits in any year will not exceed the payments made from the state property tax replacement fund to the prior year credit fund referred to in subdivision (11) in that year.

(8) If taxes payable in the current year with respect to a parcel are billed to a taxpayer that is not a taxpayer to which taxes payable in all of the prior years were billed, the county treasurer shall do the following:

(A) Apply only the credits under subsections (g) and (h) to the tax bill for taxes payable in the current year.

(B) Give notice by June 30, 1991, by publication two (2) times in three (3) newspapers in the county with the largest circulation of the availability of a refund of the credit.

A taxpayer entitled to the credit must file an application for refund of the credit with the county auditor not later than November 30, 1991. A refund shall be paid to an eligible applicant by May 10, 1992.

(9) A taxpayer who filed an application by November 30, 1991, is entitled to payment from the county treasurer under subdivision (8) in an amount that is in the same proportion to the credit determined under subdivision (3) with respect to a parcel as the amount of taxes payable in the prior years paid by the taxpayer with respect to the parcel bears to the taxes payable in the prior years with respect to the parcel.

(10) In each year on May 1 and November 1, the state shall pay to the county treasurer from the state property tax replacement fund the amount determined under subdivision (5).

(11) All payments received from the state under subdivision (10) shall be deposited into a special fund to be known as the

prior year credit fund. The prior year credit fund shall be used to make:

(A) payments under subdivisions (7) and (9); and

(B) deposits into the special fund for the application of prior year credits.

(12) All amounts paid into the special fund for the allocation area under subdivision (11) are subject to any pledge of allocated property tax proceeds made by the redevelopment district under section 26(d) of this chapter, including but not limited to any pledge made to owners of outstanding bonds of the redevelopment district of allocated taxes from that area.

(13) By January 15, 1993, and by January 15 of each year thereafter, the county auditor shall send to the department of local government finance and the budget agency a report of the receipts, earnings, and disbursements of the prior year credit fund for the prior calendar year. If in the final year that credits under subsection (i) are allowed any balance remains in the prior year credit fund after the payment of all credits payable under this subsection, such balance shall be repaid to the treasurer of state for deposit in the property tax replacement fund.

(14) In each year, the county shall limit the total of all refunds and credits provided for in this subsection to the total amount paid in that year from the property tax replacement fund into the prior year credit fund and any balance remaining from the preceding year in the prior year credit fund.

(j) This subsection applies to an allocation area only to the extent that the net assessed value of property that is assessed as residential property under the rules of the department of local government finance is not included in the base assessed value. If property tax installments with respect to a homestead (as defined in ~~IC 6-1.1-20-9-1~~) **IC 6-10-2** are due in installments established by the department of local government finance under IC 6-1.1-22-9.5, each taxpayer subject to those installments in an allocation area is entitled to an additional credit under subsection (e) for the taxes (as defined in ~~IC 6-1.1-21-2~~) **IC 6-10-2** due in installments. The credit shall be applied in the same proportion to each installment of taxes (as defined in ~~IC 6-1.1-21-2~~) **IC 6-10-2**."

(a) Notwithstanding section 26(a) of this chapter, with respect to the allocation and distribution of property taxes for the accomplishment of a program adopted under section 32 of this chapter, "base assessed value" means the net assessed value of all of the land as finally determined for the assessment date immediately preceding the effective date of the allocation provision, as adjusted under section 26(g) of this chapter. However, "base assessed value" does not include the value of real property improvements to the land.

(b) The special fund established under section 26(b) of this chapter for the allocation area for a program adopted under section 32 of this chapter may be used only for purposes related to the accomplishment of the program, including the following:

(1) The construction, rehabilitation, or repair of residential units within the allocation area.

(2) The construction, reconstruction, or repair of infrastructure (such as streets, sidewalks, and sewers) within or serving the allocation area.

(3) The acquisition of real property and interests in real property within the allocation area.

(4) The demolition of real property within the allocation area.

(5) To provide financial assistance to enable individuals and families to purchase or lease residential units within the allocation area. However, financial assistance may be provided only to those individuals and families whose income is at or below the county's median income for individuals and families, respectively.

(6) To provide financial assistance to neighborhood development corporations to permit them to provide financial assistance for the purposes described in subdivision (5).

(7) To provide each taxpayer in the allocation area a credit for property tax replacement as determined under subsections (c) and (d). However, this credit may be provided by the commission only if the city-county legislative body establishes the credit by ordinance adopted in the year before the year in which the credit is provided.

(c) The maximum credit that may be provided under subsection (b)(7) to a taxpayer in a taxing district that contains all or part of an allocation area established for a program adopted under section 32 of this chapter shall be determined as follows:

STEP ONE: Determine that part of the sum of the amounts described in ~~IC 6-1.1-21-2(g)(1)(A)~~ and ~~IC 6-1.1-21-2(g)(2) through IC 6-1.1-21-2(g)(5)~~ **IC 6-10-2** that is attributable to the taxing district.

STEP TWO: Divide:

(A) that part of each county's eligible property tax replacement amount (as defined in ~~IC 6-1.1-21-2~~) **IC 6-10-2**) for that year as determined under ~~IC 6-1.1-21-4(a)(1)~~ **IC 6-10-3** that is attributable to the taxing district; by

(B) the amount determined under STEP ONE.

STEP THREE: Multiply:

(A) the STEP TWO quotient; by

(B) the taxpayer's taxes (as defined in ~~IC 6-1.1-21-2~~) **IC 6-10-2**) levied in the taxing district allocated to the allocation fund, including the amount that would have been allocated but for the credit.

(d) Except as provided in subsection (g), the commission may determine to grant to taxpayers in an allocation area from its allocation fund a credit under this section, as calculated under subsection (c), by applying one-half (1/2) of the credit to each installment of taxes (as defined in ~~IC 6-1.1-21-2~~) **IC 6-10-2**) that under IC 6-1.1-22-9 are due and payable in May and November of a year. Except as provided in subsection (g), one-half (1/2) of the credit shall be applied to each installment of taxes (as defined in ~~IC 6-1.1-21-2~~) **IC 6-10-2**). The commission must provide for the credit annually by a resolution and must find in the resolution the following:

(1) That the money to be collected and deposited in the allocation fund, based upon historical collection rates, after granting the credit will equal the amounts payable for contractual obligations from the fund, plus ten percent (10%) of those amounts.

(2) If bonds payable from the fund are outstanding, that there is a debt service reserve for the bonds that at least equals the amount of the credit to be granted.

(3) If bonds of a lessor under section 17.1 of this chapter or under IC 36-1-10 are outstanding and if lease rentals are payable from the fund, that there is a debt service reserve for those bonds that at least equals the amount of the credit to be granted.

If the tax increment is insufficient to grant the credit in full, the commission may grant the credit in part, prorated among all taxpayers.

(e) Notwithstanding section 26(b) of this chapter, the special fund established under section 26(b) of this chapter for the allocation area for a program adopted under section 32 of this chapter may only be used to do one (1) or more of the following:

(1) Accomplish one (1) or more of the actions set forth in section 26(b)(2)(A) through 26(b)(2)(H) of this chapter.

(2) Reimburse the consolidated city for expenditures made by the city in order to accomplish the housing program in that allocation area.

The special fund may not be used for operating expenses of the commission.

(f) Notwithstanding section 26(b) of this chapter, the commission shall, relative to the special fund established under section 26(b) of this chapter for an allocation area for a program adopted under section 32 of this chapter, do the following before July 15 of each year:

(1) Determine the amount, if any, by which property taxes payable to the allocation fund in the following year will exceed the amount of property taxes necessary:

(A) to make, when due, principal and interest payments on

bonds described in section 26(b)(2) of this chapter;

(B) to pay the amount necessary for other purposes described in section 26(b)(2) of this chapter; and

(C) to reimburse the consolidated city for anticipated expenditures described in subsection (e)(2).

(2) Notify the county auditor of the amount, if any, of excess property taxes that the commission has determined may be paid to the respective taxing units in the manner prescribed in section 26(b)(1) of this chapter.

(g) This subsection applies to an allocation area only to the extent that the net assessed value of property that is assessed as residential property under the rules of the department of local government finance is not included in the base assessed value. If property tax installments with respect to a homestead (as defined in ~~IC 6-1.1-20-9-1~~ **IC 6-10-2**) are due in installments established by the department of local government finance under IC 6-1.1-22-9.5, each taxpayer subject to those installments in an allocation area is entitled to an additional credit under subsection (d) for the taxes (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**) due in installments. The credit shall be applied in the same proportion to each installment of taxes (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**).

Page 242, between lines 15 and 16, begin a new paragraph and insert:

"SECTION 106. IC 36-7-15.1-56 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 56. (a) As used in this section, "allocation area" has the meaning set forth in section 53 of this chapter.

(b) As used in this section, "taxing district" has the meaning set forth in IC 6-1.1-1-20.

(c) Subject to subsection (e) and except as provided in subsection (h), each taxpayer in an allocation area is entitled to an additional credit for taxes (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**) that under IC 6-1.1-22-9 are due and payable in May and November of that year. Except as provided in subsection (h), one-half (1/2) of the credit shall be applied to each installment of taxes (as defined in IC 6-1.1-21-2). This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district that contains all or part of the allocation area:

STEP ONE: Determine that part of the sum of the amounts under ~~IC 6-1.1-21-2(g)(1)(A)~~, ~~IC 6-1.1-21-2(g)(2)~~, ~~IC 6-1.1-21-2(g)(3)~~, ~~IC 6-1.1-21-2(g)(4)~~, and ~~IC 6-1.1-21-2(g)(5)~~ **IC 6-10-2** that is attributable to the taxing district.

STEP TWO: Divide:

(A) that part of each county's eligible property tax replacement amount (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**) for that year as determined under ~~IC 6-1.1-21-4~~ **IC 6-10-3** that is attributable to the taxing district; by

(B) the STEP ONE sum.

STEP THREE: Multiply:

(A) the STEP TWO quotient; times

(B) the total amount of the taxpayer's taxes (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**) levied in the taxing district that would have been allocated to an allocation fund under section 53 of this chapter had the additional credit described in this section not been given.

The additional credit reduces the amount of proceeds allocated to the development district and paid into an allocation fund under section 53(b)(2) of this chapter.

(d) If the additional credit under subsection (c) is not reduced under subsection (e) or (f), the credit for property tax replacement under ~~IC 6-1.1-21-5~~ **IC 6-10-3** and the additional credit under subsection (c) shall be computed on an aggregate basis for all taxpayers in a taxing district that contains all or part of an allocation area. The credit for property tax replacement under ~~IC 6-1.1-21-5~~ **IC 6-10-3** and the additional credit under subsection (c) shall be combined on the tax statements sent to each taxpayer.

(e) Upon the recommendation of the commission, the excluded city legislative body may, by resolution, provide that the additional credit described in subsection (c):

(1) does not apply in a specified allocation area; or

(2) is to be reduced by a uniform percentage for all taxpayers in a specified allocation area.

(f) Whenever the excluded city legislative body determines that granting the full additional credit under subsection (c) would adversely affect the interests of the holders of bonds or other contractual obligations that are payable from allocated tax proceeds in that allocation area in a way that would create a reasonable expectation that those bonds or other contractual obligations would not be paid when due, the excluded city legislative body must adopt a resolution under subsection (e) to deny the additional credit or reduce it to a level that creates a reasonable expectation that the bonds or other obligations will be paid when due. A resolution adopted under subsection (e) denies or reduces the additional credit for property taxes first due and payable in the allocation area in any year following the year in which the resolution is adopted.

(g) A resolution adopted under subsection (e) remains in effect until it is rescinded by the body that originally adopted it. However, a resolution may not be rescinded if the rescission would adversely affect the interests of the holders of bonds or other obligations that are payable from allocated tax proceeds in that allocation area in a way that would create a reasonable expectation that the principal of or interest on the bonds or other obligations would not be paid when due. If a resolution is rescinded and no other resolution is adopted, the additional credit described in subsection (c) applies to property taxes first due and payable in the allocation area in each year following the year in which the resolution is rescinded.

(h) This subsection applies to an allocation area only to the extent that the net assessed value of property that is assessed as residential property under the rules of the department of local government finance is not included in the base assessed value. If property tax installments with respect to a homestead (as defined in ~~IC 6-1.1-20-9-1~~ **IC 6-10-2**) are due in installments established by the department of local government finance under IC 6-1.1-22-9.5, each taxpayer subject to those installments in an allocation area is entitled to an additional credit under subsection (c) for the taxes (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**) due in installments. The credit shall be applied in the same proportion to each installment of taxes (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**).

"SECTION 267. IC 36-7-30-25, AS AMENDED BY P.L.4-2005, SECTION 141, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 25. (a) The following definitions apply throughout this section:

(1) "Allocation area" means that part of a military base reuse area to which an allocation provision of a declaratory resolution adopted under section 10 of this chapter refers for purposes of distribution and allocation of property taxes.

(2) "Base assessed value" means:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the adoption date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus

(B) to the extent that it is not included in clause (A) or (C), the net assessed value of any and all parcels or classes of parcels identified as part of the base assessed value in the declaratory resolution or an amendment thereto, as finally determined for any subsequent assessment date; plus

(C) to the extent that it is not included in clause (A) or (B), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

Clause (C) applies only to allocation areas established in a military reuse area after June 30, 1997, and to the part of an allocation area that was established before June 30, 1997, and that is added to an existing allocation area after June 30, 1997.

(3) "Property taxes" means taxes imposed under IC 6-1.1 on real property.

(b) A declaratory resolution adopted under section 10 of this chapter before the date set forth in IC 36-7-14-39(b) pertaining to declaratory resolutions adopted under IC 36-7-14-15 may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A declaratory resolution previously adopted may include an allocation

provision by the amendment of that declaratory resolution in accordance with the procedures set forth in section 13 of this chapter. The allocation provision may apply to all or part of the military base reuse area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:

(A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(B) the base assessed value;

shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the military base reuse district and, when collected, paid into an allocation fund for that allocation area that may be used by the military base reuse district and only to do one (1) or more of the following:

(A) Pay the principal of and interest and redemption premium on any obligations incurred by the military base reuse district or any other entity for the purpose of financing or refinancing military base reuse activities in or directly serving or benefiting that allocation area.

(B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area or from other revenues of the reuse authority, including lease rental revenues.

(C) Make payments on leases payable solely or in part from allocated tax proceeds in that allocation area.

(D) Reimburse any other governmental body for expenditures made for local public improvements (or structures) in or directly serving or benefiting that allocation area.

(E) Pay all or a part of a property tax replacement credit to taxpayers in an allocation area as determined by the reuse authority. This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district (as defined in IC 6-1.1-1-20) that contains all or part of the allocation area:

STEP ONE: Determine that part of the sum of the amounts under ~~IC 6-1.1-21-2(g)(1)(A), IC 6-1.1-21-2(g)(2), IC 6-1.1-21-2(g)(3), IC 6-1.1-21-2(g)(4), and IC 6-1.1-21-2(g)(5)~~ IC 6-10-2 that is attributable to the taxing district.

STEP TWO: Divide:

(i) that part of each county's eligible property tax replacement amount (as defined in ~~IC 6-1.1-21-2~~ IC 6-10-2) for that year as determined under ~~IC 6-1.1-21-4~~ IC 6-10-3 that is attributable to the taxing district; by

(ii) the STEP ONE sum.

STEP THREE: Multiply:

(i) the STEP TWO quotient; times

(ii) the total amount of the taxpayer's taxes (as defined in ~~IC 6-1.1-21-2~~ IC 6-10-2) levied in the taxing district that have been allocated during that year to an allocation fund under this section.

If not all the taxpayers in an allocation area receive the credit in full, each taxpayer in the allocation area is entitled to receive the same proportion of the credit. A taxpayer may not receive a credit under this section and a credit under section 27 of this chapter in the same year.

(F) Pay expenses incurred by the reuse authority for local public improvements or structures that were in the allocation area or directly serving or benefiting the allocation area.

(G) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:

(i) in the allocation area; and

(ii) on a parcel of real property that has been classified as

industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made not more than three (3) years after the date on which the investments that are the basis for the increment financing are made.

The allocation fund may not be used for operating expenses of the reuse authority.

(3) Except as provided in subsection (g), before July 15 of each year the reuse authority shall do the following:

(A) Determine the amount, if any, by which property taxes payable to the allocation fund in the following year will exceed the amount of property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2).

(B) Notify the county auditor of the amount, if any, of the amount of excess property taxes that the reuse authority has determined may be paid to the respective taxing units in the manner prescribed in subdivision (1). The reuse authority may not authorize a payment to the respective taxing units under this subdivision if to do so would endanger the interest of the holders of bonds described in subdivision (2) or lessors under section 19 of this chapter. Property taxes received by a taxing unit under this subdivision are eligible for the property tax replacement credit provided under ~~IC 6-1.1-21-1C~~ IC 6-10-3.

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by a taxing unit after the effective date of the allocation provision of the declaratory resolution is the lesser of:

(1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(2) the base assessed value.

(d) Property tax proceeds allocable to the military base reuse district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the military base reuse district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the reuse authority, reassess the taxable property situated upon or in or added to the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and the making of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

(1) the assessed value of the property as valued without regard to this section; or

(2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 5-28-15, the unit that designated the allocation area shall create funds as specified in this subsection. A unit that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. Such a unit shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund any amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. The amount sufficient for purposes specified in subsection (b)(2) for the year shall be determined based on the pro rata part of such current property tax proceeds from the part of the enterprise zone that is within the allocation area as compared to all such current property tax proceeds derived from the allocation area. A unit that does not have obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds

in excess of those described in subsection (b)(1) that are derived from property in the enterprise zone in the fund. The unit that creates the special zone fund shall use the fund (based on the recommendations of the urban enterprise association) for programs in job training, job enrichment, and basic skill development that are designed to benefit residents and employers in the enterprise zone or other purposes specified in subsection (b)(2), except that where reference is made in subsection (b)(2) to allocation area it shall refer for purposes of payments from the special zone fund only to that part of the allocation area that is also located in the enterprise zone. The programs shall reserve at least one-half (1/2) of their enrollment in any session for residents of the enterprise zone.

(h) After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the military base reuse district under this section. However, the adjustment may not include the effect of property tax abatements under IC 6-1.1-12.1, and the adjustment may not produce less property tax proceeds allocable to the military base reuse district under subsection (b)(2) than would otherwise have been received if the general reassessment had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

SECTION 108. IC 36-7-30-27 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 27. (a) As used in this section, "allocation area" has the meaning set forth in section 25 of this chapter.

(b) As used in this section, "taxing district" has the meaning set forth in IC 6-1.1-1-20.

(c) Subject to subsection (e) and except as provided in subsection (h), each taxpayer in an allocation area is entitled to an additional credit for taxes (as defined in ~~IC 6-1.1-21-2~~) IC 6-10-2) that under IC 6-1.1-22-9 are due and payable in May and November of that year. Except as provided in subsection (h), one-half (1/2) of the credit shall be applied to each installment of taxes (as defined in ~~IC 6-1.1-21-2~~) IC 6-10-2). This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district that contains all or part of the allocation area:

STEP ONE: Determine that part of the sum of the amounts under ~~IC 6-1.1-21-2(g)(1)(A); IC 6-1.1-21-2(g)(2); IC 6-1.1-21-2(g)(3); IC 6-1.1-21-2(g)(4); and IC 6-1.1-21-2(g)(5)~~ IC 6-10-2 that is attributable to the taxing district.

STEP TWO: Divide:

(A) that part of each county's eligible property tax replacement amount (as defined in ~~IC 6-1.1-21-2~~) IC 6-10-2) for that year as determined under ~~IC 6-1.1-21-4~~ IC 6-10-3 that is attributable to the taxing district; by

(B) the STEP ONE sum.

STEP THREE: Multiply:

(A) the STEP TWO quotient; times

(B) the total amount of the taxpayer's taxes (as defined in ~~IC 6-1.1-21-2~~) IC 6-10-2) levied in the taxing district that would have been allocated to an allocation fund under section 25 of this chapter had the additional credit described in this section not been given.

The additional credit reduces the amount of proceeds allocated to the military base reuse district and paid into an allocation fund under section 25(b)(2) of this chapter.

(d) If the additional credit under subsection (c) is not reduced under subsection (e) or (f), the credit for property tax replacement under ~~IC 6-1.1-21-5~~ IC 6-10-3 and the additional credit under subsection (c) shall be computed on an aggregate basis for all taxpayers in a taxing district that contains all or part of an allocation area. The credit for property tax replacement under ~~IC 6-1.1-21-5~~ IC 6-10-3 and the additional credit under subsection (c) shall be combined on the tax statements sent to each taxpayer.

(e) Upon the recommendation of the reuse authority, the municipal legislative body (in the case of a reuse authority established by a municipality) or the county executive (in the case of a reuse authority established by a county) may by resolution provide that the additional credit described in subsection (c):

(1) does not apply in a specified allocation area; or

(2) is to be reduced by a uniform percentage for all taxpayers in a specified allocation area.

(f) If the municipal legislative body or county executive determines that granting the full additional credit under subsection (c) would adversely affect the interests of the holders of bonds or other contractual obligations that are payable from allocated tax proceeds in that allocation area in a way that would create a reasonable expectation that those bonds or other contractual obligations would not be paid when due, the municipal legislative body or county executive must adopt a resolution under subsection (e) to deny the additional credit or reduce the credit to a level that creates a reasonable expectation that the bonds or other obligations will be paid when due. A resolution adopted under subsection (e) denies or reduces the additional credit for property taxes first due and payable in the allocation area in any year following the year in which the resolution is adopted.

(g) A resolution adopted under subsection (e) remains in effect until rescinded by the body that originally adopted the resolution. However, a resolution may not be rescinded if the rescission would adversely affect the interests of the holders of bonds or other obligations that are payable from allocated tax proceeds in that allocation area in a way that would create a reasonable expectation that the principal of or interest on the bonds or other obligations would not be paid when due. If a resolution is rescinded and no other resolution is adopted, the additional credit described in subsection (c) applies to property taxes first due and payable in the allocation area in each year following the year in which the resolution is rescinded.

(h) This subsection applies to an allocation area only to the extent that the net assessed value of property that is assessed as residential property under the rules of the department of local government finance is not included in the base assessed value. If property tax installments with respect to a homestead (as defined in ~~IC 6-1.1-20-9-1~~) IC 6-10-2) are due in installments established by the department of local government finance under IC 6-1.1-22-9.5, each taxpayer subject to those installments in an allocation area is entitled to an additional credit under subsection (c) for the taxes (as defined in ~~IC 6-1.1-21-2~~) IC 6-10-2) due in installments. The credit shall be applied in the same proportion to each installment of taxes (as defined in ~~IC 6-1.1-21-2~~) IC 6-10-2).

"SECTION 268. IC 36-7-30.5-30, AS ADDED BY P.L.203-2005, SECTION 11, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 30. (a) The following definitions apply throughout this section:

(1) "Allocation area" means that part of a military base development area to which an allocation provision of a declaratory resolution adopted under section 16 of this chapter refers for purposes of distribution and allocation of property taxes.

(2) "Base assessed value" means:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the adoption date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus

(B) to the extent that it is not included in clause (A) or (C), the net assessed value of any and all parcels or classes of parcels identified as part of the base assessed value in the declaratory resolution or an amendment to the declaratory resolution, as finally determined for any subsequent assessment date; plus

(C) to the extent that it is not included in clause (A) or (B), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(3) "Property taxes" means taxes imposed under IC 6-1.1 on real property.

(b) A declaratory resolution adopted under section 16 of this chapter before the date set forth in IC 36-7-14-39(b) pertaining to declaratory resolutions adopted under IC 36-7-14-15 may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A

declaratory resolution previously adopted may include an allocation provision by the amendment of that declaratory resolution in accordance with the procedures set forth in section 18 of this chapter. The allocation provision may apply to all or part of the military base development area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:

(A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(B) the base assessed value;

shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the development authority and, when collected, paid into an allocation fund for that allocation area that may be used by the development authority and only to do one (1) or more of the following:

(A) Pay the principal of and interest and redemption premium on any obligations incurred by the development authority or any other entity for the purpose of financing or refinancing military base development or reuse activities in or directly serving or benefitting that allocation area.

(B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area or from other revenues of the development authority, including lease rental revenues.

(C) Make payments on leases payable solely or in part from allocated tax proceeds in that allocation area.

(D) Reimburse any other governmental body for expenditures made for local public improvements (or structures) in or directly serving or benefitting that allocation area.

(E) Pay all or a part of a property tax replacement credit to taxpayers in an allocation area as determined by the development authority. This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district (as defined in IC 6-1.1-21-20) that contains all or part of the allocation area:

STEP ONE: Determine that part of the sum of the amounts under ~~IC 6-1.1-21-2(g)(1)(A), IC 6-1.1-21-2(g)(2), IC 6-1.1-21-2(g)(3), IC 6-1.1-21-2(g)(4), and IC 6-1.1-21-2(g)(5)~~ **IC 6-10-2** that is attributable to the taxing district.

STEP TWO: Divide:

(i) that part of each county's eligible property tax replacement amount (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**) for that year as determined under ~~IC 6-1.1-21-4~~ **IC 6-10-3** that is attributable to the taxing district; by

(ii) the STEP ONE sum.

STEP THREE: Multiply:

(i) the STEP TWO quotient; by

(ii) the total amount of the taxpayer's taxes (as defined in ~~IC 6-1.1-21-2~~ **IC 6-10-2**) levied in the taxing district that have been allocated during that year to an allocation fund under this section.

If not all the taxpayers in an allocation area receive the credit in full, each taxpayer in the allocation area is entitled to receive the same proportion of the credit. A taxpayer may not receive a credit under this section and a credit under section 32 of this chapter in the same year.

(F) Pay expenses incurred by the development authority for local public improvements or structures that were in the allocation area or directly serving or benefitting the allocation area.

(G) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:

(i) in the allocation area; and

(ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made not more than three (3) years after the date on which the investments that are the basis for the increment financing are made.

The allocation fund may not be used for operating expenses of the development authority.

(3) Except as provided in subsection (g), before July 15 of each year the development authority shall do the following:

(A) Determine the amount, if any, by which property taxes payable to the allocation fund in the following year will exceed the amount of property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2).

(B) Notify the appropriate county auditor of the amount, if any, of the amount of excess property taxes that the development authority has determined may be paid to the respective taxing units in the manner prescribed in subdivision (1). The development authority may not authorize a payment to the respective taxing units under this subdivision if to do so would endanger the interest of the holders of bonds described in subdivision (2) or lessors under section 24 of this chapter. Property taxes received by a taxing unit under this subdivision are eligible for the property tax replacement credit provided under ~~IC 6-1.1-21-2~~ **IC 6-10-3**.

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by a taxing unit after the effective date of the allocation provision of the declaratory resolution is the lesser of:

(1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(2) the base assessed value.

(d) Property tax proceeds allocable to the military base development district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the military base development district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the development authority, reassess the taxable property situated upon or in or added to the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and the making of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

(1) the assessed value of the property as valued without regard to this section; or

(2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 5-28-15, the development authority shall create funds as specified in this subsection. A development authority that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. The development authority shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund any amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. The amount sufficient for purposes specified in subsection (b)(2) for the year shall be determined based on the pro rata part of such current property tax proceeds from the part of the enterprise zone that is within the allocation area as compared to all such current property tax proceeds

derived from the allocation area. A development authority that does not have obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) that are derived from property in the enterprise zone in the fund. The development authority that creates the special zone fund shall use the fund (based on the recommendations of the urban enterprise association) for programs in job training, job enrichment, and basic skill development that are designed to benefit residents and employers in the enterprise zone or for other purposes specified in subsection (b)(2), except that where reference is made in subsection (b)(2) to an allocation area it shall refer for purposes of payments from the special zone fund only to that part of the allocation area that is also located in the enterprise zone. The programs shall reserve at least one-half (1/2) of their enrollment in any session for residents of the enterprise zone.

(h) After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the military base development district under this section. However, the adjustment may not include the effect of property tax abatements under IC 6-1.1-12.1, and the adjustment may not produce less property tax proceeds allocable to the military base development district under subsection (b)(2) than would otherwise have been received if the general reassessment had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

SECTION 269. IC 36-7-30.5-32, AS ADDED BY P.L.203-2005, SECTION 11, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 32. (a) As used in this section, "allocation area" has the meaning set forth in section 30 of this chapter.

(b) As used in this section, "taxing district" has the meaning set forth in IC 6-1.1-1-20.

(c) Subject to subsection (e) and except as provided in subsection (h), each taxpayer in an allocation area is entitled to an additional credit for taxes (as defined in ~~IC 6-1.1-21-2~~) IC 6-10-2) that under IC 6-1.1-22-9 are due and payable in May and November of that year. Except as provided in subsection (h), one-half (1/2) of the credit shall be applied to each installment of taxes (as defined in ~~IC 6-1.1-21-2~~) IC 6-10-2). This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district that contains all or part of the allocation area:

STEP ONE: Determine that part of the sum of the amounts under ~~IC 6-1.1-21-2(g)(1)(A)~~, ~~IC 6-1.1-21-2(g)(2)~~, ~~IC 6-1.1-21-2(g)(3)~~, ~~IC 6-1.1-21-2(g)(4)~~, and ~~IC 6-1.1-21-2(g)(5)~~ IC 6-10-2 that is attributable to the taxing district.

STEP TWO: Divide:

- (A) that part of each county's eligible property tax replacement amount (as defined in ~~IC 6-1.1-21-2~~) IC 6-10-2) for that year as determined under ~~IC 6-1.1-21-4~~ IC 6-10-3 that is attributable to the taxing district; by
- (B) the STEP ONE sum.

STEP THREE: Multiply:

- (A) the STEP TWO quotient; by
- (B) the total amount of the taxpayer's taxes (as defined in ~~IC 6-1.1-21-2~~) IC 6-10-2) levied in the taxing district that would have been allocated to an allocation fund under section 30 of this chapter had the additional credit described in this section not been given.

The additional credit reduces the amount of proceeds allocated to the military base development district and paid into an allocation fund under section 30(b)(2) of this chapter.

(d) If the additional credit under subsection (c) is not reduced under subsection (e) or (f), the credit for property tax replacement under ~~IC 6-1.1-21-5~~ IC 6-10-3 and the additional credit under subsection (c) shall be computed on an aggregate basis for all taxpayers in a taxing district that contains all or part of an allocation area. The credit for property tax replacement under ~~IC 6-1.1-21-5~~ IC 6-10-3 and the additional credit under subsection (c) shall be combined on the tax statements sent to each taxpayer.

(e) Upon the recommendation of the development authority, the municipal legislative body of an affected municipality or the county executive of an affected county may by resolution provide that the additional credit described in subsection (c):

- (1) does not apply in a specified allocation area; or
- (2) is to be reduced by a uniform percentage for all taxpayers in a specified allocation area.

(f) If the municipal legislative body or county executive determines that granting the full additional credit under subsection (c) would adversely affect the interests of the holders of bonds or other contractual obligations that are payable from allocated tax proceeds in that allocation area in a way that would create a reasonable expectation that those bonds or other contractual obligations would not be paid when due, the municipal legislative body or county executive must adopt a resolution under subsection (e) to deny the additional credit or reduce the credit to a level that creates a reasonable expectation that the bonds or other obligations will be paid when due. A resolution adopted under subsection (e) denies or reduces the additional credit for property taxes first due and payable in the allocation area in any year following the year in which the resolution is adopted.

(g) A resolution adopted under subsection (e) remains in effect until rescinded by the body that originally adopted the resolution. However, a resolution may not be rescinded if the rescission would adversely affect the interests of the holders of bonds or other obligations that are payable from allocated tax proceeds in that allocation area in a way that would create a reasonable expectation that the principal of or interest on the bonds or other obligations would not be paid when due. If a resolution is rescinded and no other resolution is adopted, the additional credit described in subsection (c) applies to property taxes first due and payable in the allocation area in each year following the year in which the resolution is rescinded.

(h) This subsection applies to an allocation area only to the extent that the net assessed value of property that is assessed as residential property under the rules of the department of local government finance is not included in the base assessed value. If property tax installments with respect to a homestead (as defined in ~~IC 6-1.1-20-9-1~~) IC 6-10-2) are due in installments established by the department of local government finance under IC 6-1.1-22-9.5, each taxpayer subject to those installments in an allocation area is entitled to an additional credit under subsection (c) for the taxes (as defined in ~~IC 6-1.1-21-2~~) IC 6-10-2) due in installments. The credit shall be applied in the same proportion to each installment of taxes (as defined in ~~IC 6-1.1-21-2~~) IC 6-10-2).

SECTION 270. IC 36-7-32-18 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 18. (a) A redevelopment commission may, by resolution, provide that each taxpayer in a certified technology park that has been designated as an allocation area is entitled to an additional credit for taxes (as defined in ~~IC 6-1.1-21-2~~) IC 6-10-2) that, under IC 6-1.1-22-9, are due and payable in May and November of that year. One-half (1/2) of the credit shall be applied to each installment of property taxes. This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district that contains all or part of the certified technology park:

STEP ONE: Determine that part of the sum of the amounts under ~~IC 6-1.1-21-2(g)(1)(A)~~ and ~~IC 6-1.1-21-2(g)(2)~~ through ~~IC 6-1.1-21-2(g)(5)~~ IC 6-10-2 that is attributable to the taxing district.

STEP TWO: Divide:

- (A) that part of the county's total eligible property tax replacement amount (as defined in ~~IC 6-1.1-21-2~~) IC 6-10-2) for that year as determined under ~~IC 6-1.1-21-4~~ IC 6-10-3 that is attributable to the taxing district; by
- (B) the STEP ONE sum.

STEP THREE: Multiply:

- (A) the STEP TWO quotient; by
- (B) the total amount of the taxpayer's taxes (as defined in ~~IC 6-1.1-21-2~~) IC 6-10-2) levied in the taxing district that would have been allocated to the certified technology park fund under section 17 of this chapter had the additional credit described in this section not been given.

The additional credit reduces the amount of proceeds allocated and

paid into the certified technology park fund under section 17 of this chapter.

(b) The additional credit under subsection (a) shall be:

- (1) computed on an aggregate basis of all taxpayers in a taxing district that contains all or part of a certified technology park; and
- (2) combined on the tax statement sent to each taxpayer.

(c) Concurrently with the mailing or other delivery of the tax statement or any corrected tax statement to each taxpayer, as required by IC 6-1.1-22-8(a), each county treasurer shall for each tax statement also deliver to each taxpayer in a certified technology park who is entitled to the additional credit under subsection (a) a notice of additional credit. The actual dollar amount of the credit, the taxpayer's name and address, and the tax statement to which the credit applies must be stated on the notice.

- (1) the children with special health care needs property tax levy imposed for taxes first due and payable in the preceding year, as that levy was determined by the department of local government finance in fixing the civil taxing unit's budget, levy, and rate for that preceding calendar year under IC 6-1.1-17 and after eliminating the effects of temporary excessive levy appeals

and any other temporary adjustments made to the levy for the calendar year; multiplied by

(2) the greater of:

(A) the county's assessed value growth quotient for the ensuing calendar year, as determined under IC 6-1.1-18.5-2; or

(B) one (1).

When a year in which a statewide general reassessment of real property first becomes effective is the year preceding the year that the property tax levy under this subsection will be first due and payable, the amount to be used in subdivision (2) equals the average of the amounts used in determining the two (2) most recent adjustments in the county's levy under this section. If the amount levied in a particular year exceeds the amount necessary to cover the costs payable from the fund, the levy in the following year shall be reduced by the amount of surplus money.

(b) For taxes first due and payable in 2007, each county shall impose a children with special health care needs levy equal to the product of:

(1) the amount levied by the county under this chapter in 2006; multiplied by

(2) seventy-five percent (75%).

(c) For taxes first due and payable in 2008, each county shall impose a children with special health care needs levy equal to the product of:

(1) the amount levied by the county under this chapter in 2006; multiplied by

(2) fifty percent (50%).

(d) For 2009 and each year thereafter, the amount that may be levied under this chapter is equal to zero (0).

"SECTION 138. IC 6-1.1-47 IS ADDED TO THE INDIANA CODE AS A NEW CHAPTER TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]:

Chapter 47. Reassessment Payment Deferral Program

Sec. 1. As used in this chapter, "base amount" means the amount of homestead property tax liability that is not subject to deferral, as determined under this chapter.

Sec. 2. As used in this chapter, "defer" means to delay the due date on which property taxes would otherwise be first due and payable.

Sec. 3. As used in this chapter, "homestead" has the meaning set forth in IC 6-1.1-20.9-1.

Sec. 4. As used in this chapter, "homestead property tax liability" refers to a liability for property taxes:

- (1) that are assessed on tangible property that is a homestead; and
- (2) that would be first due and payable in a certain year if the property taxes were not deferred under this chapter.

The term refers to a property tax liability after the application of all deductions and credits for which the homestead is eligible.

Sec. 5. (a) As used in this chapter, "property taxes" refers to ad valorem property taxes.

(b) The term does not include the following:

- (1) Special assessments.

(2) Fees or charges that are included by law on a tax statement issued under IC 6-1.1-22-8 or IC 6-1.1-22.5.

Sec. 6. As used in this chapter, "qualified individual" means an individual who meets all the following criteria:

- (1) Has a qualified interest in a homestead on the assessment date for which homestead property tax liability is imposed.
- (2) Uses the homestead in which the individual has a qualified interest as the individual's principal place of residence.

(3) Either:

(A) is not delinquent in the payment of:

(i) any property taxes that are not deferred under this chapter, special assessments, or fees or charges that are included by law on a tax statement issued under IC 6-1.1-22-8 or IC 6-1.1-22.5 or a statement in another state; or

(ii) penalties or interest imposed for property taxes, special assessments, or fees or charges, including any deferred property taxes; or

(B) has been granted a waiver from the requirements of this subdivision by the county auditor in the county where the homestead is located.

Sec. 7. As used in this chapter, "qualified interest" means the following:

(1) An ownership interest in a homestead.

(2) A beneficial interest in an entity that has an ownership interest in a homestead or a contract interest described in subdivision (3).

(3) An interest in a contract for the purchase of a homestead that:

(A) is recorded in the county recorder's office; and

(B) provides that a person purchasing the homestead is to pay the property taxes on the homestead.

Sec. 8. As used in this chapter, "qualified taxpayer" means a qualified individual or an entity in which a qualified individual has a beneficial interest, or both, that was liable for the property taxes on a homestead:

(1) on both the current assessment date and the immediately preceding assessment date; and

(2) in a county that has a property tax deferral program in effect for a particular year in which property taxes are first due and payable.

Sec. 9. As used in this chapter, "property tax increase resulting from general reassessment or annual adjustment" refers to the amount determined under section 14 of this chapter.

Sec. 10. A county fiscal body may adopt an ordinance, in the form prescribed by the department of local government finance, to establish a property tax deferral program under this chapter. To apply to property taxes first due and payable in the immediately succeeding year, the ordinance must be adopted before September 1 of the year that immediately precedes the year to which the ordinance applies. The county fiscal body must certify an ordinance under this section, including any ordinance amending or repealing a previously adopted ordinance, to the following:

(1) The county auditor.

(2) The department of local government finance.

(3) The fiscal officer of each taxing unit in the county.

Sec. 11. A qualified taxpayer may defer a due date for a part, as determined under this chapter, of the qualified taxpayer's homestead property tax liability first due and payable in the:

(1) first year in which a general reassessment becomes the basis for determining property tax liability, if the qualified taxpayer's property tax increase resulting from general reassessment or annual adjustment was at least one hundred seventy-five percent (175%);

(2) second year in which a general reassessment becomes the basis for determining property tax liability, if the qualified taxpayer's property tax increase resulting from general reassessment or annual adjustment was at least two hundred fifty percent (250%); and

(3) third year in which a general reassessment becomes the basis for determining property tax liability, if the qualified taxpayer's property tax increase resulting from

general reassessment or annual adjustment was at least three hundred twenty-five percent (325%).

Sec. 12. Property taxes deferred under this chapter are due and payable in equal installments on May 10 and November 10 of each year beginning in the fourth year in which a general reassessment becomes the basis for determining property tax liability year until the full amount deferred for the year is paid. An amount deferred in a year is payable in six (6) installments. However, if a deferral termination event occurs, the full amount deferred under this chapter becomes due thirty (30) days after a termination event for the homestead occurs.

Sec. 13. (a) Subject to subsections (b), (c), and (d), a deferral termination event occurs on the earliest of the following dates:

(1) The first date on which none of the qualified individuals who had a qualified interest in the homestead when the property taxes were deferred:

(A) use the homestead as their principal place of residence; or

(B) have a qualified interest in the homestead.

(2) The first date on which the mortgages and liens of record on the homestead exceed the assessed value of the homestead.

(3) The date on which a person with an ownership interest in the homestead files for bankruptcy or the homestead property is placed in receivership.

(b) For purposes of subsection (a), an individual shall be treated as using a homestead as the individual's principal place of residence if the individual:

(1) is absent from the homestead while in a health care facility (as defined in IC 16-18-2-161 or IC 16-28-13-0.5); and

(2) used the homestead as the individual's principal place of residence immediately before being admitted to a health care facility (as defined in IC 16-18-2-161 or IC 16-28-13-0.5).

(c) The estate of a deceased individual shall be treated as having the same rights the deceased individual had immediately before the individual died to do the following:

(1) Defer taxes that would otherwise be due and payable in the year the individual died.

(2) Continue to defer taxes that were deferred before the individual died.

(d) This subsection applies only to a surviving spouse who was not a qualified individual on the date on which property taxes were deferred. If a deceased individual was a qualified individual on the date on which property taxes were deferred, the deceased individual's surviving spouse shall be treated after the individual's death as if the surviving spouse had been a qualified individual on the date on which property taxes were deferred if:

(1) the homestead was the surviving spouse's principal place of residence when the individual died;

(2) the surviving spouse has a qualifying interest in the homestead not later than the later of:

(A) the date of the individual's death; or

(B) the date on which the estate of the deceased individual transfers any part of the ownership of the homestead from the estate; and

(3) the surviving spouse:

(A) is unmarried; or

(B) marries only after the surviving spouse becomes:

(i) at least sixty-five (65) years of age;

(ii) blind; or

(iii) a disabled person.

Sec. 14. The maximum amount that may be deferred in a year under this chapter is equal to the least of the following:

(1) Subject to section 15 of this chapter, the result of:

(A) the amount by which:

(i) the qualified taxpayer's homestead property tax liability in the first year in which a general reassessment or an annual adjustment under IC 6-1.1-4-4.5 became the basis for determining the qualified taxpayer's homestead property tax liability; exceeds

(ii) one hundred and seventy-five percent (175%) of

the qualified taxpayer's homestead property tax liability for the year immediately preceding the year in which a general reassessment or an annual adjustment under IC 6-1.1-4-4.5 became the basis for determining the qualified taxpayer's homestead property tax liability;

multiplied by

(B) the deferral percentage permitted under this chapter.

(2) The qualified taxpayer's homestead property tax liability for the current year.

Sec. 15. In determining the maximum permissible deferral amount under section 14(1) of this chapter, the part of the qualified taxpayer's homestead property tax liability that is attributable to physical improvements in a homestead that were first assessed in the first year in which a general reassessment became the basis for determining the qualified taxpayer's homestead property tax liability shall not be considered.

Sec. 16. The qualified taxpayer's deferral percentage is:

(1) seventy-five percent (75%) in the first year in which a general reassessment becomes the basis for determining property tax liability;

(2) fifty percent (50%) in the second year in which a general reassessment becomes the basis for determining property tax liability;

(3) twenty-five percent (25%) in the third year in which a general reassessment becomes the basis for determining property tax liability; and

(4) zero percent (0%) in any other year.

Sec. 17. To qualify for a deferral of homestead property tax liability in any year under this chapter, a qualified taxpayer must apply for the deferral:

(1) on the form, in the manner, and with the information prescribed by the department of local government finance; and

(2) before the date on which the installment being deferred is first due and payable.

The department of local government finance may provide forms allowing a qualified taxpayer to elect to defer property taxes for more than one (1) year. If the department of local government permits a multiyear election, the department of local government finance shall provide for the filing of amended forms whenever any of the information in a previously filed form ceases to be accurate or complete.

Sec. 18. An application for a deferral under this chapter must be filed with the county auditor in the county where the homestead is located. Upon the filing of an application, the county auditor shall immediately:

(1) notify the county treasurer and transmit the information that the county treasurer needs to match the application with county treasurer's records related to the homestead; and

(2) review the application to determine:

(A) whether the applicant qualifies for a deferral; and

(B) the amount that may be deferred.

Sec. 19. The filing of an application waives any interest and penalties that would otherwise be imposed for the nonpayment of property taxes by the due date only to the extent that the county auditor approves the application for the amount of the unpaid property taxes.

Sec. 20. If the applicant is qualified under this chapter for a deferral, the county auditor shall:

(1) approve the deferral in the lesser of:

(A) the amount requested by the applicant; or

(B) the maximum amount that may be deferred in the year;

(2) provide for the recording of the deferral in the office of the county recorder on the form and in the manner prescribed by the department of local government finance; and

(3) notify the county treasurer and the department of local government finance of the amount deferred on the form and in the manner prescribed by the department of local government finance.

Sec. 21. Deferred property taxes may be paid at any time on or

before the delayed due date established by this chapter without interest and penalties. Payment of deferred property taxes after the delayed due date established by this chapter shall be collected in the same manner as delinquent property taxes. If a payment of deferred property taxes is made, the county treasurer shall notify the county auditor, the county recorder, and the department of local government finance on the form and in the manner prescribed by the department of local government finance. Notice to the county recorder must be in the form of a release of the lien on the homestead for the deferred property taxes.

Sec. 22. Whenever an individual who is a qualified individual on an assessment date for which property taxes were deferred:

- (1) ceases to use the homestead as the individual's principal place of residence;
- (2) ceases to have a qualified interest in the homestead; or
- (3) changes the individual's qualified interest in the homestead;

or a surviving spouse becomes a qualified individual, a person responsible for paying the property taxes on the homestead shall notify the county auditor in the county where the homestead is located on the form and in the manner prescribed by the department of local government finance. The county auditor shall review the information filed under this section to determine whether a deferral termination event has occurred.

Sec. 23. If, as the result of the filing of information with the county auditor or on the county auditor's own motion, the county auditor determines that a deferral termination event has occurred, the county auditor shall notify the county treasurer, the county recorder, and the department of local government on the form and in the manner prescribed by the department of local government finance.

Sec. 24. A county auditor shall give written notice of each determination under this chapter to the qualified taxpayers and mortgage holders of record for the affected homestead. A qualified taxpayer may appeal an adverse determination under this chapter to the Indiana board not later than forty-five (45) days after notice of the determination.

Sec. 25. The county recorder shall record the following without charge in the miscellaneous records of the county recorder:

- (1) A statement of the amount of property tax deferred under this chapter imposed on the deferred property taxes.
- (2) A statement of payment of deferred property taxes.
- (3) A notice of termination of a deferral.

Sec. 26. (a) Except:

- (1) as required by federal law or regulation;
- (2) if the loan from the lender:
 - (A) is made, guaranteed, or insured by a federal government lending or insuring agency; and
 - (B) requires the borrower to make payments to a lender with respect to an escrow or other type of account; or
- (3) if the application of this section would impair the obligations of a borrower under an agreement executed before April 15, 2006;

a lender may not require a borrower to maintain an escrow or other type of account with regard to taxes for which the borrower has elected to defer taxes under this chapter.

(b) Notice of a tax deferral in the records of the county recorder shall be treated as notice of a tax deferral to a lender.

(c) Any payments that are made by the borrower to an escrow or other type of account with regard to property taxes and that:

- (1) were submitted before the time of submission of evidence of tax deferral, for any period; and
- (2) have not been used in payment or partial payment of taxes;

must be refunded to the borrower within thirty (30) days after the deferral is approved and filed with the county recorder."

(ii) with respect to a mobile home that is not assessed as real property or a manufactured home that is not assessed as real property, the year that immediately precedes the year for which the individual wishes to obtain the credit under this section.

(10) "Taxable year" has the meaning set forth in IC 6-3-1-16.

(b) The credit provided by this section applies in a county for property taxes first due and payable in a calendar year only if the county fiscal body of the county adopts an ordinance to apply the credit before July 1 of the immediately preceding calendar year. An ordinance adopted under this subsection may authorize the credit for more than one (1) year.

(c) Except as provided in subsection (d), each year a qualifying individual in a county in which the credit provided by this section is authorized under subsection (b) may receive a credit against the net property tax bill on the individual's qualifying homestead. The amount of the credit to which a qualifying individual is entitled equals the lesser of two thousand dollars (\$2,000) or the remainder of:

(1) the amount of the net property tax bill without the application of the credit provided by this section; minus

(2) the following percentage of the qualifying individual's adjusted gross income for the qualifying individual's most recent taxable year that ends before the date on which the claim is filed under subsection (e):

(A) Five percent (5%) if the adjusted gross income is less than twenty thousand dollars (\$20,000).

(B) Seven percent (7%) if the adjusted gross income is at least twenty thousand dollars (\$20,000) but less than fifty thousand dollars (\$50,000).

(C) Nine percent (9%) if the adjusted gross income is at least fifty thousand dollars (\$50,000) but less than seventy-five thousand dollars (\$75,000).

(d) If the qualifying individual resides in the qualifying homestead with the qualifying individual's spouse, those individuals are together entitled to one (1) credit under this section for the qualifying homestead. The amount of the credit is determined under subsection (c), except that the household income is substituted for the qualifying individual's adjusted gross income.

(e) A qualifying individual or a qualifying individual and the qualifying individual's spouse who desire to claim the credit provided by this section must file a certified statement in duplicate, on forms prescribed by the department of local government finance, with the auditor of the county in which the qualifying homestead is located. With respect to real property, the statement must be filed after January 1 and before May 11 of the year before the year for which the qualifying individual or the qualifying individual and the qualifying individual's spouse wish to obtain the credit under this section. For a mobile home that is not assessed as real property or a manufactured home that is not assessed as real property, the statement must be filed after January 1 and before March 2 of the year for which the qualifying individual or the qualifying individual and the qualifying individual's spouse wish to obtain the credit under this

section. The statement must contain the following information:

(1) The full name or names and complete address of the qualifying individual or the qualifying individual and the qualifying individual's spouse.

(2) A description of the qualifying homestead.

(3) The amount of:

(A) the qualifying individual's adjusted gross income referred to in subsection (c)(2); or

(B) if subsection (d) applies, the household income referred to in subsection (d) of the qualifying individual and the qualifying individual's spouse.

(4) The name of any other county and township in which the qualifying individual or the qualifying individual's spouse owns or is buying on contract:

(A) real property; or

(B) a:

(i) mobile home; or

(ii) manufactured home;

that is not assessed as real property.

(5) The record number and page where the contract or memorandum of the contract is recorded if the qualifying homestead is under contract purchase.

(6) Proof of net worth as of the date specified in subsection (a)(9)(C):

(A) in a form determined by the department of local government finance; and

(B) including:

(i) income tax returns or other evidence detailing gross income; and

(ii) other documentation as determined by the department of local government finance.

(7) Any other information required by the department of local government finance.

(f) The auditor of a county with whom a statement is filed under subsection (e) shall immediately prepare and transmit a copy of the statement to the auditor of any other county if the qualifying individual who claims the credit or the qualifying individual's spouse owns or is buying property located in the other county as described in subsection (e)(4). The auditor of the other county described in subsection (e)(4) shall note on the copy of the statement whether a credit has been claimed under this section for a qualifying homestead located in the auditor's county. The auditor shall then return the copy to the auditor of the first county.

(g) Subject to subsection (h), if a proper certified credit statement is filed under subsection (e), the county auditor shall allow the credit and shall apply the credit equally against each installment of property taxes. The county auditor shall include the amount of the credit applied against each installment of property taxes on the tax statement required under IC 6-1.1-22-8.

(h) If the qualifying homestead qualifies for the credit under IC 6-1.1-20.6 and a statement to claim the credit under this section is filed under subsection (e), the county auditor shall:

(1) determine from the individual who filed the statement whether the individual elects to have applied:

(A) the credit under this section; or

(B) the credit under IC 6-1.1-20.6; and

(2) apply only the credit elected by that individual as determined under subdivision (1).

(i) If an individual knowingly or intentionally files a false statement under this section, the individual must pay the amount of any credit the individual received because of the false statement, plus interest at the rate of ten percent (10%) per year, to the county auditor for distribution to the taxing units of the county in the same proportion that property taxes are distributed.

SECTION 114. IC 6-1.1-21-7 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2006]: Sec. 7. (a) Notwithstanding IC 6-1.1-26, any taxpayer who is entitled to a credit under this chapter or who has properly filed for and is entitled to a credit under IC 6-1.1-20.9, and who, without taking the credit, pays in full the taxes to which the credit applies, is entitled to a refund, without interest, of an amount equal to the amount of the credit. However, if the taxpayer, at the time a refund is claimed, owes any

other taxes, interest, or penalties payable to the county treasurer to whom the taxes subject to the credit were paid, then the credit shall be first applied in full or partial payment of the other taxes, interest, and penalties and the balance, if any, remaining after that application is available as a refund to the taxpayer.

(b) Any taxpayer entitled to a refund under this section **other than a refund based on the credit under section 5.8 of this chapter** shall be paid that refund from proceeds of the property tax replacement fund. However, with respect to any refund attributable to a homestead credit, the refund shall be paid from that fund only to the extent that the percentage homestead credit the taxpayer was entitled to receive for a year does not exceed the percentage credit allowed in IC 6-1.1-20.9-2(d) for that same year. Any refund in excess of that amount shall be paid from the county's revenue distributions received under IC 6-3.5-6.

(c) The state board of accounts shall establish an appropriate procedure to simplify and expedite the method for claiming these refunds and for the payments thereof, as provided for in this section, which procedure is the exclusive procedure for the processing of the refunds. The procedure shall, however, require the filing of claims for the refunds by not later than June 1 of the year following the payment of the taxes to which the credit applied."

BORDERS

After discussion, Representative Borders withdrew the motion.

HOUSE MOTION (Amendment 1001-2)

Mr. Speaker: I move that House Bill 1001 be amended to read as follows:

Page 1, between the enacting clause and line 1, begin a new paragraph and insert:

"SECTION 1. IC 4-31-9-8 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]: Sec. 8. No tax or fee, except as provided in this article, shall be assessed or collected from a permit holder by a political subdivision having the power to assess or collect a tax or fee. This section does not apply to **fees imposed under IC 36-13** or real or personal property taxes imposed by a local taxing unit."

Page 254, between lines 27 and 28, begin a new paragraph and insert:

"SECTION 278. IC 36-13 IS ADDED TO THE INDIANA CODE AS A NEW ARTICLE TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2005]:

ARTICLE 13. PUBLIC SERVICES USER FEES

Chapter 1. Application

Sec. 1. This article applies in a county only if the county fiscal body adopts an ordinance to apply this article in the county.

Sec. 2. This article applies to the owner of each building or other real property improvement subject to assessment under IC 6-1.1-4.

Sec. 3. (a) Except as provided in subsection (b), a fee imposed under this article applies to all property referred to in section 2 of this chapter that is subject to assessment under IC 6-1.1-4, regardless of whether the property is exempt from ad valorem property taxes.

(b) A fee imposed under this article does not apply to property referred to in section 2 of this chapter that is:

- (1) exempt from ad valorem property taxes; and
- (2) owned by a church or religious society.

Chapter 2. Imposition and Distribution

Sec. 1. Fees imposed under this article are treated as ad valorem property taxes for the purpose of distributions under the following:

- (1) IC 6-1.1-21.
- (2) IC 6-3.5.
- (3) IC 6-5.5.
- (4) IC 6-6-5.
- (5) Any other law that computes a distribution based on the assessed value of tangible property or on the property tax levy imposed.

Sec. 2. The department of local government finance shall provide the information necessary for the department of state revenue and county auditors to make the distributions described in section 1 of this chapter.

Sec. 3. Fees imposed under this article shall be billed and collected in the same manner and at the same time that property taxes are billed and collected.

Sec. 4. The county auditor shall distribute to a political subdivision in which a property subject to the fee imposed under this article is located the part of the fee collected with respect to the property that bears the same proportion to the total amount of the fee collected with respect to the property that the tax rate imposed by the political subdivision bears to the total property tax rate in the taxing district in which the property is located.

Sec. 5. The maximum property tax levy that a political subdivision may impose for a budget year under IC 6-1.1-18.5 or IC 6-1.1-19 is reduced by the amount of fees imposed by the political subdivision under this article for the budget year.

Sec. 6. A political subdivision may use revenue from fee collections in the same manner that the political subdivision uses revenue from property tax collections.

Chapter 3. Fees

Sec. 1. Fees imposed by a county under this article apply to the

owner of each building or other real property improvement in the county subject to assessment under IC 6-1.1-4.

Sec. 2. The fees imposed under this article may be determined based on the following:

- (1) A flat charge for each building or other real property improvement.
- (2) The amount of public services used.
- (3) Whether the county is required to purchase or lease special facilities or equipment to deliver public services to the property.
- (4) A combination of the factors set forth in subdivisions (1) through (3) or other factors that the county fiscal body determines is necessary to establish just and equitable fees.

Sec. 3. The fees imposed under this article do not have to be uniform throughout the county or for all users of public services. The county fiscal body may exercise reasonable discretion in:

- (1) adopting different schedules of fees; or
- (2) making classifications in schedules of fees:
 - (A) based on variations in the costs of furnishing the services, including capital expenditures required, to various classes of users of public services or to various locations in the county; or
 - (B) where there are variations in the number of users in various locations in the county.

Sec. 4. If public services will not be provided until after a capital improvement is completed, a county may bill and collect fees under this article for the services to be provided after the contract for construction of the capital improvement has been let and actual work commenced in an amount sufficient to meet the interest on the revenue bonds and other expenses payable before the completion of the capital improvement.

Sec. 5. Unless the county fiscal body finds and directs otherwise, public services are considered to benefit every building or other real property improvement in the county. The fees imposed under this article shall be billed and collected accordingly.

Sec. 6. (a) The county fiscal body may, by ordinance, establish just and equitable fees for the use of public services provided in the county.

(b) The county fiscal body may periodically change and readjust the fees as provided in this article.

Sec. 7. The initial fees may be established under section 6 of this chapter only after a public hearing at which all:

- (1) the property owners in the county; and
- (2) others interested;

have an opportunity to be heard concerning the proposed fees.

Sec. 8. After introduction of the ordinance initially establishing fees but before the ordinance is finally adopted under section 6 of this chapter, notice of the hearing setting forth the proposed schedule of fees must be given by publication one (1) time each week for two (2) weeks in a newspaper of general circulation in the county. The last publication must be at least seven (7) days before the date fixed in the notice for the hearing. The hearing may be adjourned as necessary.

Sec. 9. (a) The ordinance establishing the initial fees under section 6 of this chapter, either as:

- (1) originally introduced; or
- (2) modified and amended;

must be passed and put into effect after the hearing.

(b) A copy of the schedule of the fees established must be:

- (1) kept on file in the office of the county auditor; and
- (2) open to public inspection.

Sec. 10. (a) The fees established for a class of users of property served shall be extended after the fees are established to cover any additional users of property served that are in the same class without the necessity of hearing or notice.

(b) A change or readjustment of fees imposed under this article may be made in the same manner as the fees were originally established.

Chapter 4. Liens for Fees

Sec. 1. The fees made, assessed, or established under this article against a building or other real property improvement in the county is a lien against the building or other real property improvement.

Sec. 2. Except as provided in sections 5 and 6 of this chapter, a lien attaches under section 1 of this chapter at the time of the recording of the list prepared under IC 36-13-5-2 in the county recorder's office as provided in IC 36-13-5. The lien:

- (1) is superior to and takes precedence over all other liens except the lien for taxes; and
- (2) shall be enforced under this article.

Sec. 3. If fees are not paid by the due date, the fees become delinquent and a penalty of ten percent (10%) of the amount of the fees attaches to the fees. The county may recover:

- (1) the amount due;
- (2) the penalty; and
- (3) reasonable attorney's fees;

in a civil action in the name of the county.

Sec. 4. Fees imposed under this article and not paid by the due date, together with the penalty, are collectible in the manner provided by this article.

Sec. 5. (a) A fee imposed under this article is not enforceable as a lien against a subsequent owner of property unless the lien for the fee was recorded with the county recorder before the conveyance to the subsequent owner.

(b) If the property is conveyed before the lien can be filed, the officer of the county who is charged with the collection of the fee shall notify the person who owned the property at the time the fee became payable. The notice must inform the person that payment, including penalty for delinquencies, is due not less than fifteen (15) days after the date of the notice. If payment is not received before one hundred eighty (180) days after the date of the notice have elapsed, the amount due may be expensed as a bad debt loss.

Sec. 6. (a) This section applies whenever a property owner has notified the county by certified mail with return receipt requested of the address to which the owner's notice is to be sent.

(b) A lien does not attach under this article against a building or other real property improvement occupied by someone other than the owner unless the officer of the county who is charged with the collection of fees notifies the owner of the property after the fees have become sixty (60) days delinquent.

Sec. 7. (a) The county shall release:

- (1) liens filed with the county recorder after the recorded date of conveyance of the property; and
- (2) delinquent fees incurred by the seller;

on receipt of a verified demand in writing from the purchaser.

(b) A demand referred to in subsection (a) must state the following:

- (1) That the delinquent fees were not incurred by the purchaser as a user, lessee, or previous owner.
- (2) That the purchaser has not been paid by the seller for the delinquent fees.

Chapter 5. Enforcement of Delinquencies

Sec. 1. This chapter applies only to fees or penalties under this article that have been due and unpaid for at least ninety (90) days.

Sec. 2. The county treasurer shall enforce the payment of fees and penalties imposed under this article. The officer shall, not more than two (2) times in a year, prepare a list of the delinquent fees, including the amount of the penalty, that are enforceable under this chapter. The list must include the following:

- (1) The name of each owner of each building or other real property improvement on which the fees have become delinquent.
- (2) The description of the property as shown by the records of the office of the county auditor.
- (3) The amount of the fees, together with the amount of the penalty.

Sec. 3. (a) The county treasurer shall record a copy of the list prepared under section 2 of this chapter in the office of the county recorder.

(b) The county recorder shall charge a fee for recording the list in accordance with the fee schedule established in IC 36-2-7-10.

(c) After recording the list, the county treasurer shall mail to each property owner on the list a notice stating that a lien against the owner's property has been recorded.

(d) This subsection applies only to a county that does not

contain a consolidated city. A service charge of five dollars (\$5), which is in addition to the recording fee charged under this section and section 6 of this chapter, shall be added to each delinquent fee that is recorded.

Sec. 4. (a) This section applies only to a county containing a consolidated city.

(b) Using the lists prepared and recorded under sections 2 and 3 of this chapter, the county treasurer shall certify to the county auditor a list of the liens that remain unpaid according to the following schedule:

(1) Liens recorded on or after August 1 of the preceding year and before February 1 of the current year shall be certified before March 1 of each year for collection in May of the same year.

(2) Liens recorded on or after February 1 of the current year and before August 1 of the current year shall be certified before September 1 of each year for collection in November of the same year.

(c) The county and the officers and employees of the county are not liable for any material error in the information on the list prepared under subsection (b).

Sec. 5. (a) This section applies only to a county that does not contain a consolidated city.

(b) Using the lists prepared and recorded under sections 2 and 3 of this chapter:

(1) after April 1 of the preceding year; and

(2) before April 1 of the current year;

the county treasurer shall before June 1 of each year certify to the county auditor a list of the liens that remain unpaid for collection in the next November.

(c) The county and the officers and employees of the county are not liable for any material error in the information on the list.

Sec. 6. (a) The county treasurer shall release a recorded lien when the:

- (1) delinquent fees;
- (2) penalties;
- (3) service charges; and
- (4) recording fees;

have been fully paid.

(b) The county recorder shall charge a fee for releasing the lien in accordance with IC 36-2-7-10.

Sec. 7. (a) This subsection applies to a county that does not contain a consolidated city. On receipt of the list under section 5 of this chapter, the county auditor shall add a fifteen dollar (\$15) certification fee for each lot or parcel of real property on which fees are delinquent. The certification fee is in addition to all other applicable fees. The county auditor shall immediately enter on the tax duplicate for the municipality the:

- (1) delinquent fees;
- (2) penalties;
- (3) service charges;
- (4) recording fees; and
- (5) certification fees;

that are due not later than the due date of the next November installment of property taxes.

(b) This subsection applies to a county having a consolidated city. On receipt of the list under section 4 of this chapter, the county auditor shall enter on the tax duplicate the:

- (1) delinquent fees;
- (2) penalties;
- (3) service charges; and
- (4) recording fees;

that are due not later than the due date of the next installment of property taxes.

(c) The county treasurer shall include any unpaid charges for the:

- (1) delinquent fee;
- (2) penalty;
- (3) service charge;
- (4) recording fee; and
- (5) certification fee;

for each owner of each lot or parcel of property at the time the next cycle's property tax installment is billed.

Sec. 8. (a) This section does not apply to a county containing a consolidated city.

(b) After June 1 of each year, the county treasurer may not collect or accept:

- (1) delinquent fees;
- (2) penalties;
- (3) service charges;
- (4) recording fees; or
- (5) certification fees;

from property owners whose property has been certified to the county auditor.

Sec. 9. If a:

- (1) delinquent fee;
- (2) penalty;
- (3) service charge;
- (4) recording fee; or
- (5) certification fee;

is not paid, the county treasurer shall collect the unpaid money in the same way that delinquent property taxes are collected.

Sec. 10. (a) At the time of each semiannual tax settlement, the county treasurer shall certify to the county auditor all:

- (1) fees;
- (2) service charges; and
- (3) penalties;

that have been collected.

(b) The county auditor shall:

- (1) deduct the service charges and certification fees collected by the county treasurer; and
- (2) pay to the county treasurer the remaining fees and penalties due the county.

(c) The county treasurer shall:

- (1) retain the service charges and certification fees that have been collected; and
- (2) deposit the charges and fees in the county general fund.

Sec. 11. (a) This section applies to a:

- (1) fee;
- (2) penalty; or
- (3) service charge;

that was not recorded before a recorded conveyance.

(b) The:

- (1) fee;
- (2) penalty; or
- (3) service charge;

shall be removed from the tax roll for a purchaser who, in the manner prescribed by IC 36-13-4-7, files a verified demand with the county auditor.

HOUSE MOTION
(Amendment 1001-10)

Mr. Speaker: I move that House Bill 1001 be amended to read as follows:

Delete the title and insert the following:

A BILL FOR AN ACT to amend the Indiana Code concerning local government and to make an appropriation.

Page 259, delete lines 4 through 42, begin a new paragraph and insert:

"SECTION 288. [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: (a) The definitions in IC 6-1.1-1, IC 6-1.1-20.9-1, and IC 6-1.1-21-2 apply throughout this SECTION.

(b) The following definitions apply throughout this SECTION:

(1) "Family and children's fund" refers to a family and children's fund established under IC 12-19-7-3.

(2) "Family and children's fund levy" refers to the sum of the property tax levies first due and payable in a year for a county's family and children's fund.

(3) "Nonresidential property" means tangible property that is subject to property taxation other than residential property.

(4) "Residential property" refers to residential property, as determined under the rules of the department of local government finance that classify tangible property for property tax purposes.

(c) Not later than the later of three (3) regular business days after the effective date of this SECTION or February 1, 2006, the budget agency shall certify to the department of local government finance and the auditor of state the surplus state tax amnesty revenues attributable to the amnesty program established under IC 6-8.1-3-17. The amount of surplus state tax amnesty revenues is the amount determined under STEP THREE of the following formula:

STEP ONE: Determine the balance on January 30, 2006, of the sum of the following:

(A) The total of the tax liability collected in the amnesty program established under IC 6-8.1-3-17.

(B) The total of the tax liability that:

- (i) a taxpayer has agreed to pay under a written payment plan entered into under IC 6-8.1-3-17; and
- (ii) is due under the taxpayer's written payment plan after January 30, 2006, and before July 1, 2006.

STEP TWO: Subtract from the STEP ONE amount the part of the STEP ONE amount that is attributable to listed taxes collected for a political subdivision (as defined in IC 36-1-2-13), including the following:

- (A) The county adjusted gross income tax (IC 6-3.5-1.1).

- (E) The auto rental excise tax (IC 6-6-9).
- (F) The financial institutions tax (IC 6-5.5).
- (G) The gasoline tax (IC 6-6-1.1).
- (H) The alternative fuel permit fee (IC 6-6-2.1).
- (I) The special fuel tax (IC 6-6-2.5).
- (J) The motor carrier fuel tax (IC 6-6-4.1).
- (K) A motor fuel tax collected under a reciprocal agreement under IC 6-8.1-3.
- (L) The motor vehicle excise tax (IC 6-6-5).
- (M) The commercial vehicle excise tax (IC 6-6-5.5).

STEP THREE: Subtract from the STEP TWO amount the estimated out of pocket costs that the budget agency determines will be incurred by the state to administer this SECTION in 2006 and 2007. The amount estimated under this STEP may be adjusted in 2007 to reflect actual expenditures. Any adjustments apply only to reduce or increase a distribution required under this SECTION in 2007.

(d) A taxpayer is entitled to an additional property tax replacement credit against property tax liability first due and payable:

(1) in 2006; and

(2) in 2007, if the amount remaining in the special account established under subsection (g) after making the distribution required under subsection (h) for 2006 is at least two percent (2%) of the increase in the levy resulting from the tax rates for 2007 described in subsection (e) STEP THREE.

The amount of the credit for property taxes first due and payable in a year is the credit determined under subsection (e).

(e) In 2006 not later than the later of six (6) regular business days after the effective date of this SECTION or February 15, 2006, and in 2007 at the time property tax rates, property tax levies, and budgets are certified under IC 6-1.1-17-16, the department of local government finance shall certify to counties the additional property tax credit percentage or other procedure or formula to use, as determined by the department of local government finance, to provide taxpayers in a particular county with property tax relief substantially equal to the amount determined under STEP THIRTEEN of the following formula:

STEP ONE: Determine the family and children's fund levy in the county for property taxes first due and payable in 2005.

STEP TWO: Determine the family and children's fund levy in the county for property taxes first due and payable in the current year.

STEP THREE: Determine the result of:

(A) the STEP ONE amount; divided by

(B) the STEP TWO amount;

rounded to the nearest ten thousandth (0.0001).

STEP FOUR: Determine the greater of zero (0) or the result of:

(A) One (1); minus

(B) the STEP THREE result.

STEP FIVE: Determine the taxpayer's property tax liability for the county's family and children's fund levy that:

(A) is first due and payable in the current year; and

(B) is imposed on all of the taxpayer's residential property in the county for the assessment date for property taxes first due and payable in the current year; after applying the part of the credits granted under IC 6-1.1-20.9-2 and IC 6-1.1-21-5 that are attributable to the property taxes described in this STEP.

STEP SIX: Determine the result of:

(A) the STEP FOUR result; multiplied by

(B) the STEP FIVE amount.

STEP SEVEN: Determine the result of:

(A) the STEP SIX result; divided by

(B) the assessed value of all of the taxpayer's residential property in the county for the assessment date for property taxes first due and payable in the current year; rounded to the nearest ten thousandth (0.0001).

STEP EIGHT: Determine the result of:

(A) the STEP SEVEN result; multiplied by

(B) the lesser of:

(i) the assessed value of all of the taxpayer's residential property in the county for the assessment date for property taxes first due and payable in the current year; or

(ii) three hundred fifty thousand dollars (\$350,000).

STEP NINE: Determine the taxpayer's property tax liability for the county's family and children's fund levy that:

(A) is first due and payable in the current year; and

(B) is imposed on all of the taxpayer's nonresidential property in the county for the assessment date for property taxes first due and payable in the current year; after applying the part of the credits granted under IC 6-1.1-21-5 that is attributable to the property taxes described in this STEP.

STEP TEN: Determine the result of:

(A) the STEP FOUR result; multiplied by

(B) the STEP NINE amount.

STEP ELEVEN: Determine the result of:

(A) the STEP TEN result; divided by

(B) the assessed value of all of the taxpayer's nonresidential property in the county for the assessment date for property taxes first due and payable in the current year;

rounded to the nearest ten thousandth (0.0001).

STEP TWELVE: Determine the result of:

(A) the STEP ELEVEN result; multiplied by

(B) the lesser of:

(i) the assessed value of all of the taxpayer's nonresidential property in the county for the assessment date for property taxes first due and payable in the current year; or

(ii) one million dollars (\$1,000,000).

STEP THIRTEEN: Determine the result of:

(A) the STEP EIGHT result; plus

(B) the STEP TWELVE result.

If in 2006, the amount certified under subsection (c) and, in 2007, the amount remaining in the special account established under subsection (g) (after making the distribution required under subsection (h)) is less than the sum of the STEP THIRTEEN amounts for all taxpayers in Indiana, the credit shall be proportionally reduced, as determined by the department of local government finance, to eliminate the excess.

(f) A county auditor:

(1) may apply the entire amount of an additional property tax credit under this SECTION equally to all installments of property taxes first due from the taxpayer in the year; or
(2) if application of the credit to the first installment would delay the delivery of tax statements more than thirty (30) days after the date that the tax statements would otherwise be mailed or transmitted, may issue revised tax statements and apply the entire credit to the property tax due in a later installment.

IC 6-1.1-22.5-6 does not apply to a delay in the delivery of an abstract described in subdivision (2). The department of local government finance may prescribe procedures to apply an additional property tax replacement credit to tax statements. A county auditor shall comply with the procedures prescribed under this subsection.

(g) Not later than the later of:

(1) the end of the month in which the budget agency certifies the amount of the surplus state tax amnesty revenues; or

(2) March 31, 2006;

the auditor of state shall transfer to the property tax replacement fund from unrestricted revenues in the state general fund an amount equal to the surplus state tax amnesty revenues certified to the auditor of state under this SECTION. The amount transferred shall be accounted for separately from other money in the property tax replacement fund. Money in the special account may be used only to make distributions to taxing units to replace revenue lost to a county as the result of the application of the additional property tax credit established by this SECTION. Money remaining in the special account on June 30 of the state fiscal year that ends after the property tax replacement fund board makes the last distribution required under this SECTION reverts to the state general fund.

(h) The property tax replacement fund board shall provide for an additional distribution to taxing units from the special account in the property tax replacement fund established under subsection (g) to replace revenue lost to a county as the result of the application of the additional property tax credit established by this SECTION. The distribution shall be made on the schedule determined by the property tax replacement fund board. To the extent possible, the property tax replacement fund board shall make distributions under this subsection at the same time distributions of homestead credits and other property tax replacement credits are made. A distribution under this subsection is not subject to any law limiting the maximum amount that may be distributed under IC 6-1.1-21. The amount distributed under this subsection is not included in the amount used to determine the minimum amount that must be distributed or maximum distribution that may not be exceeded under IC 6-1.1-21.

(i) The amount necessary to make distributions under subsection (h) is annually appropriated as an additional appropriation to the property tax replacement fund board from the special account in the property tax replacement fund established under subsection (g).

(j) This subsection applies to a taxpayer in an allocation area that would be eligible for an additional credit under any of the following:

(1) IC 8-22-3.5-10.

(2) IC 36-7-14-39.5.

(3) IC 36-7-15.1-26.5.

(4) IC 36-7-15.1-35.

(5) IC 36-7-15.1-56.

(6) IC 36-7-30-27.

(7) IC 36-7-30.5-32.

(8) IC 36-7-32-18.

As used in this subsection, "designating body" refers to the governing body permitted to reduce an additional credit otherwise granted in an allocation area to which a provision described in subdivisions (1) through (8) applies. Subject to this subsection, a taxpayer in an allocation area is entitled to a supplemental credit. The amount of the supplemental credit is equal to the amount necessary to give the taxpayer the same total credit that the taxpayer would have received if the taxpayer's tangible property were not located in an allocation area. The supplemental credit reduces the amount of proceeds allocated to the district where the allocation area is located and paid into an allocation fund. A designating body may reduce the amount of the supplemental credits granted in an allocation area in the same manner and for the same reasons that the designating body is permitted to reduce an additional credit in the allocation area. The department of local government finance may prescribe procedures to use to apply a supplemental credit to tangible property in an allocation area. A county auditor shall comply with the procedures prescribed under this subsection."

HOUSE MOTION (Amendment 1001-26)

Mr. Speaker: I move that House Bill 1001 be amended to read as follows:

Page 129, between lines 6 and 7, begin a new paragraph and insert: "SECTION 132. IC 6-1.1-37-14 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 14. (a) As used in this section, "department" refers to the department of local

government finance.

(b) The county treasurer of each county may establish an amnesty program for taxpayers liable for delinquent property taxes that were first due and payable before January 1, 2007. For purposes of this subsection, property taxes are considered delinquent if a penalty applies to the property taxes under section 10 of this chapter. The time in which a voluntary payment of tax liability may be made under the amnesty program is limited to the period determined by the county treasurer, not to exceed eight (8) regular business weeks:

(1) beginning after June 30, 2006; and

(2) ending before the earlier of:

(A) the date set by the county treasurer; or

(B) January 1, 2007.

(c) The amnesty program must provide that:

(1) a taxpayer liable for delinquent property taxes on real property is eligible for the abatement of penalties imposed under section 10 of this chapter, collection fees, and costs before the end of the period for redemption of the property from tax sale under IC 6-1.1-25-4; and

(2) upon payment by a taxpayer to the county treasurer of all delinquent property taxes due from the taxpayer with respect to all tangible property in the county on which the taxpayer is liable for property taxes, and compliance with all other amnesty conditions adopted under a rule or policy of the department in effect on the date the voluntary payment is made, the county treasurer:

(A) shall abate and not seek to collect any penalties imposed under section 10 of this chapter, collection fees, or costs that would otherwise apply to the collection of the delinquent property taxes;

(B) shall release any liens imposed on the property for which the taxpayer is liable for property taxes; and

(C) shall not seek civil or criminal prosecution against any individual or entity with respect to the delinquent property taxes.

(d) The county treasurer shall publish under IC 5-3-1 a notice of the period determined by the county treasurer under subsection (b) for the application of this section.

(e) The county treasurer may abate delinquent property tax penalties imposed under section 10 of this chapter, collection fees, and costs to carry out the purposes of this section.

(f) Amnesty granted under this subsection is binding on the state, the county, and political subdivisions in the county. However, failure to pay to the county treasurer all delinquent property taxes due invalidates any amnesty granted under this subsection.

(g) The department shall conduct an assessment of the impact of the property tax amnesty program on tax collections and an analysis of the costs of administering the property tax amnesty program. As soon as practicable after December 31, 2006, the department shall submit a copy of the assessment and analysis to the legislative council in an electronic format under IC 5-14-6. County treasurers shall submit the information required by the department to conduct the assessment and analysis required under this subsection.

(h) The department may adopt emergency rules under IC 4-22-2-37.1 to implement this section. An emergency rule described in this subsection expires not later than one (1) year after it is adopted."

COMMITTEE REPORT

Mr. Speaker: Your Committee on Education, to which was referred House Bill 1381, has had the same under consideration and begs leave to report the same back to the House with the recommendation

that said bill be amended as follows:

"SECTION 2. IC 21-3-1.7-8.2, AS AMENDED BY P.L.246-2005, SECTION 199, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 8.2. (a) Notwithstanding IC 21-3-1.6 and subject to section 9 of this chapter, the state distribution for a calendar year for tuition support for basic programs for each school corporation equals the result determined using the following formula:

STEP ONE: For a:

(A) school corporation not described in clause (B), determine the school corporation's result under STEP SEVEN of section 6.7(c) of this chapter for the calendar year; and

(B) school corporation that has target revenue per adjusted ADM for a calendar year that is equal to the amount under section 6.7(c) STEP ONE of this chapter, determine the sum of:

(i) the school corporation's result under section 6.7(c) STEP ONE of this chapter for the calendar year multiplied by the school corporation's adjusted ADM for the current year; plus

(ii) the amount of the annual decrease in federal aid to impacted areas from the year preceding the ensuing calendar year by three (3) years to the year preceding the ensuing calendar year by two (2) years; plus

(iii) the part of the maximum general fund levy for the year that equals the original amount of the levy imposed by the school corporation to cover the costs of opening a new school facility or reopening an existing facility during the preceding year.

STEP TWO: This STEP applies to a school corporation that is not a charter school. Determine the sum of:

(A) the school corporation's tuition support levy; plus

(B) the school corporation's excise tax revenue for the year that precedes the current year by one (1) year.

STEP THREE: This STEP applies to a charter school. Determine the product of:

(A) the amount determined under section 6.7(c) STEP SEVEN of this chapter for the charter school; multiplied by

(B) thirty-five hundredths (0.35).

STEP FOUR: Determine the difference between:

(A) the STEP ONE amount; minus

(B) the STEP TWO or STEP THREE amount, as applicable.

STEP FIVE: Determine the result of:

(A) the STEP FOUR result; minus

(B) the amount determined under subsection (c).

(b) If the state tuition support determined for a school corporation under this section is negative, the school corporation is not entitled to any state tuition support. In addition, the school corporation's maximum general fund levy under IC 6-1.1-19-1.5 shall be reduced by the amount of the negative result.

(c) The amount to be used under subsection (a) STEP FIVE (B) is the greater of:

(1) zero (0); or

(2) the amount by which the department of education determines the school corporation's state tuition support distribution would be reduced as a result of the enrollment of qualified dependents (as defined in IC 6-3.1-31-8) in a school of choice (as defined in IC 6-3.1-31-11) rather than the school corporation if section 6.6 of this chapter did not apply to the school corporation.

The department of education shall base a determination described in subdivision (2) on an analysis of the effects of IC 6-3.1-31 on the trend of enrollment of eligible pupils and qualified dependents (as defined in IC 6-3.1-31-8) in kindergarten in each attendance area of the school corporation. The department of education shall review the methodology used in the analysis with the budget committee."

- (3) is not eligible for the property tax exemption under IC 6-1.1-10-16 or IC 6-1.1-10-24 for property taxes first due and payable in 2001, 2002, 2003, and 2004 because the nonprofit corporation failed to timely file an application under IC 6-1.1-11-3.5.

(d) This SECTION expires July 1, 2007.

SECTION 15. P.L.228-2005, SECTION 35, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: SECTION 35. (a) The definitions in IC 6-1.1-1 apply throughout this SECTION.

(b) As used in this SECTION, "taxpayer" means a nonprofit

corporation that is an owner of land and improvements:

(1) that were:

- (A) owned and occupied by the taxpayer during the period preceding the assessment date in 1999 and continuing through the date that this SECTION is effective; and
- (B) used to prepare and create a soccer facility to provide youths with the opportunity to play supervised and organized soccer against other youths;

(2) for which the property tax liability imposed for property taxes first due and payable in 2000, 2001, 2002, 2003, and 2004 exceeded ~~thirty-three~~ thirty thousand dollars (~~\$33,000~~) (\$30,000), in total, which has been paid by the taxpayer;

(3) that would have qualified for an exemption under IC 6-1.1-10 from property taxes first due and payable in 2000, 2001, 2002, 2003, and 2004 if the taxpayer had complied with the filing requirements for the exemption in a timely manner; and

(4) that have been granted an exemption under IC 6-1.1-10 from property taxes first due and payable in 2005.

(c) Land and improvements described in subsection (b) are exempt under IC 6-1.1-10-16 from property taxes first due and payable in 2003 and 2004, notwithstanding that the taxpayer failed to make a timely application for the exemption for those years.

(d) The taxpayer may file claims with the county auditor for a refund for the amounts paid toward property taxes on land and improvements described in subsection (b) that were billed to the taxpayer for property taxes first due and payable in 2003 and 2004. The claims must be filed as set forth in IC 6-1.1-26-1(1) through IC 6-1.1-26-1(3). The claims must present sufficient facts for the county auditor to determine whether the claimant is a person that meets the qualifications described in subsection (b) and the amount that should be refunded to the taxpayer.

(e) Upon receiving a claim filed under this SECTION, the county auditor shall determine whether the claim is correct. If the county auditor determines that the claim is correct, the county auditor shall submit the claim under IC 6-1.1-26-4 to the county board of commissioners for review. The only grounds for disallowing the claim under IC 6-1.1-26-4 are that the claimant is not a person that meets the qualifications described in subsection (b) or that the amount claimed is not the amount due to the taxpayer. If the claim is allowed, the county auditor shall, without an appropriation being required, issue a warrant to the claimant payable from the county general fund for the amount due the claimant under this SECTION. The amount of the refund must equal the amount of the claim allowed. Notwithstanding IC 6-1.1-26-5, no interest is payable on the refund.

(f) This SECTION shall be liberally construed in favor of the taxpayer to give effect to the purposes of this SECTION.

COMMITTEE REPORT

Mr. Speaker: Your Committee on Local Government, to which was referred House Bill 1212, has had the same under consideration and begs leave to report the same back to the House with the recommendation that said bill be amended as follows:

Page 1, between the enacting clause and line 1, begin a new paragraph and insert:

"SECTION 1. IC 36-9-25-3 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 3. (a) A department of public sanitation is established as an executive department of the municipality. **However, in the case of a district described in subsection (b)(2), the department is established as an executive department of each municipality in the district.**

(b) The department is under the control of a board of sanitary commissioners, which is composed as follows:

(1) If the department is established under section 1(a) of this chapter, the board consists of not less than three (3) but not more than five (5) commissioners. All of the commissioners shall be appointed by the municipal executive, unless one (1) commissioner is the municipal engineer. Not more than two (2) of the commissioners may be of the same political party, unless the board consists of five (5) commissioners, in which case not more than three (3) may be of the same political party.

(2) Notwithstanding subdivision (1), if the department is established under section 1(a) of this chapter and the district contains at least one (1) city having a population of less than one hundred thousand (100,000) and at least one (1) town, the board consists of one (1) commissioner from each municipality in the district. The executive of each of those municipalities shall appoint one (1) commissioner. If after all appointments are made the board has fewer than five (5) commissioners, the executive of the municipality with the largest population shall appoint the number of additional commissioners needed to bring the total to five (5). Not more than three (3) of the commissioners may be of the same political party.

(3) If the department is established under section 1(b) of this chapter, the board consists of three (3) commissioners. Two (2) commissioners shall be appointed by the city executive and one (1) commissioner is the city civil engineer. However, if the department is located in a county having a population of:

(A) more than one hundred five thousand (105,000) but less than one hundred ten thousand (110,000);

(B) more than one hundred ten thousand (110,000) but less than one hundred fifteen thousand (115,000);

(C) more than one hundred forty-eight thousand (148,000) but less than one hundred seventy thousand (170,000); or

(D) more than one hundred thirty thousand (130,000) but less than one hundred forty-five thousand (145,000);

and the city does not have a city civil engineer, the third commissioner shall also be appointed by the executive. The third commissioner, however, must be a licensed engineer with at least five (5) years experience in civil or sanitary engineering. In addition, in such a city the commissioners may not hold another public office. Not more than two (2) of the commissioners may be of the same political party.

(c) Before beginning the commissioner's duties, each commissioner shall take and subscribe the usual oath of office. The oath shall be endorsed upon the certificate of appointment and filed with the municipal clerk.

(d) Each commissioner shall also execute a bond in the penal sum of five thousand dollars (\$5,000) payable to the state and conditioned upon the faithful performance of the commissioner's duties and the faithful accounting for all money and property that comes under the commissioner's control. The bond must be approved by the municipal executive.

(e) The appointed commissioners are entitled to a salary of not less than three thousand six hundred dollars (\$3,600) a year during actual construction and not less than six hundred dollars (\$600) a year in other years.

(f) Notwithstanding IC 36-1-8-10, whenever this section requires that the membership of the board of sanitary commissioners not exceed a stated number of members from the same political party, at the time of appointment the appointee must:

(1) have voted in the two (2) most recent primary elections held by the party with which the appointee claims affiliation; or

(2) if the appointee did not vote in the two (2) most recent primary elections or only voted in one (1) of those elections, be certified as a member of the party with which the appointee claims affiliation by that party's county chairman for the county in which the appointee resides.

SECTION 2. IC 36-9-25-10 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 10. In performing its duties the board may do the following:

(1) If needed for sewage works, condemn, appropriate, lease, rent, purchase, and hold any real or personal property within the district or within five (5) miles outside the boundaries of the district.

(2) Enter upon any lots or lands for the purpose of surveying or examining them to determine the location of any sewage works or other structures, roads, levees, or walls connected with or necessary for the use or operation of the facilities.

(3) Design, order, contract for, construct, reconstruct, and maintain the sewage works.

(4) Build or have built all roads, levees, walls, other structures, or lagoons that may be desirable in connection with sewage works and make improvements to the grounds and premises under its control, including the erection and operation of a plant for the removal of sand and gravel from the grounds.

(5) Compel the owners, operators, or lessees of all factories, shops, works, plants, or other structures to treat, purify, or eliminate from the sewage and trade waste of the premises any ingredients that interfere with the successful operation of the sewage works. It may compel the owners, operators, or lessees of the premises located on a watercourse to direct an excessive flow of water into the watercourse.

(6) Review and approve plans for privately constructed plants for the treatment or elimination of trade waste. This is to insure that an owner, operator, or lessee of a house, factory, shop, works, plant, or other structure that may be directly or indirectly connected with sewers emptying into the sewage works does not construct a purification plant, machine, or other device for eliminating or treating the trade waste from those places for the purpose of eliminating ingredients that would harm the sewage

works until the plans have been submitted to and approved by the board. After plans have been submitted to the board, it may reject them in their entirety or order changes to be made that include its supervision and regulation of the operation. An appeal may be taken from the decision of the board rejecting the plans submitted or ordering changes by the owner, operator, or lessee of a proposed private plant, in the same manner as appeals from the works board as far as applicable.

(7) Build or have built a plant or plants and all appurtenances for the treatment of sludge, pressing of sludge, or converting sludge into marketable fertilizer.

(8) Sell any byproduct from the sewage works, or furnish any byproduct free for the use of the municipality or for other public uses, with revenue derived from the sale above the amount needed for maintenance to be paid into the sanitary district bond fund, or if no bonds are outstanding, to revert to its general fund.

(9) Compel the owners, lessees, or agents in possession of lots or land from which sewers discharge sewage or drainage and pollute a watercourse or body of water or constitute a menace to public health and welfare to connect the sewers with drains leading directly or indirectly into sewage works regulating the use and assessing reasonable charges.

(10) Construct or have constructed regulating devices at the junction of combined sewers with intercepting sewers to regulate the discharge into the intercepting and connecting sewers to prevent the pollution of streams or bodies of water or a menace to the public health and welfare.

(11) Construct, **add to, reconstruct, or maintain** an incinerating or reduction plant or other plants for the conversion, destruction, or disposal of garbage, filth, ashes, dirt, and rubbish. ~~and add to, reconstruct, and maintain it: It~~ **The board** may operate the plant in connection with sewage works, and sell any byproducts derived from the garbage, filth, ashes, or rubbish, including sand and gravel taken from lands under the control of the board at prices that are determined by the board, or furnish it free to the municipality or for other public uses, with revenue derived above the amount needed for maintenance to be paid into the sanitary district bond fund, or if no bonds are outstanding, to revert to its general fund.

(12) Take charge of all real property, belonging to the municipality and under the control of the works board, suitably located for sewage works if the board demands the works board, subject to contracts, to relinquish and transfer control of real and personal property used by the works board for the collection and removal of garbage and ashes. The transfer of personal property must be made by resolution adopted by the works board describing the property, with a copy of the resolution to be delivered to the board and made a matter of record in the minutes of the proceedings of the board.

(13) Collect and remove, or contract for the collection and removal of, all garbage, ashes, dead animals, refuse, and wastes from domestic premises, and construct or have constructed stations, including barns, garages, sheds, blacksmith shops, dumps, incinerators, and all other useful or necessary improvements for this purpose. This includes the power to collect and remove soil and other sewage in areas not provided with sewers, and then to discharge or dispose of it into sewage works.

(14) Enter into contracts in the name of the municipality, with the approval of the executive as provided by law. **However, in the case of a district described in section 3(b)(2) of this chapter, the board may enter into contracts in the name of:**

(A) a municipality in the district, with the approval of the executive of the municipality; or

(B) the district, with the approval of the board.

(15) Employ and pay for all engineering, architectural, legal, and other professional services needed in carrying out this chapter, including determining the number, prescribing the duties, and fixing the compensation for all its engineers, chemists, attorneys, bacteriologists, surveyors, inspectors, clerks, stenographers, laborers, supervisors, and other employees as provided by law for other executive departments

of the municipality.

(16) Adopt resolutions, rules, and bylaws that are necessary to carry out this chapter, including repealing or amending them consistent with this chapter.

(17) Prepare a schedule of reasonable service fees and collect them from persons who own, lease, or possess or control as tenants or as agents lots or lands located outside the boundaries of the district if the lots or lands are benefited by connection into the sanitary sewer system of the district as described in this chapter, with the proceeds from sewage connections and treatment service credited to the general fund of the district for general use and maintenance purposes. The fees may be fixed, repealed, or amended, or the service discontinued, by the board at its discretion.

(18) Sue or be sued in the name of the municipality, with payment for obligations and of a judgment against the municipality in an action to be made solely from funds of the department and its district that may be available for this purpose. **In the case of a district described in section 3(b)(2) of this chapter, the board may sue or be sued in the name of any municipality in the district or in the name of the district. If a judgment is entered against a municipality in the district, payment of obligations and the judgment shall be made solely from available funds of the department or the district.**

(19) Pay for services rendered or for any other obligations incurred by the board while executing its powers, or pay any judgments, including interest and costs, by issuing and selling the bonds of the district, or obtaining temporary loans or levying taxes as authorized by this or other statutes for any other purpose.

(20) Lease, rent, purchase, and hold real or personal property more than five (5) miles outside the boundaries of the district if the property is needed:

(A) to store sludge;

(B) to convert sludge into marketable fertilizer; or

(C) by the district to conduct activities that are related to activities described in clause (A) or (B).

SECTION 3. IC 36-9-25-11 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 11. (a) In connection with its duties, the board may fix fees for the treatment and disposal of sewage and other waste discharged into the sewerage system, collect the fees, and establish and enforce rules governing the furnishing of and payment for sewage treatment and disposal service. The fees must be just and equitable and shall be paid by any user of the sewage works and the owner of every lot, parcel of real property, or building that is connected with and uses the sewage works of the district by or through any part of the sewerage system. This section applies to owners of property that is partially or wholly exempt from taxation, as well as owners of property subject to full taxation.

(b) The board may change fees from time to time. The fees, together with the taxes levied under this chapter, must at all times be sufficient to produce revenues sufficient to pay operation, maintenance, and administrative expenses, to pay the principal and interest on bonds as they become due and payable, and to provide money for the revolving fund authorized by this chapter.

(c) Fees may not be established until a public hearing has been held at which all the users of the sewage works and owners of property served or to be served by the works, including interested parties, have had an opportunity to be heard concerning the proposed fees. After introduction of the resolution fixing fees, and before they are finally adopted, notice of the hearing setting forth the proposed schedule of fees shall be given by publication in accordance with IC 5-3-1. After the hearing the resolution establishing fees, either as originally introduced or as amended, shall be passed and put into effect. However, fees related to property that is subject to full taxation do not take effect until they have been approved by ordinance of the municipal legislative body **or, in the case of a district described in section 3(b)(2) of this chapter, under section 11.3 of this chapter.**

(d) A copy of the schedule of the fees shall be kept on file in the office of the board and must be open to inspection by all interested parties. The fees established for any class of users or property served shall be extended to cover any additional premises thereafter served

that fall within the same class, without the necessity of hearing or notice.

(e) A change of fees may be made in the same manner as fees were originally established. However, if a change is made substantially pro rata for all classes of service, hearing or notice is not required, but approval of the change by ordinance of the municipal legislative body is required, **and, in the case of a district described in section 3(b)(2) of this chapter, approval under section 11.3 of this chapter is required.**

(f) If a fee established is not paid within thirty (30) days after it is due, the amount, together with a penalty of ten percent (10%) and a reasonable attorney's fee, may be recovered by the board from the delinquent user or owner of the property served in a civil action in the name of the municipality.

(g) Fees assessed against real property under this section also constitute a lien against the property assessed. The lien attaches at the time of the filing of the notice of lien in the county recorder's office. The lien is superior to all other liens except tax liens, and shall be enforced and foreclosed in the same manner as is provided for liens under IC 36-9-23-33 and IC 36-9-23-34.

(h) ~~This subsection applies to fees due after July 1, 1988.~~ A fee assessed against real property under this section constitutes a lien against the property assessed only when the fee is delinquent for no more than three (3) years from the day after the fee is due.

(i) In addition to the penalties under subsections (f) and (g) and section 11.5 of this chapter, a delinquent user may not discharge water into the public sewers and may have the property disconnected from the public sewers.

(j) The authority to establish a user fee under this section includes fees to recover the cost of construction of sewage works from industrial users as defined and required under federal statute or rule. Any industrial users' cost recovery fees may become a lien upon the real property and shall be collected in the manner provided by law. In addition, the imposition of the fees, the use of the amounts collected, and the criteria for the fees must be consistent with the regulations of the federal Environmental Protection Agency.

SECTION 4. IC 36-9-25-11.3 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: **Sec. 11.3. (a) This section applies to a board and district created under section 3(b)(2) of this chapter.**

(b) For purposes of this section, "commission" refers to the Indiana utility regulatory commission created by IC 8-1-1-2.

(c) For purposes of this section, "fees" means fees:

- (1) for the treatment and disposal of sewage and other waste discharged into the sewer system of the district; and**
- (2) related to property that is subject to full taxation.**

(d) Fees do not take effect until the fees are:

- (1) approved by the board; and**
- (2) either:**
 - (A) approved in an ordinance adopted by the legislative body of each municipality in the district; or**
 - (B) established by the commission under this section.**

(e) Not earlier than thirty (30) days after fees are approved under subsection (d)(1), the board may petition the commission to establish the fees under:

- (1) the procedures set forth in IC 8-1-2; and**
- (2) subsection (f).**

(f) The commission shall observe the following requirements when establishing fees for a district:

- (1) Fees must be sufficient to enable the district to furnish reasonably adequate services and facilities.**
- (2) Fees for a service must be nondiscriminatory, reasonable, and just and must produce sufficient revenue, together with taxes levied under this chapter, to do the following:**

(A) Pay all legal and other necessary expenses incident to the operation of the utility, including the following:

- (i) Maintenance costs.**
- (ii) Operating charges.**
- (iii) Upkeep.**
- (iv) Repairs.**
- (v) Depreciation.**

(vi) Interest charges on bonds or other obligations, including leases.

(B) Provide a sinking fund for the liquidation of bonds or other obligations, including leases.

(C) Provide a debt service reserve for bonds or other obligations, including leases, in an amount established by the board. The amount may not exceed the maximum annual debt service on the bonds or obligations or the maximum annual lease rentals, if any.

(D) Provide adequate money for working capital.

(E) Provide adequate money for making extensions and replacements to the extent not provided for through depreciation in clause (A).

(F) Provide money for the payment of taxes that may be assessed against the district.

(3) The fees charged by the district must produce an income sufficient to maintain district property in a sound physical and financial condition to render adequate and efficient service. Fees may not be too low to meet these requirements.

(4) If the board petitions the commission under subsection (e), the fees established must produce a reasonable return on the sanitary district facilities.

(5) Fees other than fees established for a municipally owned utility taxed under IC 6-1.1-8-3 must be sufficient to compensate the municipality for taxes that would be due the municipality on the utility property located in the municipality if the property were privately owned.

(6) The commission must grant a request by the board to postpone an increase in fees until after the occurrence of a future event.

(g) The board may transfer fees in lieu of taxes established under subsection (f)(5) to the general fund of the appropriate municipality.

(h) Fees established by the commission under this section take effect to the same extent as if the fees were approved by an ordinance adopted by the legislative body of each municipality in the district.

SECTION 5. IC 36-9-25-13 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: **Sec. 13. (a) The board, in the name of the municipality, may bring an action to recover damages for:**

- (1) the breach of an agreement, express or implied, relating to the construction, management, or repair of sewage works under its control, including real property; or**
- (2) injury to the personal or real property used in the sanitary disposal of sewage in a municipality located within the district.**

(b) The board may recover possession of property, may bring an action for the specific performance of an agreement, and may use, in the name of the municipality, any legal or equitable remedy necessary to protect and enforce the rights and perform the duties of the department.

(c) The board may establish limits on the kinds or amounts of chemicals and the strength of the waste or other substances the board considers detrimental to the sewage works. If a person discharges sewage into the sewage works that exceeds limits set by the board, the board may order the person to cease using the sewage works upon a hearing with notice. However, if evidence indicates a public health hazard is being created, the board may summarily order the person to cease without notice or hearing. Orders of the board may be enforced by bringing an action to enjoin discharges into the sewer works in any court in the county having jurisdiction to hear equity actions. A person aggrieved by an order of the board is entitled to appeal the order to the circuit or superior court of the county in which the city is located. If an order is given without notice, an appeal must be perfected within ten (10) days after receipt of the order or the right to appeal is considered waived.

(d) The board of a department in a district described in section 3(b)(2) of this chapter may bring an action in the name of:

- (1) a municipality in the district with the approval of the executive of the municipality; or**

(g) The municipal or county fiscal officer shall give notice of the sale of the bonds by publication in accordance with IC 5-3-1. The municipal fiscal officer, or county fiscal officer or executive, shall sell the bonds to the highest bidder, but may not sell them for less than ninety-seven percent (97%) of their par value. However, bonds payable solely or in part from tax proceeds allocated under section 39(b)(2) of this chapter, or other revenues of the district may be sold at a private negotiated sale.

(h) Except as provided in subsection (i), a redevelopment commission may not issue the bonds when the total issue, including bonds already issued and to be issued, exceeds two percent (2%) of the adjusted value of the taxable property in the special taxing district, as determined under IC 36-1-15.

(i) The bonds are not a corporate obligation of the unit but are an indebtedness of the taxing district. The bonds and interest are payable, as set forth in the bond resolution of the redevelopment commission:

- (1) from a special tax levied upon all of the property in the taxing district, as provided by section 27 of this chapter;
- (2) from the tax proceeds allocated under section 39(b)(2) of this chapter;
- (3) from other revenues available to the redevelopment commission; or
- (4) from a combination of the methods stated in subdivisions (1) through (3).

If the bonds are payable solely from the tax proceeds allocated under section 39(b)(2) of this chapter, other revenues of the redevelopment commission, or any combination of these sources, they may be issued in any amount without limitation.

(j) Proceeds from the sale of bonds may be used to pay the cost of interest on the bonds for a period not to exceed five (5) years from the date of issuance.

(k) All laws relating to the giving of notice of the issuance of bonds, the giving of notice of a hearing on the appropriation of the proceeds of the bonds, the right of taxpayers to appear and be heard on the proposed appropriation, and the approval of the appropriation by the department of local government finance apply to all bonds issued under this chapter that are payable from the special benefits tax levied pursuant to section 27 of this chapter or from taxes allocated under section 39 of this chapter.

(l) All laws relating to the filing of petitions requesting the issuance of bonds and the right of taxpayers to remonstrate against the issuance of bonds apply to bonds issued under this chapter, except for bonds payable solely from tax proceeds allocated under section 39(b)(2) of this chapter, other revenues of the redevelopment commission, or any combination of these sources.

(m) If a debt service reserve is created from the proceeds of bonds, the debt service reserve may be used to pay principal and interest on the bonds as provided in the bond resolution.

(n) Any amount remaining in the debt service reserve after all of the bonds of the issue for which the debt service reserve was established have matured shall be deposited in the allocation fund established under section 39(b)(2) of this chapter.

(o) If bonds are issued under this chapter that are payable solely or in part from revenues to the redevelopment commission from a project or projects, the redevelopment commission may adopt a resolution or trust indenture or enter into covenants as is customary in the issuance of revenue bonds. The resolution or trust indenture may pledge or assign the revenues from the project or projects, but may not convey or mortgage any project or parts of a project. The resolution or trust indenture may also contain any provisions for protecting and enforcing the rights and remedies of the bond owners as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the redevelopment commission. The redevelopment commission may establish fees and charges for the use of any project and covenant with the owners of any bonds to set those fees and charges at a rate sufficient to protect the interest of the owners of the bonds. Any revenue bonds issued by the redevelopment commission that are payable solely from revenues of the commission shall contain a statement to that effect in the form of bond.

(p) If the total principal amount of bonds authorized by a resolution of the redevelopment commission is equal to or greater than:

- (1) three million dollars (\$3,000,000), in the case of bonds other than bonds described in subdivision (2); or
- (2) one million dollars (\$1,000,000), in the case of bonds:
 - (A) issued to finance a program for housing established under section 46 of this chapter; or
 - (B) otherwise payable from an allocation area established for a program for housing established under section 46 of this chapter;

the bonds may not be issued without the approval, by resolution, of the legislative body of the unit."

- (4) One-fourth (1/4) on November 1 of the calendar year following the year in which the ordinance was adopted.

Notwithstanding section 11 of this chapter, the part of the certified distribution received under subdivision (1) that would otherwise be allocated to a civil taxing unit or school corporation as property tax replacement credits under section 11 of this chapter shall be set aside and treated for the calendar year when received by the civil taxing unit or school corporation as a levy excess subject to IC 6-1.1-18.5-17 or IC 6-1.1-19-1.7. (d) All distributions from an account established under section 8 of this chapter shall be made by warrants issued by the auditor of the state to the treasurer of the state ordering the appropriate payments.

(b) Before August 10 of each calendar year, each county auditor shall determine the part of the certified distribution for the next succeeding calendar year that will be allocated as property tax replacement credits and the part that will be allocated as certified shares. The percentage of a certified distribution that will be allocated as property tax replacement credits or as certified shares depends upon the county adjusted gross income tax rate for resident county taxpayers in effect on August 1 of the calendar year that precedes the year in which the certified distribution will be received by two (2) years. The percentages are set forth in the following table:

COUNTY	TAX

"SECTION 6. IC 6-3.5-7-26, AS AMENDED BY P.L.199-2005, SECTION 26, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 26. (a) This section applies only to homestead credits for property taxes first due and payable after calendar year 2006.

(b) ~~For purposes of~~ **The following definitions apply throughout this section:**

(1) **"Adopt" includes amend.**

(2) "Adopting entity" means:

(~~1~~) (A) the entity that adopts an ordinance under IC 6-1.1-12-41(f); or

(~~2~~) (B) any other entity that may impose a county economic development income tax under section 5 of this chapter.

(3) **"Homestead" refers to tangible property that is eligible for a homestead credit under IC 6-1.1-20.9.**

(c) An adopting entity may adopt an ordinance to provide for the use of the certified distribution described in section 16(c) of this chapter for the purpose provided in subsection (e). An adopting entity that adopts an ordinance under this subsection shall use the procedures set forth in IC 6-3.5-6 concerning the adoption of an ordinance for the imposition of the county option income tax. An ordinance must be adopted under this subsection after January 1 but before April 1 of a calendar year. The ordinance may provide for an additional rate under section 5(p) of this chapter. An ordinance adopted under this subsection:

(1) first applies to the certified distribution described in section 16(c) of this chapter made in the later of the calendar year that immediately succeeds the calendar year in which the ordinance is adopted or calendar year 2007; and

(2) must specify that the certified distribution must be used to provide for **one (1) of the following, as determined by the adopting entity:**

(2) used for the purpose provided in subsection (e) instead of the purposes specified in the capital improvement plans adopted under section 15 of this chapter.

(e) If an ordinance is adopted under subsection (c), the adopting entity shall use the certified distribution described in section 16(c) of this chapter to increase:

(1) if the ordinance grants a credit described in subsection (c)(2)(A) or (c)(2)(C), the homestead credit allowed in the county under IC 6-1.1-20.9 for a year; or

(2) if the ordinance grants a credit described in subsection (c)(2)(B) or (c)(2)(D), the property tax replacement credit allowed in the county under IC 6-1.1-21-5 for a year for the residential property;

(f) If the imposing entity specifies the application of uniform increased homestead credits under subsection (c)(2)(A), the county auditor shall, for each calendar year in which an increased homestead credit percentage is authorized under this section, determine:

(1) the amount of the certified distribution that is available to provide an increased residential property tax replacement credit percentage for the year;

(2) the amount of uniformly applied residential property tax replacement credits for the year in the county that equals the amount determined under subdivision (1); and

(3) the increased percentage of residential property tax replacement credit that equates to the amount of residential property tax replacement credits determined under subdivision (2).

~~(g)~~ (h) The increased percentage of homestead credit determined by the county auditor under subsection (f) **or the increased percentage of residential property tax replacement credit determined by the county auditor under subsection (g)** applies uniformly in the county in the calendar year for which the increased percentage is determined.

~~(h)~~ (i) If the imposing entity specifies the application of allocated increased homestead credits under subsection ~~(c)(2)(B)~~ (c)(2)(C), the

county auditor shall, for each calendar year in which an increased homestead credit is authorized under this section, determine:

(1) the amount of the certified distribution that is available to provide an increased homestead credit for the year; and

(2) except as provided in subsection ~~(f)~~ (l), an increased percentage of homestead credit for each taxing district in the county that allocates to the taxing district an amount of increased homestead credits that bears the same proportion to the amount determined under subdivision (1) that the amount of inventory assessed value deducted under IC 6-1.1-12-42 in the taxing district for the immediately preceding year's assessment date bears to the total inventory assessed value deducted under IC 6-1.1-12-42 in the county for the immediately preceding year's assessment date.

(j) If the imposing entity specifies the application of allocated increased residential property tax replacement credits under subsection (c)(2)(D), the county auditor shall, for each calendar year in which an increased residential property tax replacement credit is authorized under this section, determine:

(1) the amount of the certified distribution that is available to provide an increased residential property tax replacement credit for the year; and

~~(h)~~ (k) The county auditor shall retain from the payments of the county's certified distribution an amount equal to the revenue lost, if any, due to the increase of the homestead credit **or residential property tax replacement credit** within the county. The money shall be distributed to the civil taxing units and school corporations of the county:

(1) as if the money were from property tax collections; and

(2) in such a manner that no civil taxing unit or school corporation will suffer a net revenue loss because of the allowance of an increased homestead credit **or residential property tax replacement credit.**

~~(j)~~ (l) Subject to the approval of the imposing entity, the county auditor may adjust the increased percentage of:

(1) homestead credit determined under subsection ~~(h)~~(2) (i)(2) if the county auditor determines that the adjustment is necessary to achieve an equitable reduction of property taxes among the homesteads in the county; or

(2) residential property tax replacement credit determined under subsection (j)(2) if the county auditor determines that the adjustment is necessary to achieve an equitable reduction of property taxes among the residential property in the county.

SECTION 7. IC 6-9-24-9 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2006]: Sec. 9. (a) If the tax is imposed by a municipality under this chapter, the tax terminates January 1, ~~2007~~ 2017.

SECTION 1. IC 27-8-5-2.5 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2006]: Sec. 2.5. (a) As used in this section, the term "policy of accident and sickness insurance" does not include the following:

- (1) Accident only, credit, dental, vision, Medicare supplement, long term care, or disability income insurance.
- (2) Coverage issued as a supplement to liability insurance.
- (3) Automobile medical payment insurance.
- (4) A specified disease policy issued as an individual policy.
- (5) A limited benefit health insurance policy issued as an individual policy.
- (6) A short term insurance plan that:
 - (A) may not be renewed; and
 - (B) has a duration of not more than six (6) months.
- (7) A policy that provides a stipulated daily, weekly, or monthly payment to an insured during hospital confinement, without regard to the actual expense of the confinement.
- (8) Worker's compensation or similar insurance.
- (9) A student health insurance policy.

(b) The benefits provided by:

- (1) an individual policy of accident and sickness insurance; or
- (2) a certificate of coverage that is issued under a nonemployer based association group policy of accident and sickness insurance to an individual who is a resident of Indiana;

may not be excluded, limited, or denied for more than twelve (12) months after the effective date of the coverage because of a preexisting condition of the individual.

(c) ~~An individual~~ A policy of accident and sickness insurance described in subsection (b) may not define a preexisting condition, a rider, or an endorsement more restrictively than as:

- (1) a condition that would have caused an ordinarily prudent person to seek medical advice, diagnosis, care, or treatment during the twelve (12) months immediately preceding the effective date of enrollment in the plan;
- (2) a condition for which medical advice, diagnosis, care, or treatment was recommended or received during the twelve (12) months immediately preceding the effective date of enrollment in the plan; or
- (3) a pregnancy existing on the effective date of enrollment in the plan.

(d) An insurer shall reduce the period allowed for a preexisting condition exclusion described in subsection (b) by the amount of time the individual has continuously served under a preexisting condition clause for a policy of accident and sickness insurance issued under IC 27-8-15 if the individual applies for a policy under this chapter not more than thirty (30) days after coverage under a policy of accident and sickness insurance issued under IC 27-8-15 expires.

(e) This subsection applies to a policy that is issued after June 30, 2003, and before July 1, 2005. Notwithstanding subsections (b) and (c), an individual policy of accident and sickness insurance may contain a waiver of coverage for a specified condition and complications directly related to the specified condition if:

- (1) the period for which the exemption would be in effect does not exceed two (2) years; and
- (2) all of the following conditions are met:

(A) The insurer provides to the applicant before issuance of the policy a written notice explaining the waiver of coverage for the specified condition and complications directly related to the specified condition, including a specific description of each condition, complication, service, and treatment for which coverage is being waived.

(B) The:

- (i) offer of coverage; and

(C) The:

- (i) offer of coverage; and
- (ii) policy;

do not include more than two (2) waivers per individual.

(D) The waiver period is concurrent with and not in addition to any applicable preexisting condition limitation or exclusionary period.

(E) The insurer agrees to:

- (i) review the underwriting basis for the waiver upon request one (1) time per year; and
- (ii) remove the waiver if the insurer determines that evidence of insurability is satisfactory.

(F) The insurer discloses to the applicant that the applicant may decline the offer of coverage and apply for a policy issued by the Indiana comprehensive health insurance association under IC 27-8-10.

(G) The waiver of coverage does not apply to coverage required under state law.

(H) An insurance benefit card issued by the insurer to the applicant includes a telephone number for verification of coverage waived.

The insurer shall require an applicant to initial the written notice provided under subdivision (2)(A) and the waiver included in the offer of coverage and in the policy under subdivision (2)(B) to acknowledge acceptance of the waiver of coverage. An offer of coverage under a policy that includes a waiver under this subsection does not preclude eligibility for an Indiana comprehensive health insurance association policy under IC 27-8-10-5.1. This subsection expires July 1, 2007.

(f) This subsection applies to a policy that is issued after June 30, 2003, and before July 1, 2005. An insurer shall not, on the basis of a

waiver contained in a policy as provided in subsection (e), deny coverage for any condition, complication, service, or treatment that is not specified as required in the:

- (1) written notice under subsection (e)(2)(A); and
- (2) offer of coverage and policy under subsection (e)(2)(B).

This subsection expires July 1, 2007.

(g) This subsection applies to a policy that is issued after June 30, 2003, and before July 1, 2005. An individual who is covered under a policy that includes a waiver under subsection (e) may directly appeal a denial of coverage based on the waiver by filing a request for an external grievance review under IC 27-8-29 without pursuing a grievance under IC 27-8-28. This subsection expires July 1, 2007.

(h) This subsection applies to a policy that is issued after June 30, 2003, and before July 1, 2005. Notwithstanding subsection (e), an individual policy of accident and sickness insurance may not contain a waiver of coverage for:

- (1) a mental health condition; or
- (2) a developmental disability.

This subsection expires July 1, 2007.

(i) This subsection applies to a policy that is issued after June 30, 2003, and before July 1, 2005. A waiver under this section may be applied to a policy of accident and sickness insurance only at the time the policy is issued. This subsection expires July 1, 2007.

(j) This subsection applies to a policy that is issued after June 30, 2003, and before July 1, 2005. An insurer or insurance producer shall not use this section to circumvent the guaranteed access and availability provisions of this chapter, IC 27-8-15, or the federal Health Insurance Portability and Accountability Act of 1996 (P.L. 104-191). This subsection expires July 1, 2007.

(k) This subsection applies to a policy that is issued after June 30, 2003, and before July 1, 2005. A pattern or practice of violations of subsections (e) through (j) is an unfair method of competition or an unfair and deceptive act and practice in the business of insurance under IC 27-4-1-4. The policy may provide that the policyholder is liable to the insurer for the payment of a pro rata premium for the time the policy was in force during the grace period. A provision under this subdivision may provide that the insurer is not obligated to pay claims incurred during the grace period until the premium due is received.

(2) A provision that the validity of the policy may not be contested, except for nonpayment of premiums, after the policy has been in force for two (2) years after its date of issue, and that no statement made by a person covered under the policy relating to the person's insurability may be used in contesting the validity of the insurance with respect to which the statement was made, unless:

- (A) the insurance has not been in force for a period of two (2) years or longer during the person's lifetime; or
- (B) the statement is contained in a written instrument signed by the insured person.

However, a provision under this subdivision may not preclude the assertion at any time of defenses based upon a person's ineligibility for coverage under the policy or based upon other provisions in the policy.

(3) A provision that a copy of the application, if there is one, of the policyholder must be attached to the policy when issued, that all statements made by the policyholder or by the persons insured are to be deemed representations and not warranties,

and that no statement made by any person insured may be used in any contest unless a copy of the instrument containing the statement is or has been furnished to the insured person or, in the event of death or incapacity of the insured person, to the insured person's beneficiary or personal representative.

(4) A provision setting forth the conditions, if any, under which the insurer reserves the right to require a person eligible for insurance to furnish evidence of individual insurability satisfactory to the insurer as a condition to part or all of the person's coverage.

(5) A provision specifying any additional exclusions or limitations applicable under the policy with respect to a disease or physical condition of a person that existed before the effective date of the person's coverage under the policy and that is not otherwise excluded from the person's coverage by name or specific description effective on the date of the person's loss. An exclusion or limitation that must be specified in a provision under this subdivision:

(A) may apply only to a disease or physical condition for which medical advice, diagnosis, care, or treatment was received by the person or recommended to the person during the six (6) months before the enrollment date of the person's coverage; and

(B) may not apply to a loss incurred or disability beginning after the earlier of:

- (i) the end of a continuous period of twelve (12) months beginning on or after the enrollment date of the person's coverage; or
- (ii) the end of a continuous period of eighteen (18) months beginning on the enrollment date of the person's coverage if the person is a late enrollee.

This subdivision applies only to group policies of accident and sickness insurance other than those described in section 2.5(a)(1) through 2.5(a)(8) and 2.5(b)(2) of this chapter.

(6) A provision specifying any additional exclusions or limitations applicable under the policy with respect to a disease or physical condition of a person that existed before the effective date of the person's coverage under the policy. An exclusion or limitation that must be specified in a provision under this subdivision:

(A) may apply only to a disease or physical condition for which medical advice or treatment was received by the person during a period of three hundred sixty-five (365) days before the effective date of the person's coverage; and

(B) may not apply to a loss incurred or disability beginning after the earlier of the following:

- (i) The end of a continuous period of three hundred sixty-five (365) days, beginning on or after the effective date of the person's coverage, during which the person did not receive medical advice or treatment in connection with the disease or physical condition.
- (ii) The end of the two (2) year period beginning on the effective date of the person's coverage.

This subdivision applies only to group policies of accident and sickness insurance described in section 2.5(a)(1) through 2.5(a)(8) of this chapter.

(7) If premiums or benefits under the policy vary according to a person's age, a provision specifying an equitable adjustment of:

- (A) premiums;
- (B) benefits; or
- (C) both premiums and benefits;

to be made if the age of a covered person has been misstated. A provision under this subdivision must contain a clear statement of the method of adjustment to be used.

(8) A provision that the insurer will issue to the policyholder, for delivery to each person insured, a certificate, in electronic or paper form, setting forth a statement that:

- (A) explains the insurance protection to which the person insured is entitled;
- (B) indicates to whom the insurance benefits are payable; and
- (C) explains any family member's or dependent's coverage

under the policy.

The provision must specify that the certificate will be provided in paper form upon the request of the insured.

(9) A provision stating that written notice of a claim must be given to the insurer within twenty (20) days after the occurrence or commencement of any loss covered by the policy, but that a failure to give notice within the twenty (20) day period does not invalidate or reduce any claim if it can be shown that it was not reasonably possible to give notice within that period and that notice was given as soon as was reasonably possible.

(10) A provision stating that:

(A) the insurer will furnish to the person making a claim, or to the policyholder for delivery to the person making a claim, forms usually furnished by the insurer for filing proof of loss; and

(B) if the forms are not furnished within fifteen (15) days after the insurer received notice of a claim, the person making the claim will be deemed to have complied with the requirements of the policy as to proof of loss upon submitting, within the time fixed in the policy for filing proof of loss, written proof covering the occurrence, character, and extent of the loss for which the claim is made.

(11) A provision stating that:

(A) in the case of a claim for loss of time for disability, written proof of the loss must be furnished to the insurer within ninety (90) days after the commencement of the period for which the insurer is liable, and that subsequent written proofs of the continuance of the disability must be furnished to the insurer at reasonable intervals as may be required by the insurer;

(B) in the case of a claim for any other loss, written proof of the loss must be furnished to the insurer within ninety (90) days after the date of the loss; and

(C) the failure to furnish proof within the time required under clause (A) or (B) does not invalidate or reduce any claim if it was not reasonably possible to furnish proof within that time, and if proof is furnished as soon as reasonably possible but (except in case of the absence of legal capacity of the claimant) no later than one (1) year from the time proof is otherwise required under the policy.

(12) A provision that:

(A) all benefits payable under the policy (other than benefits for loss of time) will be paid in accordance with IC 27-8-5.7; and

(B) subject to due proof of loss, all accrued benefits under the policy for loss of time will be paid not less frequently than monthly during the continuance of the period for which the insurer is liable, and any balance remaining unpaid at the termination of the period for which the insurer is liable will be paid as soon as possible after receipt of the proof of loss.

(13) A provision that benefits for loss of life of the person insured are payable to the beneficiary designated by the person insured. However, if the policy contains conditions pertaining to family status, the beneficiary may be the family member specified by the policy terms. In either case, payment of benefits for loss of life is subject to the provisions of the policy if no designated or specified beneficiary is living at the death of the person insured. All other benefits of the policy are payable to the person insured. The policy may also provide that if any benefit is payable to the estate of a person or to a person who is a minor or otherwise not competent to give a valid release, the insurer may pay the benefit, up to an amount of five thousand dollars (\$5,000), to any relative by blood or connection by marriage of the person who is deemed by the insurer to be equitably entitled to the benefit.

(14) A provision that the insurer has the right and must be allowed the opportunity to:

(A) examine the person of the individual for whom a claim is made under the policy when and as often as the insurer reasonably requires during the pendency of the claim; and

(B) conduct an autopsy in case of death if it is not prohibited by law.

(15) A provision that no action at law or in equity may be

brought to recover on the policy less than sixty (60) days after proof of loss is filed in accordance with the requirements of the policy and that no action may be brought at all more than three (3) years after the expiration of the time within which proof of loss is required by the policy.

(16) In the case of a policy insuring debtors, a provision that the insurer will furnish to the policyholder, for delivery to each debtor insured under the policy, a certificate of insurance describing the coverage and specifying that the benefits payable will first be applied to reduce or extinguish the indebtedness.

(17) If the policy provides that hospital or medical expense coverage of a dependent child of a group member terminates upon the child's attainment of the limiting age for dependent children set forth in the policy, a provision that the child's attainment of the limiting age does not terminate the hospital and medical coverage of the child while the child is:

(A) incapable of self-sustaining employment because of mental retardation or mental or physical disability; and

(B) chiefly dependent upon the group member for support and maintenance.

A provision under this subdivision may require that proof of the child's incapacity and dependency be furnished to the insurer by the group member within one hundred twenty (120) days of the child's attainment of the limiting age and, subsequently, at reasonable intervals during the two (2) years following the child's attainment of the limiting age. The policy may not require proof more than once per year in the time more than two (2) years after the child's attainment of the limiting age. This subdivision does not require an insurer to provide coverage to a mentally retarded or mentally or physically disabled child who does not satisfy the requirements of the group policy as to evidence of insurability or other requirements for coverage under the policy to take effect. In any case, the terms of the policy apply with regard to the coverage or exclusion from coverage of the child.

(18) A provision that complies with the group portability and guaranteed renewability provisions of the federal Health Insurance Portability and Accountability Act of 1996 (P.L.104-191).

(d) Subsection (c)(5), (c)(8), and (c)(13) do not apply to policies insuring the lives of debtors. The standard provisions required under section 3(a) of this chapter for individual accident and sickness insurance policies do not apply to group accident and sickness insurance policies.

(e) If any policy provision required under subsection (c) is in whole or in part inapplicable to or inconsistent with the coverage provided by an insurer under a particular form of policy, the insurer, with the approval of the commissioner, shall delete the provision from the policy or modify the provision in such a manner as to make it consistent with the coverage provided by the policy.

(f) An insurer that issues a policy described in this section shall include in the insurer's enrollment materials information concerning the manner in which an individual insured under the policy may:

(1) obtain a certificate described in subsection (c)(8); and

(2) request the certificate in paper form.

SECTION 4. [EFFECTIVE JULY 1, 2006] IC 27-8-5-2.5, IC 27-8-5-16.5, and IC 27-8-5-19, all as amended by this act, apply to a certificate of coverage under a nonemployer based association group policy of accident and sickness insurance that is issued, delivered, amended, or renewed after June 30, 2006.

(b) Subject to subsection (d), in each taxable year, an individual who is obligated to repay a student loan may deduct in computing the individual's adjusted gross income the amount determined under STEP TWELVE of the following formula:

STEP ONE: Determine the total amount of payments paid by the individual with respect to the individual's student loans during the taxable year.

STEP TWO: Determine the part of the STEP ONE result that is attributable to interest and other financing charges.

STEP THREE: Subtract the STEP TWO result from the STEP ONE result to determine the part of the STEP ONE result attributable to principal.

STEP FOUR: Determine the part of the STEP TWO result deducted by the individual in computing the individual's federal adjusted gross income under Section 62 of the Internal Revenue Code.

STEP FIVE: Subtract the STEP FOUR result from the STEP TWO result.

STEP SIX: Determine the initial outstanding principal balance on the student loan as of the expiration of the most recent grace period following the final date of attendance at the most recently attended institution of higher education. In the case of a husband and wife filing a joint return, determine this amount independently for each individual, and add the two (2) amounts.

STEP SEVEN: Determine the part of the STEP SIX amount deducted by the individual in computing the individual's federal adjusted gross income under Section 62 of the Internal Revenue Code in the current and any prior taxable years.

STEP EIGHT: Divide the STEP SEVEN result by the STEP SIX result, rounding to the nearest one thousandth (0.001).

STEP NINE: Subtract the STEP EIGHT result from one (1).

STEP TEN: Multiply the STEP THREE result by the STEP NINE result.

STEP ELEVEN: Add the STEP FIVE result and the STEP TEN result.

STEP TWELVE: Determine the lesser of the following:

(A) The STEP ELEVEN result.

(B) Three thousand dollars (\$3,000).

(c) A husband and wife filing a joint adjusted gross income tax return for a particular taxable year may not claim a deduction under this section of more than three thousand dollars (\$3,000) in any taxable year.

(d) An individual may not claim the deduction provided by this section for more than ten (10) taxable years during the individual's lifetime. For purposes of applying this subsection to

an individual who files a joint return with the individual's spouse, the question of whether a joint return counts toward each spouse's lifetime allotment is determined independently for each spouse with reference to the underlying student loan. A joint return on which the deduction provided by this section is claimed counts towards a spouse's lifetime allotment only to the extent that the spouse is obligated to repay some part of the underlying student loan payments that are being deducted."

(a) Except as provided in section 5.1(i) of this chapter and subsections (d) and (e), whenever territory is annexed by a municipality under this chapter, the annexation may be appealed by filing with the circuit or superior court of a county in which the annexed territory is located a written remonstrance signed by:

- (1) ~~at least sixty-five percent (65%) more than fifty percent (50%)~~ of the owners of land in the annexed territory; or
- (2) the owners of more than ~~seventy-five percent (75%)~~ **sixty-five percent (65%)** in assessed valuation of the land in the annexed territory.

In determining the total number of landowners of the annexed territory and whether signers of the remonstrance are landowners, the names appearing on the tax duplicate for that territory constitute prima facie evidence of ownership. Only one (1) person having an interest in each single property, as evidenced by the tax duplicate, is considered a landowner for purposes of this section.

(c) If the court determines that the remonstrance is sufficient, it shall fix a time, within sixty (60) days of its determination, for a hearing on the remonstrance. Notice of the proceedings, in the form of a summons, shall be served on the annexing municipality. The municipality is the defendant in the cause and shall appear and answer.

(d) If an annexation is initiated by property owners under section 5.1 of this chapter and all property owners within the area to be annexed petition the municipality to be annexed, a remonstrance to the annexation may not be filed under this section.

(e) This subsection applies if:

- (1) the territory to be annexed consists of not more than one hundred (100) parcels; and
- (2) eighty percent (80%) of the boundary of the territory proposed to be annexed is contiguous to the municipality.

An annexation may be appealed by filing with the circuit or superior court of a county in which the annexed territory is located a written remonstrance signed by at least seventy-five percent (75%) of the owners of land in the annexed territory as determined under subsection (b).

SECTION 2. IC 36-4-3-13, AS AMENDED BY P.L.111-2005, SECTION 7, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2006]: Sec. 13. (a) Except as provided in subsections (e) and (g), at the hearing under section 12 of this chapter, the court shall order a proposed annexation to take place if the following requirements are met:

- (1) The requirements of either subsection (b) or (c).
- (2) The requirements of subsection (d).

(b) The requirements of this subsection are met if the evidence establishes the following:

- (1) That the territory sought to be annexed is contiguous to the municipality.
- (2) One (1) of the following:
 - (A) The resident population density of the territory sought to be annexed is at least three (3) persons per acre.
 - (B) Sixty percent (60%) of the territory is subdivided.
 - (C) The territory is zoned for commercial, business, or industrial uses.

(c) The requirements of this subsection are met if the evidence establishes the following:

- (1) That the territory sought to be annexed is contiguous to the

municipality as required by section 1.5 of this chapter, except that at least one-fourth (1/4), instead of one-eighth (1/8), of the aggregate external boundaries of the territory sought to be annexed must coincide with the boundaries of the municipality. (2) That the territory sought to be annexed is needed and can be used by the municipality for its development in the reasonably near future.

(d) The requirements of this subsection are met if the evidence establishes that the municipality has developed and adopted a written fiscal plan and has established a definite policy, by resolution of the legislative body as set forth in section 3.1 of this chapter. The fiscal plan must show the following:

- (1) The cost estimates of planned services to be furnished to the territory to be annexed. The plan must present itemized estimated costs for each municipal department or agency.
- (2) The method or methods of financing the planned services. The plan must explain how specific and detailed expenses will be funded and must indicate the taxes, grants, and other funding to be used.
- (3) The plan for the organization and extension of services. The plan must detail the specific services that will be provided and the dates the services will begin.
- (4) That planned services of a noncapital nature, including police protection, fire protection, street and road maintenance, and other noncapital services normally provided within the corporate boundaries, will be provided to the annexed territory within one (1) year after the effective date of annexation and that they will be provided in a manner equivalent in standard and scope to those noncapital services provided to areas within the corporate boundaries regardless of similar topography, patterns of land use, and population density.
- (5) That services of a capital improvement nature, including street construction, street lighting, sewer facilities, water facilities, and stormwater drainage facilities, will be provided to the annexed territory within three (3) years after the effective date of the annexation in the same manner as those services are provided to areas within the corporate boundaries, regardless of similar topography, patterns of land use, and population density, and in a manner consistent with federal, state, and local laws, procedures, and planning criteria.

(e) At the hearing under section 12 of this chapter, the court shall do the following:

- (1) Consider evidence on the conditions listed in subdivision (2).
- (2) Order a proposed annexation not to take place if the court finds that all of the conditions set forth in clauses (A) through (D) and, if applicable, clause (E) exist in the territory proposed to be annexed:
 - (A) The following services are adequately furnished by a provider other than the municipality seeking the annexation:
 - (i) Police and fire protection.
 - (ii) Street and road maintenance.
 - (B) The annexation will have a significant financial impact on the residents or owners of land.
 - (C) The annexation is not in the best interests of the owners of land in the territory proposed to be annexed as set forth in subsection (f).
 - (D) One (1) of the following opposes the annexation:
 - (i) ~~At least sixty-five percent (65%) more than fifty percent (50%)~~ of the owners of land in the territory proposed to be annexed.
 - (ii) The owners of more than ~~seventy-five percent (75%)~~ **sixty-five percent (65%)** in assessed valuation of the land in the territory proposed to be annexed.

Evidence of opposition may be expressed by any owner of land in the territory proposed to be annexed. (E) This clause applies only to an annexation in which eighty percent (80%) of the boundary of the territory proposed to be annexed is contiguous to the municipality and the territory consists of not more than one hundred (100) parcels. At least seventy-five percent (75%) of the owners of land in the territory proposed to be annexed oppose the annexation as determined under section 11(b) of this chapter.

(f) The municipality under subsection (e)(2)(C) bears the burden of proving that the annexation is in the best interests of the owners of land in the territory proposed to be annexed. In determining this issue, the court may consider whether the municipality has extended sewer or water services to the entire territory to be annexed:

- (1) within the three (3) years preceding the date of the introduction of the annexation ordinance; or
- (2) under a contract in lieu of annexation entered into under IC 36-4-3-21.

The court may not consider the provision of water services as a result of an order by the Indiana utility regulatory commission to constitute the provision of water services to the territory to be annexed.

(g) This subsection applies only to cities located in a county having a population of more than two hundred thousand (200,000) but less than three hundred thousand (300,000). However, this subsection does not apply if on April 1, 1993, the entire boundary of the territory that is proposed to be annexed was contiguous to territory that was within the boundaries of one (1) or more municipalities. At the hearing under section 12 of this chapter, the court shall do the following:

- (1) Consider evidence on the conditions listed in subdivision (2).
- (2) Order a proposed annexation not to take place if the court finds that all of the following conditions exist in the territory proposed to be annexed:
 - (A) The following services are adequately furnished by a provider other than the municipality seeking the annexation:
 - (i) Police and fire protection.
 - (ii) Street and road maintenance.
 - (B) The annexation will have a significant financial impact on the residents or owners of land.
 - (C) One (1) of the following opposes the annexation:
 - (i) A majority of the owners of land in the territory proposed to be annexed.
 - (ii) The owners of more than seventy-five percent (75%) in assessed valuation of the land in the territory proposed to be annexed.

Evidence of opposition may be expressed by any owner of land in the territory proposed to be annexed.

- (h) The most recent:
 - (1) federal decennial census;
 - (2) federal special census;
 - (3) special tabulation; or
 - (4) corrected population count;

shall be used as evidence of resident population density for purposes of subsection (b)(2)(A), but this evidence may be rebutted by other evidence of population density."

(2) A straight rail fence four and one-half (4 1/2) feet high.

(3) A worm rail fence five (5) feet high.

(g) This subsection applies if a ditch or creek crosses the division line between two (2) property owners, causing additional expense in the maintenance of the part over the stream. If the property owners cannot agree upon the proportionate share of each property owner, the township trustee shall appoint three (3) disinterested citizens who shall apportion the partition fence to be built by each property owner.

(h) If a township trustee is:

The partition fences shall be built and maintained under this chapter as near to the boundary line as is practical, and each property owner shall build a separate partition fence on the property owner's property and maintain the fence at the property owner's cost.

(j) This subsection applies where a partition fence required under this chapter crosses a ditch or creek and it is impracticable to construct or maintain that portion of the fence that crosses the ditch or creek as a stationary fence. Instead of the portion of the fence that would cross the ditch or creek, there shall be constructed, as a part of the partition fence, floodgates or other similar structures that are sufficiently high, tight, and strong to turn hogs, sheep, cattle, mules, and horses or other domestic animals. The floodgates or other similar structures shall be constructed to swing up in times of high water and to connect continuously with the partition fences.

(k) This subsection applies if the building and maintenance of the floodgates or other similar structure required under subsection (j) causes additional expenses and the property owners cannot agree upon the character of floodgates or other similar structure, or upon the proportionate share of the cost to be borne by each property owner. The township trustee, upon notice in writing from either property owner of a disagreement and the nature of the disagreement, shall appoint three (3) disinterested citizens of the township who shall determine the kind of structure and apportion the cost of the floodgate or other structure between the property owners, taking into consideration the parts of the fence being maintained by each property owner.

(l) The determination of a majority of the arbitrators of any matter or matters submitted to them under this section is final and binding on each property owner. The compensation of the arbitrators is two dollars (\$2) each, which shall be paid by the property owners in the proportion each property owner is ordered to bear the expense of a gate or structure.

(m) This subsection applies if either or both of the property owners fail to construct or compensate for constructing the structure determined upon by the arbitrators in the proportion determined within thirty (30) days after the determination. The township trustee shall proceed at once to construct the gate or structure and collect the cost of the gate or structure, including the compensation of the arbitrators, from the defaulting property owner in the same manner as is provided for ordinary partition fences. The floodgate or other structure shall be repaired, rebuilt, or replaced according to the determination of the arbitrators.

If the employer chooses to make the contributions, the police officer or firefighter is entitled to receive credit for the police officer's or firefighter's prior years of service without making contributions to the 1977 fund for that prior service. In no event may a police officer or firefighter

SECTION 168. IC 36-9-11.1-11 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2007]: Sec. 11. (a) All property of every kind, including air rights, acquired for off-street parking purposes, and all its funds and receipts, are exempt from taxation for all purposes. When any real property is acquired by the

consolidated city, the county auditor shall, upon certification of that fact by the board, cancel all taxes then a lien. The certificate of the board must specifically describe the real property, including air rights, and the purpose for which acquired.

(b) A lessee of the city may not be assessed any tax upon any land, air rights, or improvements leased from the city, but the separate leasehold interest has the same status as leases on taxable real property, notwithstanding any other law. Whenever the city sells any such property to anyone for private use, the property becomes liable for all taxes after that, as other property is so liable and is assessed, and the board shall report all such sales to the ~~township~~ county assessor, who shall cause the property to be upon the proper tax records.

SECTION 169. IC 36-9-17.5-1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2008]: Sec. 1. (a) Except as provided in subsection (b), this chapter applies to ~~all townships~~ a township.

(b) This chapter does not apply to a township or township district in a county having a consolidated city.

SECTION 170. IC 36-10-7-1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2008]: Sec. 1. (a) Except as provided in subsection (b), this chapter applies to the townships indicated in each section.

(b) This chapter does not apply to a township in a county having a consolidated city. All powers and duties related to parks and recreation of the townships in a county having a consolidated city are transferred to the consolidated city.

SECTION 171. IC 36-10-7.5-1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2008]: Sec. 1. (a) Except as provided in subsection (b), this chapter applies to ~~all townships~~ a township.

(b) This chapter does not apply to a township in a county having a consolidated city, and all powers and duties related to parks and recreation of the townships in a county having a consolidated city are transferred to the consolidated city.

SECTION 172. THE FOLLOWING ARE REPEALED [EFFECTIVE JULY 1, 2006]: IC 3-11-1.5-32.5; IC 33-34; IC 36-6-6-2.5; IC 36-8-4.3.

SECTION 176. [EFFECTIVE JULY 1, 2006] The general assembly finds the following:

(1) A consolidated city faces unique budget challenges due to a high demand for services combined with the large number of tax exempt properties located in a consolidated city as the seat of state government, home to several institutions of higher education, and home to numerous national, state, and regional nonprofit corporations.

(2) By virtue of its size and population density, a consolidated city has unique overlapping territories of county, city, and township government and an absence of unincorporated areas within its county.

(3) By virtue of its size, population, and absence of unincorporated areas, development extends to and across the boundaries of the contiguous governmental territories located within a county having a consolidated city, thus giving less meaning to boundaries of the governmental territories located within the county.

(4) By virtue of its size, population, absence of unincorporated areas, overlapping territories, and development to and across the boundaries of contiguous governmental territories, there is less need for differentiation of local governmental services within the separate governmental territories located within a county having a consolidated city, but rather the local governmental service needs are similar and more uniform within and across a county having a consolidated city.

(5) The provision of local governmental services by multiple governmental entities with overlapping territories, and by governmental entities with contiguous territories with less meaningful boundaries, results in disparate levels of local government services within a county having a consolidated city and results in the inefficient and poor use of taxpayer dollars.

(6) As the state capital and a center for professional

sporting events, tourism, and culture in central Indiana, the consolidated city faces unique demands for protecting governmental property and securing the safety of large numbers of residents and visitors, which require innovative approaches to public safety resources.

(7) If public safety resources are consolidated, residual services provided by townships are limited and can more effectively and uniformly be performed through consolidation at the city or county level.

(8) By virtue of its size and population patterns, township assistance needs in a consolidated city are greatest in its urban center and differ from the township assistance needs outside the urban center, and the lesser township assistance services outside the urban center can be more effectively and uniformly delivered through a consolidated district.

(9) Substantial operational efficiencies, reduction of administrative costs, and economies of scale may be obtained in a consolidated city through further consolidation of county, city, and township services and operations.

(10) Consolidation of county, city, and township services and operations in the consolidated city will serve the public purpose by allowing the consolidated city to:

- (A) eliminate duplicative services;
- (B) provide better coordinated and more uniform delivery of local governmental services;
- (C) provide uniform oversight and accountability for the budgets for local governmental services;
- (D) simplify the system of property taxation;
- (E) provide more unified tax rates; and
- (F) allow local government services to be provided more efficiently and at a lower cost than without consolidation.

(11) Efficient and fiscally responsible operation of local government benefits the health and welfare of the citizens of a consolidated city and is of public utility and benefit.

(12) The public purpose of this act is to provide a consolidated city with the means to perform essential governmental services for its citizens in an effective, efficient, and fiscally responsible manner.

SECTION 173. [EFFECTIVE JULY 1, 2006] For property taxes first due and payable in 2007, the maximum permissible ad valorem property tax levy under IC 6-1.1-18.5 for a county having a consolidated city is increased by the amount levied in 2006 for assessor and related services by each township in the county.

SECTION 174. [EFFECTIVE JULY 1, 2006] Each township district shall refer the township district's proposed budget, ad valorem property tax levy, and property tax rate for 2009 to the local government tax control board, which shall review and set the budget, levy, and rate as though the township district is covered by IC 6-1.1-18.5-7. For property taxes first due and payable in 2009, the maximum permissible ad valorem property tax limits and any other limits on ad valorem property taxes set forth in IC 6-1.1-18.5 for:

(1) a central township district shall be based upon the sum of:

- (A) the amount levied in 2008 for the general fund; plus
- (B) the amount levied in 2008 for township assistance, including reasonable administrative costs, in the central township district in a county having a consolidated city; plus
- (C) thirty-five percent (35%) of the amount levied in 2008 for township assistance, including reasonable administrative costs, by each other township located in the county containing a consolidated city; and

Sec. 3. This chapter contains full and complete authority for the issuance of bonds. - (5) IC 5-22-15 concerning preferences for Indiana businesses, to the extent permitted by applicable federal and state law and regulations.

Sec. 9. The authority may accept gifts, devises, bequests, grants, appropriations, revenue sharing, other financing and assistance, and any other aid from any source and agree to and comply with conditions attached to the aid.

Sec. 10. The authority may accept the transfer of any local road project to the authority.

Sec. 11. (a) As used in this section, "condemnor" means any person authorized by Indiana law to exercise the power of eminent domain.

(b) Except as provided in subsections (c) and (d), the authority may, in the manner provided by IC 8-23-7, acquire by appropriation any land, rights-of-way, property, rights, easements, or other legal or equitable interests necessary or convenient for the construction or the efficient operation of any local road project. However, compensation for the property taken shall first be made in money as provided by law.

(c) The authority may take or disturb property or facilities that:

- (1) belong to any public utility or to a common carrier engaged in interstate commerce;
- (2) are required for the proper and convenient operation of the public utility or common carrier; and
- (3) are not located within the limits of local road projects being constructed under this article;

only if provision is made for the restoration, relocation, or duplication of the property or facilities elsewhere at the cost of

the authority.

(d) A condemnor may not exercise the power of eminent domain to acquire real property with respect to any local road project under this article:

- (1) from a private entity; and
- (2) with the intent of transferring ownership or control of the real property to another private entity.

Sec. 12. The authority may do all things necessary or proper to carry out this article.

Sec. 13. A local unit may convey, transfer, lease, or sell, with or without consideration, real property of any nature (including buildings, structures, improvements, land, rights-of-way, easements, and legal or equitable interests), title to which is held in the name of the local unit, to the authority, without being required to advertise or solicit bids or proposals, in order to accomplish the governmental purposes of this article.

Sec. 14. All property of the authority is public property devoted to an essential public and governmental function and purpose and is exempt from all taxes and special assessments of the state or any political subdivision of the state.

Chapter 4. Contracts With Local Units

Sec. 1. The authority is responsible for the construction, leasing, and ownership of local road projects. With respect to each local road project, the authority and one (1) or more local units may enter into a contract for the purposes set forth in this chapter. If the authority and the local unit or units decide to enter into a contract under this chapter, the authority and the local unit or units may enter into a separate contract for each local road project or a master contract for several local road projects.

Sec. 2. A contract under this chapter must:

- (1) provide for the construction and ownership of the local road project; and
- (2) describe the local road project or local road projects, setting forth in general terms principal features such as geographic location, widths of rights-of-way, number of lanes in each direction, width of traffic lanes, widths of shoulders, location and nature of tunnels, overpasses, underpasses, interchanges, bridges, approaches, and connecting roads, streets, and highways.

Sec. 3. The contract may include the following:

- (1) Provisions for payment by the authority to the local unit or units of all costs incurred by the local unit or units in the performance of the contracts, including all costs of construction, salaries, wages, and associated costs of personnel attributable to performance of the contract.
- (2) Other terms and conditions that the authority and the local unit or units consider appropriate.

Sec. 4. Notwithstanding any other law, a local unit may enter into a contract with the authority by negotiating the contract with the authority and without complying with the requirements of any other law. A local unit shall observe any existing contractual commitments to the holders of bonds or notes or other persons when entering into a contract.

Chapter 5. Leases With Local Units

Sec. 1. (a) In addition to its other powers, one (1) or more local units may enter into a lease or leases with the authority under section 2 or 3 of this chapter for any or all of the purposes set forth in this article. Notwithstanding any other law, a local unit may enter into a lease with the authority by negotiating the lease with the authority and without complying with the requirements of any other law. A local unit shall observe any existing contractual commitments to the holders of bonds or notes or other persons when entering into a lease.

(b) The authority has all the powers necessary and incidental to carry out the terms and conditions of leases under this chapter.

(c) If the authority and one (1) or more local units decide to enter into a lease under this chapter, the authority and the local unit or units may enter into a separate lease for each local road project or may enter into one (1) or more master leases for several local road projects.

Sec. 2. (a) A lease entered into under this section must include the following:

- (1) A statement that the term of the lease is for a period

coextensive with the biennium used for state budgetary and appropriation purposes with a fractional period when the lease begins, if necessary.

(2) A statement that the term of the lease is extended from biennium to biennium, with the extensions not to exceed a lease term of twenty-five (25) years, unless either the authority or the local unit or units give notice of nonextension at least six (6) months before the end of a biennium, in which event the lease expires at the end of the biennium in which the notice is given.

(3) A provision plainly stating that the lease does not constitute an indebtedness of the state or any local unit within the meaning or application of any constitutional provision or limitation, and that lease rentals are payable by the local unit or units solely from the sources described in section 6 of this chapter, for the actual use or availability for use of local road projects provided by the authority, with payment commencing not earlier than the time the use or availability commences.

(4) Provisions requiring the local unit or units to pay rent at times and in amounts sufficient to pay in full:

(A) the debt service payable under the terms of any bonds or notes issued by the authority and outstanding with respect to any local road project, including any required additions to reserves for the bonds or notes maintained by the authority; and

(B) additional rent as provided by the lease; subject to the appropriation of money by the local unit or units to pay lease rentals.

(5) Provisions requiring the local unit or units to operate and maintain the local road project or local road projects during the term of the lease.

(6) A provision in each master lease for two (2) or more local road projects requiring that each local road project added to the master lease shall be covered by a supplemental lease describing the particular local road project, stating the additional rental payable, and providing that all lease covenants, including the obligation to pay the original and additional rent under any supplement, shall be unitary and include all local road projects covered, whether by the master lease or a supplemental lease.

(b) A lease entered into under this section may contain other terms and conditions that the authority and the local unit or units consider appropriate.

(c) The fiscal officer (as defined in IC 36-1-2-7) of the local unit shall request an appropriation from the local unit for payment of lease rentals on any lease entered into under this section in writing at a time sufficiently in advance of the date for payment of the lease rentals so that an appropriation may be made in the normal budgetary process of the local unit.

Sec. 3. (a) A lease entered into under this section must include the following:

(1) The term of the lease, which may not exceed the weighted average useful life of the local road project or local road projects.

(2) A provision plainly stating that the lease does not constitute an indebtedness of the state or any local unit within the meaning or application of any constitutional provision or limitation, and that lease rentals are payable by the local unit or units solely for the annual use or availability for use of local road projects provided by the authority, with payment commencing not earlier than the time the use or availability commences.

(3) Provisions requiring the local unit or units to pay rent at times and in amounts sufficient to pay in full the following:

(A) The debt service payable under the terms of any bonds or notes issued by the authority and outstanding with respect to any local road project, including any required additions to reserves for the bonds or notes maintained by the authority.

(B) Additional rent as provided by the lease.

(4) Provisions requiring the local unit or units to operate and maintain the local road project or local road projects during the term of the lease.

(5) A provision in each master lease for two (2) or more local road projects requiring that each local road project added to the master lease shall be covered by a supplemental lease describing the particular local road project, stating the additional rental payable, and providing that all lease covenants, including the obligation to pay the original and additional rent under any supplement, shall be unitary and include all local road projects covered, whether by the master lease or a supplemental lease.

(b) A lease entered into under this section may contain other terms and conditions that the authority and the local unit or units consider appropriate.

Sec. 4. If a local unit fails at any time to pay to the authority when due any lease rentals on any lease under this chapter, the chairman of the authority shall immediately report the unpaid amount in writing to the general assembly and the governor.

Sec. 5. A local unit or units may lease any property under its control to the authority for construction of a local road project, which local road project may be leased to the local unit or units.

Sec. 6. (a) A local unit shall pay lease rentals for leases entered into under this chapter from revenues from any combination of the following sources:

(1) Money payable to the local unit from the motor vehicle highway account.

(2) Money payable to the local unit from the local road and street account.

(3) Revenues from the county motor vehicle excise surtax.

(4) Revenues from the county wheel tax.

(5) Federal transportation revenues apportioned or allocated to the state and distributed to the local unit by the Indiana department of transportation.

(6) Any other source of revenues (other than property taxes) that is legally available to the local unit.

(b) A local unit may, in the manner provided by IC 5-1-14-4, pledge the revenues described in this section for the payment of lease rentals. However, in making a pledge, the local unit shall not commit money required to provide adequate funding for other local road needs.

Sec. 7. If a local unit pledges money from the motor vehicle highway account or the local road and street account, or both, for the payment of lease rentals for leases entered into under this chapter, the local unit shall immediately provide the auditor of state with a written notice setting forth the terms of the pledge and directing the auditor of state to:

(1) withhold the amounts pledged from the distributions that are otherwise payable to the local unit under IC 8-14-1-3 or IC 8-14-2-4, or both; and

(2) pay the amounts withheld to the authority.

Notwithstanding IC 8-14-1-3 and IC 8-14-2-4, the auditor of state shall withhold and pay to the authority the amounts specified in the notice.

Sec. 8. Notwithstanding any other provision of law, to the extent that any department or agency of the state, including the treasurer of state, is the custodian of money payable to a local unit (other than for goods or services provided by the local unit), at any time after written notice to the department or agency head from the authority that the local unit is in default on the payment of lease rentals for a lease entered into under this chapter, the department or agency shall withhold the payment of that money from the local unit and pay over the money to the authority for the purpose of paying the lease rentals.

Sec. 9. The requirements of sections 7 and 8 of this chapter to withhold amounts due under a lease do not create a debt of the state or a local unit for purposes of the Constitution of the State of Indiana.

Chapter 6. Issuance of Bonds and Notes

Sec. 1. Subject to section 4 of this chapter, and before July 1, 2009, the authority shall, by resolution, issue and sell bonds or notes of the authority to provide funds to carry out this article with respect to the construction of a local road project or local road projects or the refunding of any bonds or notes, together with any reasonable costs associated with a refunding.

Sec. 2. (a) The construction of a local road project may not be financed under this article, if at the time the lease with respect to

the local road project is initially entered into, the weighted average useful life of the local road project is less than five (5) years.

(b) For purposes of this section and section 4 of this chapter, a certificate of the local unit, supported by a statement from the local unit's consulting engineer, as to the weighted average useful life of the local road project is conclusive with respect to the matters contained in the certificate.

(c) If any bonds or notes bear interest at a variable or an adjustable rate, lease rentals under any lease or leases attributable to debt service shall be fixed over the term of the lease or leases based on the fair and reasonable value of the local road project or local road projects leased.

Sec. 3. (a) Before issuing a series of bonds or notes, the authority shall publish a notice of its determination to issue the bonds or notes. The notice shall be published:

(1) one (1) time in two (2) newspapers published and of general circulation in the city of Indianapolis; and

(2) one (1) time in one (1) newspaper published and of general circulation in each local unit that proposes to enter into a lease of the local road projects to be financed by the bonds or notes.

(b) No action to contest the validity of:

(1) any contract entered into by one (1) or more local units and the authority before the bonds or notes are issued;

(2) any lease entered into by one (1) or more local units and the authority before the bonds or notes are issued to secure a series of bonds or notes; or

(3) a series of bonds or notes issued by the authority;

may be brought against the authority after the fifteenth day following publication of the notice required by subsection (a)(1) or against a local unit after the fifteenth day following publication of the notice under subsection (a)(2).

(c) If a lease or contract is entered into under this chapter after bonds or notes relating to the lease or contract are issued, the authority may publish notice of execution of the lease or contract as set forth in subsection (a). No action against the authority to contest the validity of such a lease or contract may be brought after the fifteenth day following publication of the notice under subsection (a)(1) or against a local unit after the fifteenth day following publication of the notice under subsection (a)(2).

(d) If an action against the authority or a local unit challenging a lease, a contract, bonds, or notes is not brought within the time prescribed by this section, the lease, contract, bonds, or notes shall be conclusively presumed to be fully authorized and valid under the laws of the state and any person or entity is estopped from further questioning the authorization, validity, execution, delivery, or issuance of the contract, lease, bonds, or notes.

Sec. 4. (a) The bonds or notes must indicate on their face:

(1) the maturity date or dates, as determined under subsection (b);

(2) the interest rate or rates (whether fixed, variable, or a combination of fixed and variable) or the manner in which the interest rate or rates will be determined if variable or adjustable rates are used;

(3) registration privileges and place of payment, including provisions for book entry obligations as set forth in IC 5-1-15;

(4) the conditions and terms under which the bonds or notes may be redeemed or prepaid before maturity; and

(5) the source of payment as set forth in section 9 of this chapter.

(b) The weighted average life of the bonds or notes may not exceed the sum of:

(1) the weighted average useful life of the local road project or local road projects to be financed from the proceeds of the bonds or notes; plus

(2) the period of construction of the local road project or local road projects.

Sec. 5. The bonds or notes:

(1) shall be executed by the manual or facsimile signature of the chairman or vice chairman of the authority;

(2) shall be attested by the manual or facsimile signature of the secretary-treasurer or assistant secretary-treasurer of

the authority;

(3) shall be imprinted or impressed with the seal of the authority by any means;

(4) may be authenticated by a trustee, registrar, or paying agent; and

(5) constitute valid and binding obligations of the authority, even if the chairman, vice chairman, secretary-treasurer, or assistant secretary-treasurer whose manual or facsimile signature appears on the bonds or notes no longer holds that office.

Sec. 6. The bonds or notes, when issued, have all the qualities of negotiable instruments, subject to provisions for registration, under IC 26 and are incontestable in the hands of a bona fide purchaser or owner of the bonds or notes for value.

Sec. 7. The bonds or notes may be sold by the authority at a public or a negotiated sale at a time or times determined by the authority and at a premium or discount as determined by the authority. In determining the amount of bonds or notes to be issued and sold, the authority may include the costs of construction or of refunding bonds or notes, including reasonable debt service reserves, and all other expenses necessary or incident to the construction of the local road project, a refunding, or the issuance of the bonds or notes.

Sec. 8. The proceeds of the bonds or notes are appropriated for the purpose for which the bonds or notes may be issued and the proceeds shall be deposited and disbursed in accordance with any provisions and restrictions that the authority may provide in the resolution or trust agreement authorizing the issuance of the bonds or notes. The maturities of the bonds or notes, the rights of the owners, and the rights, duties, and obligations of the authority are governed in all respects by this article and the resolution or trust agreement.

Sec. 9. The bonds or notes:

(1) constitute the corporate obligations of the authority;

(2) do not constitute an indebtedness of the state or any local unit within the meaning or application of any constitutional provision or limitation; and

(3) are payable solely as to both principal and interest from:

(A) the revenues from a lease to one (1) or more local units, if any;

(B) proceeds of bonds or notes, if any; or

(C) investment earnings on proceeds of bonds or notes.

Sec. 10. The provisions of this article and the covenants and undertakings of the authority as expressed in any proceedings preliminary to or in connection with the issuance of the bonds or notes may be enforced, subject to the provisions of any resolution or trust agreement, by a bond or note owner by action for injunction or mandamus against the authority or any officer, agent, or employee of the authority. However, no action for monetary judgment may be brought against the state for any violations of this article or for payment of the bonds or notes of the authority.

Sec. 11. All bonds or notes issued under this article are issued by a body corporate and politic of this state, but not a state agency, and for an essential public and governmental purpose. The bonds and notes, the interest on the bonds and notes, the proceeds received by an owner from the sale of the bonds or notes to the extent of the owner's cost of acquisition, proceeds received upon redemption for maturity, proceeds received at maturity, and the receipt of the interest and proceeds are exempt from taxation for all purposes except the financial institutions tax imposed under IC 6-5.5 or a state inheritance tax imposed under IC 6-4.1.

Sec. 12. Notwithstanding any other law, all financial institutions, investment companies, insurance companies, insurance associations, executors, administrators, guardians, trustees, and other fiduciaries may legally invest sinking funds, money, or other funds belonging to them or within their control in bonds or notes issued under this chapter.

Sec. 13. Bonds or notes issued under this chapter are exempt from the registration requirements of IC 23-2-1 and any other state securities registration statutes.

Sec. 14. A pledge of lease rentals, proceeds of bonds or notes, investment earnings on those proceeds, or other money pledged

by the authority is binding from the time the pledge is made. Lease rentals, proceeds of bonds or notes, investment earnings on those proceeds, or other money pledged by the authority and thereafter received by the authority or its trustee or fiduciary is immediately subject to the lien of the pledge without any further act, and the lien of the pledge is binding against all parties having claims of any kind in tort, contract, or otherwise against the authority, regardless of whether the parties have notice of the lien. A resolution, trust agreement, or any other instrument by which a pledge is created is required to be filed or recorded only in the records of the authority.

Sec. 15. The authority may obtain from a department or an agency of the state or of the United States, or from a nongovernmental insurer, available insurance or guaranty for the payment or repayment of interest or principal, or both, or any part of interest or principal, or any debt service reserve funds, on bonds or notes issued by the authority, or on securities purchased or held by the authority.

Sec. 16. The authority may enter into agreements with an entity to provide credit enhancement or liquidity support for any bonds or notes issued by the authority, or for any debt service reserves securing any bonds or notes, with terms that are reasonable and proper, in the discretion of the authority, and not in violation of law. The authority may execute and deliver notes to evidence its obligation to make payments under such an agreement, but these notes must conform to this article in all respects.

Sec. 17. The authority may enter into agreements or contracts with any financial institution as may be necessary, desirable, or convenient in the opinion of the authority for rendering services in connection with:

- (1) the care, custody, or safekeeping of securities or other investments held or owned by the authority;
- (2) the payment or collection of amounts payable as to principal or interest; and
- (3) the delivery to the authority of securities or other investments purchased or sold by it.

The authority may also, in connection with any of the services rendered by a financial institution as to custody and safekeeping of its securities or investments, require security in the form of collateral bonds, surety agreements, or security agreements as, in the opinion of the authority, is necessary or desirable.

Sec. 18. (a) In the discretion of the authority, any bonds and notes issued under this chapter may be secured by a trust agreement by and between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company in Indiana. Such a trust agreement may also provide for a cotrustee, which may be any trust company or bank in Indiana or another state.

(b) The trust agreement or the resolution providing for the issuance of the bonds or notes may contain provisions for protecting and enforcing the rights and remedies of the owners of bonds or notes as may be reasonable and proper, in the discretion of the authority, and not in violation of law.

(c) The trust agreement or resolution may set forth the rights and remedies of the owners of any bonds or notes of the trustee and may restrict the individual right of action by the owners.

(d) Any trust agreement or resolution may contain other provisions that the authority considers reasonable and proper for the security of the owners of bonds or notes.

(e) All expenses incurred in carrying out the provisions of the trust agreement or resolution may be paid from money pledged or assigned to the payment of the principal of and interest on bonds or notes or from any other funds available to the authority.

Sec. 19. The authority may purchase bonds or notes of the authority out of its funds or money available for the purchase of its own bonds or notes. The authority may hold, cancel, or resell the bonds or notes subject to, and in accordance with, agreements with owners of its bonds or notes. Unless canceled, bonds or notes so held shall be considered to be held for resale or transfer and the obligation evidenced by the bonds or notes shall not be considered to be extinguished.

Sec. 20. Funds or money held by the authority under any trust agreement or resolution may be invested pending disbursement

as provided in the trust agreement or the resolution. Such an investment is not restricted by or subject to the provisions of any other law.

Chapter 7. Reserve Fund for Bonds and Notes

Sec. 1. (a) The authority may establish and maintain a reserve fund for each issue of bonds or notes in which there shall be deposited or transferred:

- (1) all money appropriated by the general assembly for the purpose of the fund in accordance with section 3(a) of this chapter;
- (2) all proceeds of bonds or notes required to be deposited in the fund under the terms of:
 - (A) a contract between the authority and the holders of the bonds or notes; or
 - (B) a resolution of the authority with respect to the proceeds of bonds or notes;
- (3) all other money appropriated by the general assembly to a reserve fund; and
- (4) any other money or funds of the authority that it decides to deposit in the fund.

(b) Subject to section 3(b) of this chapter, money in any reserve fund shall be held and applied solely to the payment of the interest on and principal of bonds or notes of the authority as the interest and principal become due and payable and for the retirement of bonds or notes. The money may not be withdrawn if a withdrawal would reduce the amount in the reserve fund to an amount less than the required debt service reserve, except for payment of interest then due and payable on bonds or notes and the principal of bonds or notes then maturing and payable, whether by reason of maturity or mandatory redemption, for which payments other money of the bank is not then available. As used in this chapter, "required debt service reserve" means, as of the date of computation, the amount required to be on deposit in the reserve fund as provided by resolution or trust agreement of the authority.

(c) Money in any reserve fund that exceeds the required debt service reserve, whether by reason of investment or otherwise, may be withdrawn at any time by the authority and transferred to another fund or account of the authority, subject to the provisions of any agreement with the holders of any bonds or notes.

Sec. 2. For purposes of valuation, investments in the reserve fund shall be valued at par, or if purchased at less than par, at cost unless otherwise provided by resolution or trust agreement of the authority. Valuation on a particular date must include the amount of interest then earned or accrued to that date on the money or investments in the reserve fund.

Sec. 3. (a) In order to assure the maintenance of the required debt service reserve in any reserve fund, the general assembly may annually appropriate to the authority for deposit in one (1) or more of the funds the sum, certified by the authority to the general assembly, that is necessary to restore one (1) or more of the funds to an amount equal to the required debt service reserve. Before December 1 of each year, the authority shall make and deliver to the general assembly a certificate stating the sum required to restore the funds to that amount. Nothing in this subsection creates a debt or liability of the state to make any appropriation.

(b) All amounts received on account of money appropriated by the state to any reserve fund shall be held and applied in accordance with section 1(b) of this chapter. However, at the end of each fiscal year, if the amount in any reserve fund exceeds the required debt service reserve, any amount representing earnings or income received on account of any money appropriated to the reserve fund that exceeds the expenses of the authority for that fiscal year may be transferred to the state general fund.

Sec. 4. Subject to the provisions of any agreement with its holders, the bank may combine a reserve fund established for an issue of bonds or notes into one (1) or more reserve funds.

SECTION 8. IC 8-15-2-9.5 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 9.5. (a) On or before August 1, 2006, the authority shall:

- (1) issue revenue bonds under section 9 of this chapter in an

amount that exceeds all costs associated with the issuance of the bonds, including:

- (A) financing charges;
- (B) costs of issuance of the bonds or notes, including costs of credit enhancement, such as bond or note insurance;
- (C) bond or note discount;
- (D) capitalized interest; and
- (E) the cost of funding any reserves to secure payment of the bonds or notes;

by one billion dollars (\$1,000,000); and

(2) upon receipt of the proceeds of the bonds, transfer:

- (A) five hundred million dollars (\$500,000,000) of the proceeds to the treasurer of state for deposit in the grant anticipation fund established by IC 8-14-10-10; and
- (B) five hundred million dollars (\$500,000,000) of the proceeds to the toll road counties fund established by section 9.7 of this chapter.

(b) Notwithstanding any other provisions of this chapter, the principal of and interest on revenue bonds issued under this section are payable solely from revenues attributable to the rules concerning tolls that were adopted by the authority or the department, or both and were published as proposed rules in the Indiana Register on February 1, 2006.

(c) The authority must deliver to the budget agency a written guarantee that the total amount of attorney's fees for the revenue bonds issued under this section will not exceed two-tenths of one percent (0.2%) of the principal amount of the bonds.

(d) Revenue bonds issued under this section are not subject to IC 8-9.5-8-10.

SECTION 9. IC 8-15-2-9.7 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 9.7. (a) As used in this section, "eligible political subdivision" refers to:

- (1) counties through which a toll road project traverses;
- (2) cities and towns in the counties described in subdivision (1); and
- (3) any regional entity that provides funding for transportation services or transportation infrastructure projects and includes all or part of the territory of a county described in subdivision (1).

(b) As used in this section, "eligible project" means:

(1) with respect to an eligible political subdivision that is a county, city, or town, the acquisition, construction, renovation, improvement, and equipping of:

- (A) roads;
- (B) streets;
- (C) motorways;
- (D) bridges;
- (E) tunnels;
- (F) overpasses;
- (G) underpasses;
- (H) interchanges;
- (I) entrances;
- (J) approaches; or
- (K) other public ways;

that are part of the arterial road system, local county roads, arterial street system, or local streets for a local unit for purposes of IC 8-14-2, including all land, rights-of-way, property, rights, easements, materials, and legal or equitable interests necessary for the construction of the local road project;

(2) with respect to an eligible political subdivision that is a regional entity, any transportation service or transportation infrastructure project that the entity is legally authorized to provide; and

(3) with respect to the department, the acquisition, construction, renovation, improvement, and equipping of projects identified in the department's current long range comprehensive transportation plan.

(c) As used in this section, "fund" refers to the toll road counties fund.

(d) The toll road counties fund is established to provide money

for the purposes described in this section. The authority shall hold, administer, and manage the fund. The fund consists of money transferred to the fund under section 9.5 of this chapter and any investment income attributable to that money.

(e) Money in the fund shall be deposited, paid, and secured in the manner provided by IC 4-4-11-32. Notwithstanding IC 5-13, the authority shall invest the money in the fund that is not needed to meet the obligations of the fund in the manner provided by an investment policy established by resolution of the authority.

(f) The fund is not part of the state treasury and is considered a trust fund for purposes of IC 4-9.1-1-7. Money may not be transferred, assigned, or otherwise removed from the fund by the state board of finance, the budget agency, or any other state agency.

(g) Money in the fund at the end of a state fiscal year does not revert to the state general fund.

(h) The authority must use the money in the fund to make distributions to:

- (1) the department; and
- (2) eligible political subdivisions;

for eligible projects located in eligible political subdivisions.

(i) Before October 1, 2006, and before July 1 in each year thereafter, the department may submit to the authority a list of the eligible projects that:

- (1) are to be carried out by the department in an eligible political subdivision before June 30 of the following year; and
- (2) require a distribution of money from the fund.

The list must include the amount of distributions required for each project, the total amount of distributions required for all projects, and the schedule of distributions required for each project. The authority may review and comment upon the proposed distributions and, upon a determination by the authority that the department's request complies with this section, the authority shall make the distributions in the amounts and in accordance with the schedule of projects provided by the department.

(j) Before October 1, 2006, and before July 1 in each year thereafter, eligible political subdivisions may submit to the authority a request for a distribution from the fund. The request must include a list of the eligible projects that:

- (1) are to be carried out by the eligible political subdivision before June 30 of the following year; and
- (2) require a distribution of money from the fund.

The list must include the amount of distributions requested for each project, the total amount of distributions requested for all projects, and the proposed schedule of distributions for each project. The authority may review and comment upon the proposed distributions and, upon a determination by the authority that a request complies with the provisions of this section, the authority shall make any distributions in the amounts and in accordance with the schedule of projects provided by the eligible political subdivision. The authority shall pay distributions under this subsection to the fiscal officer of the eligible political subdivision.

(k) As used in this subsection, "condemnor" means any person authorized by Indiana law to exercise the power of eminent domain. A condemnor may not exercise the power of eminent domain to acquire real property with respect to any eligible project under this section:

- (1) from a private entity; and
- (2) with the intent of transferring ownership or control of the real property to another private entity.

Page 5, line 41, delete "." and insert **"of education."**

Page 6, between lines 41 and 42, begin a new paragraph and insert:

"Sec. 31. If an adjusted kindergarten ADM count under IC 21-3-1.6-1.1 indicates that a qualified dependent who originally enrolled in kindergarten in a school of choice and was not counted in the current ADM of a school corporation or charter school on the original ADM count date for a year has reenrolled in the same school year in kindergarten in:

(1) the attendance area of the school corporation where the qualified dependent has legal settlement; or

(2) a charter school;

and is counted in the current ADM of the school corporation or charter school on the adjusted kindergarten ADM count date, the department shall make state distributions to the school corporation or charter school as if the qualified dependent had been included in the count of eligible pupils on the original ADM count date.

SECTION 2. IC 21-3-1.6-1.1, AS AMENDED BY P.L.1-2005, SECTION 170, AND AS AMENDED BY P.L.246, SECTION 191, IS CORRECTED AND AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 1.1. As used in this chapter:

(a) "School corporation" means any local public school corporation established under Indiana law. Except as otherwise indicated, the term includes a charter school.

(b) "School year" means a year beginning July 1 and ending the next succeeding June 30.

(c) "State distribution" due a school corporation means the amount of state funds to be distributed to a school corporation in any calendar year under this chapter.

(d) "Average daily membership" or "ADM" of a school corporation means the number of eligible pupils enrolled in the school corporation or in a transferee corporation on a day to be fixed annually by the Indiana state board of education and *beginning in the school year that ends in the 2005 calendar year*, as subsequently adjusted not later than January 30 under the rules adopted by the state board of education. The initial day of the count shall fall within the first thirty (30) days of the school term. If, however, extreme patterns of student in-migration, illness, natural disaster, or other unusual conditions in a particular school corporation's enrollment on either the day fixed by the Indiana state board of education or on the subsequent adjustment date, cause the enrollment to be unrepresentative of the school corporation's enrollment throughout a school year, the Indiana state board of education may designate another day for determining the school corporation's enrollment. The Indiana state board of education shall monitor changes that occur after the fall count, in the number of students enrolled in programs for children with disabilities **and in the number of students enrolled in kindergarten**, and shall, before December 2 of that same year **make an adjusted count of students enrolled in programs for children with disabilities and an adjusted count of the students enrolled in kindergarten** and, *beginning in the 2004 calendar year*, before April 2 of the following calendar year, make an adjusted count of students enrolled in programs for children with disabilities. The superintendent of public instruction shall certify the December adjusted count to the budget committee before February 5 of the following year and the April adjusted count not later than May 31 immediately after the date of the April adjusted count. In determining the ADM, each kindergarten pupil shall be counted as one-half (½) pupil. Where a school corporation commences kindergarten in a school year, the ADM of the current and prior calendar years shall be adjusted to reflect the enrollment of the kindergarten pupils. In determining the ADM, each pupil enrolled in a public school and a nonpublic school is to be counted on a full-time equivalency basis as provided in section 1.2 of this chapter.

(e) "Additional count" of a school corporation, or comparable language, means the aggregate of the additional counts of the school corporation for certain pupils as set out in section 3 of this chapter (repealed) and as determined at the times for calculating ADM. "Current additional count" means the initial computed additional count of the school corporation for the school year ending in the calendar year. "Prior year additional count" of a school corporation used in computing its state distribution in a calendar year means the initial computed additional count of the school corporation for the school year ending in the preceding calendar year.

(f) For purposes of this subsection, "school corporation" does not include a charter school. "Adjusted assessed valuation" of any school corporation used in computing state distribution for a calendar year means the assessed valuation in the school corporation, adjusted as provided in IC 6-1.1-34. The amount of the valuation shall also be adjusted downward by the department of local government finance to the extent it consists of real or personal property owned by a railroad or other corporation under the jurisdiction of a federal court under the federal bankruptcy laws (11 U.S.C. 101 et seq.) if as a result of the corporation being involved in a bankruptcy proceeding the corporation is delinquent in payment of its Indiana real and personal property taxes for the year to which the valuation applies. If the railroad or other corporation in some subsequent calendar year makes payment of the delinquent taxes, then the state superintendent of public instruction shall prescribe adjustments in the distributions of state funds pursuant to this chapter as are thereafter to become due to a school corporation affected by the delinquency as will ensure that the school corporation will not have been unjustly enriched under the provisions of P.L.382-1987(ss). The amount of the valuation shall also be adjusted downward by the department of local government finance to the extent it consists of real or personal property described in IC 6-1.1-17-0.5(b).

(g) "General fund" means a fund established under IC 21-2-11-2.

(h) "Teacher" means every person who is required as a condition of employment by a school corporation to hold a teacher's license issued or recognized by the state, except substitutes and any person paid entirely from federal funds.

(i) For purposes of this subsection, "school corporation" does not include a charter school. "Teacher ratio" of a school corporation used in computing state distribution in any calendar year means the ratio assigned to the school corporation pursuant to section 2 of this chapter.

(j) "Eligible pupil" means a pupil enrolled in a school corporation if:

(1) the school corporation has the responsibility to educate the pupil in its public schools without the payment of tuition;

(2) subject to subdivision (5), the school corporation has the responsibility to pay transfer tuition under ~~IC 20-8.1-6.1~~, IC 20-8.1-6.1 (before its repeal) or IC 20-26-11, because the pupil is transferred for education to another school corporation (the "transferee corporation");

(3) the pupil is enrolled in a school corporation as a transfer student under ~~IC 20-8.1-6.1~~, IC 20-8.1-6.1 (before its repeal) or IC 20-26-11-6 or entitled to be counted for ADM or additional count purposes as a resident of the school corporation when attending its schools under any other applicable law or regulation;

(4) the state is responsible for the payment of transfer tuition to the school corporation for the pupil under ~~IC 20-8.1-6.1~~, IC 20-8.1-6.1 (before its repeal) or IC 20-26-11; or

(5) all of the following apply:

(A) The school corporation is a transferee corporation.

(B) The pupil does not qualify as a qualified pupil in the transferee corporation under subdivision (3) or (4).

(C) The transferee corporation's attendance area includes a state licensed private or public health care facility, child care facility, or foster family home where the pupil was placed:

(iii) by a child placing agency licensed by the division of family and children; or

(iv) by a parent or guardian under ~~IC 20-8.1-6.1~~, IC 20-8.1-6.1 (before its repeal) or IC 20-26-11-8.

For purposes of IC 21-3-12, the term includes a student enrolled in a charter school.

(k) "General fund budget" of a school corporation means the amount of the budget approved for a given year by the department of local government finance and used by the department of local government finance in certifying a school corporation's general fund tax levy and tax rate for the school corporation's general fund as provided for in IC 21-2-11. The term does not apply to a charter school.

(t) "At risk index" means the following:

(1) For a school corporation that is not a charter school, the sum of:

(A) the product of sixteen-hundredths (0.16) multiplied by the percentage of families in the school corporation with children who are less than eighteen (18) years of age and who have a family income below the federal income poverty level (as defined in IC 12-15-2-1);

(B) the product of four-tenths (0.4) multiplied by the percentage of families in the school corporation with a single parent; and

(C) the product of forty-four hundredths (0.44) multiplied by the percentage of the population in the school corporation who are at least twenty (20) years of age with less than a twelfth grade education.

The data to be used in making the calculations under this subdivision must be the data from the 2000 federal decennial census.

RESOLUTIONS ON FIRST READING

House Resolution 9

Representative Borders introduced House Resolution 9:

A HOUSE RESOLUTION honoring Kurt Rambis.

Whereas, Kurt Rambis was born in Terre Haute, Indiana, on February 25, 1958;

Whereas, Kurt Rambis has enjoyed a long and successful basketball career as both a player and an assistant coach for the Los Angeles Lakers;

Whereas, Kurt Rambis began his NBA career with the New York Knicks in 1980;

Whereas, During his time with the Los Angeles Lakers, Kurt Rambis played in four NBA championships in 1982, 1985, 1987, and 1988;

Whereas, In addition to the Los Angeles Lakers and the New York Knicks, Kurt Rambis also played for the Charlotte Hornets, the Phoenix Suns, and the Sacramento Kings;

Whereas, During his career, Kurt Rambis scored 5,322 points and had 5,725 rebounds, 1,050 assists, and 524 blocks;

Whereas, Kurt Rambis is tied for third all-time in playoff field goal percentage (.574);

Whereas, Kurt Rambis is the all-time leading scorer in the history of Santa Clara basketball with 1,725 points and had his number retired at Cupertino High School; and

Whereas, Kurt Rambis worked hard to achieve a successful NBA career both as a player and a coach and serves as an outstanding example for today's youth: Therefore,

Be it resolved by the House of Representatives of the General Assembly of the State of Indiana:

SECTION 1. That the Indiana House of Representatives acknowledges the accomplishments of Kurt Rambis. He has brought countless hours of enjoyment to basketball fans throughout the world.

SECTION 2. That the Principal Clerk of the House of Representatives shall transmit a copy of this resolution to Kurt Rambis.

The resolution was read a first time and adopted by voice vote.

Senate Concurrent Resolution 30

The Speaker handed down Senate Concurrent Resolution 30, sponsored by Representative Lehe:

A CONCURRENT RESOLUTION to memorialize and honor Ray Nichols.

Whereas, Ray Nichols was a pioneer of auto racing, beginning his career as a crew chief at the young age of 15;

Whereas, Throughout his career, Ray Nichols won multiple accolades for his engine-building efforts in the 1950s and 1960s, including the Indianapolis 500 Pole Mechanic of the Year in 1957;

Whereas, After over 20 years of experience in racing, Ray and his friend Paul Russo built the famed "Basement Bessie" car that set a series of world speed records;

Whereas, In addition, for the NASCAR Winter Grand Nationals at Daytona in 1957, Ray built a surprise-entry car for Pontiac that won the race;

Whereas, The knowledge that Ray Nichols originated is still fundamental in the building of engines and cars today. Drivers are still familiar with the design ingenuity attributed to Ray Nichols and the significant impact he has had on the racing industry as a whole;

Whereas, Despite his success, Ray always maintained a humble approach to life. In a fitting testament to his character, the annual sportsmanship award at Illiana Speedway in Schererville has been named for the Merrillville resident for several years; and

Whereas, Ray Nichols' life and contributions to racing will be honored at the Living Legends of Auto Racing annual banquet on February 15, 2006, in Daytona Beach, Florida. Bill LaDow's book about Nichols, "Conversations with a Winner," is scheduled for release coinciding with the Living Legends of Auto Racing banquet: Therefore,

Be it resolved by the Senate of the General Assembly of the State of Indiana, the House of Representatives concurring:

SECTION 1. That the Indiana General Assembly memorializes and honors Ray Nichols for his lifetime achievements. He made tremendous contributions to the racing community and he will be greatly missed.

Whereas, Heart attack, stroke, and other cardiovascular diseases claim the lives of more than half a million women each year, more than the next seven causes of death combined;

Whereas, In Indiana, over 7,800 women died from heart disease in 2003;

Whereas, One in four females in the United States have some form of cardiovascular disease;

Representative Kuzman introduced House Concurrent Resolution 30:

A CONCURRENT RESOLUTION honoring Lowell High School.

*Whereas, The Lowell High School Red Devils are the 2005 Class 4A state football champions;**Whereas, Lowell High School fought its way back from a 13-point fourth quarter deficit to defeat three time champ Roncalli High School and win the school's first state championship by a score of 28-27 in the RCA Dome in Indianapolis;**Whereas, The third quarter began with a 70-yard, 15-play drive culminating in a third-and-goal touchdown from the one yard line;**Whereas, Roncalli responded by going 71 yards in nine plays to make it 27-14, but Lowell blocked the extra point;**Whereas, The Red Devils answered with a 65-yard drive to score on a 21-yard pass with 9:12 left in the game;**Whereas, Lowell did not punt in the entire game; perhaps it was this persistence that influenced Roncalli's decision to pass on a third-and-11 from its own 30-yard line with less than eight minutes to play and a six-point lead;**Whereas, Lowell intercepted the pass and scored from the 28-yard line in four plays; and**Whereas, The story of the Lowell High School football team is one of persistence and dedication to a goal that led this team to become one of an elite group of state championship teams: Therefore,**Be it resolved by the House of Representatives of the General Assembly of the State of Indiana, the Senate concurring:*

SECTION 1. That the Indiana General Assembly congratulates the Lowell High School Red Devils on their 11-4 season and on their victory in the Class 4A state football championship and recognizes their dedication and hard work that enabled them to achieve this victory.

Whereas, The purpose of the program is to encourage parents to participate in their child's educational process, direct families and kids how to access community resources, bring together community partners through collaborative efforts, and celebrate that "it does take a whole village to raise a child";

Whereas, To encourage parents to participate, children must bring a parent to gain admission;

Whereas, Sheryl Wise knows the value of parents' involvement in their children's education;

Whereas, In Indianapolis Public Schools, 15% of schools have no active parent groups to raise money, chaperone field trips, or lead projects;

Whereas, During the Family Fun Filled Back-to-School Carnival Celebration, educational resources are shared, health and wellness issues are addressed, cultural awareness is highlighted, and carnival rides and activities are available; and

Whereas, The Family Fun Filled Back-to-School Carnival Celebration continues to grow, thanks to the efforts of Founder, Director, and Event Coordinator Sheryl Wise, who has made children her priority: Therefore,

Be it resolved by the House of Representatives of the General Assembly of the State of Indiana, the Senate concurring:

House Concurrent Resolution 32

Representative V. Smith introduced House Concurrent Resolution 32:

A CONCURRENT RESOLUTION celebrating Black History Month.

Whereas, Black history has been celebrated by Americans each year since 1926, first as Negro History Week and later as Black History Month;

Whereas, Blacks have been in America since colonial times, but it was not until the 20th century that they were represented in history books;

Whereas, The celebration of Black History Month and the study of Black history came into being through the efforts of Dr. Carter G. Woodson;

Whereas, Dr. Woodson's parents were former slaves, and he spent his childhood working in the Kentucky coal mines;

Whereas, Dr. Woodson enrolled in high school at age 20, graduated within two years, and went on to earn a Ph.D. from Harvard University;

Whereas, Dr. Woodson was disturbed to find that history books largely ignored the Black American population and only mentioned Blacks in ways that reflected the inferior social position they were assigned at the time;

Whereas, Dr. Woodson began the task of writing Black Americans into the nation's history;

Whereas, Through the efforts of Dr. Woodson, several organizations were established as a way to bring national attention to the contributions of Black people throughout American history, including the Association for the Study of Negro Life and History, founded in 1915 (now known as the Association for the Study of African American Life and History), the Journal of Negro History (now known as the Journal of African American History), and in 1926, the establishment of Negro History Week;

Whereas, Woodson chose the second week of February for Negro History Week because it marks the birthdays of two men who greatly influenced the Black American population, Frederick Douglass and Abraham Lincoln;

Whereas, Black History Month, celebrated in February, acknowledges the achievements of Blacks in the military, the arts, civil rights, education, entertainment, history, law, literature, medicine, music, politics, science, sports, and other areas;

Whereas, Black History Month aims to bridge the gap created by American history's failure to accurately acknowledge, portray, and record the contributions and inventions of Blacks; and

Whereas, Black Americans reflect a legacy of courage and dedication that has helped to guide our nation's success and prosperity: Therefore,

Be it resolved by the House of Representatives of the General Assembly of the State of Indiana, the Senate concurring:

SECTION 1. That the Indiana General Assembly acknowledges the many contributions and accomplishments of Black Americans throughout the history of the United States and Indiana.

The resolution was read a first time and adopted by voice vote. The Clerk was directed to inform the Senate of the passage of the resolution. Senate sponsors: Senators Rogers, S. Smith, Breaux, and Howard.

House Concurrent Resolution 33

Representative Crawford introduced House Concurrent Resolution 33:

A CONCURRENT RESOLUTION memorializing Coretta Scott King.

Whereas, Coretta Scott King died on January 31, 2006, at the age of 78;

Whereas, Coretta Scott King had been in failing health for several years following a stroke;

Whereas, Coretta Scott King first gained widespread recognition as the wife of the Reverend Dr. Martin Luther King, Jr.;

Whereas, Coretta Scott King, however, was a tireless advocate for social and political issues in her own right;

Whereas, Coretta Scott King was born into poverty in Heiberger, Alabama, on April 27, 1927, one of three children;

Whereas, Coretta Scott King spent her childhood on her parents'

farm in Heiberger, which had been in the family since the Civil War;

Whereas, The Scotts were so hard hit during the Depression that the children picked cotton to help earn money;

Whereas, Coretta Scott King's father, Obediah Scott, was the first black person in the district to own a truck and open a country store;

Whereas, As a young child, Coretta Scott King walked five miles each day to attend the one-room Crossroads School;

Whereas, When she was older, Coretta Scott King studied at Lincoln High School in Marion, Alabama, nine miles away; because this was too far to walk, her mother hired a bus and drove all the black students in the area to and from school;

Whereas, Coretta Scott King was an intelligent, hardworking student who did well in her schoolwork and was at the top of her class when she graduated in 1945;

Whereas, After graduation from high school, she enrolled at Antioch College, Ohio, where her sister Edythe had been the first full-time black student to live on campus;

Whereas, While at Antioch College, Coretta Scott King majored in music and education and took part in a work-study program, acting as a camp counselor, library assistant, and nursery school attendant;

Whereas, Upon graduation in 1951, Coretta Scott King decided to become a professional singer and was accepted by the New England Conservatory of Music in Boston;

Whereas, It was while she was studying at the conservatory she met Martin Luther King, Jr., also a student in Boston at the time; they were married in 1953 and had three children, Martin Luther III, Dexter, and Bernice;

Whereas, When Coretta Scott King graduated from the conservatory, the Kings moved to Montgomery, Alabama, and Martin Luther King, Jr. began his work as a minister;

Whereas, As the wife of a man committed to civil rights, Coretta Scott King did not have the normally quiet life of a minister's wife;

Whereas, With Martin Luther King's increased involvement in the civil rights movement came danger for the King family;

Whereas, The Montgomery bus boycott brought danger home in a terrifying way - the King house was bombed in 1956;

Whereas, Coretta Scott King was a full partner in her husband's work, walking beside him in marches, traveling abroad with him, and giving speeches when he was unable to do so;

Whereas, The threats to Martin Luther King were eventually carried out when, in Memphis, Tennessee, in 1968, he was assassinated;

Whereas, Coretta Scott King carried on with her husband's work when, just four days after his death, she led a march of 50,000 people through the streets of Memphis and took his place in the Poor People's March to Washington;

Whereas, Throughout her life, Coretta Scott King participated in the movement to secure equal rights and justice for all, including having a special audience with the Pope and preaching at St. Paul's Cathedral in London, probably the first woman ever to do so; but her greatest concern was the Martin Luther King Jr. Center for Nonviolent Social Change;

Whereas, Coretta Scott King worked tirelessly to raise funds for the center, which now covers three full blocks and houses a library and archives of the civil rights movement; and

Whereas, Throughout her life, Coretta Scott King spoke out against injustice, especially racial injustice, and worked to ensure that her husband's dream of fairness and equality could come true: Therefore,

Be it resolved by the House of Representatives of the General Assembly of the State of Indiana, the Senate concurring:

SECTION 1. That the Indiana General Assembly recognizes the life and accomplishments of a woman who spoke for justice and equality throughout her life. Coretta Scott King faced danger and did

not flinch. She spoke out against injustice wherever she saw it. Coretta Scott King will live on in the hearts and minds of people everywhere.

SECTION 2. That the Principal Clerk of the House of Representatives shall transmit a copy of this resolution to the curator of the Martin Luther King, Jr. Center for Nonviolent Social Change.

The resolution was read a first time and adopted by voice vote. The Clerk was directed to inform the Senate of the passage of the resolution. Senate sponsors: Senators Howard and Breaux.

A CONCURRENT RESOLUTION urging municipalities and local governments to adopt ordinances to restrict smoking in restaurants and public places.

Whereas, Secondhand smoke is responsible for more than 38,000 deaths in the United States annually;

Whereas, It is the duty of government to protect all citizens, particularly children, from the dangers of secondhand smoke in restaurants and public places;

Whereas, It has been shown that ventilation systems do not provide adequate protection from secondhand smoke;

Whereas, Workers who work in smoke-filled restaurants have cancer rates four times greater than workers in office buildings where smoking is prohibited;

Whereas, Workers should not be forced to choose between having a job and protecting their health;

Whereas, Numerous studies have found that tobacco smoke is a major contributor to indoor air pollution, and that breathing secondhand smoke is a cause of disease, including heart disease, stroke, respiratory disease, and lung cancer, in healthy nonsmokers;

Whereas, The Centers for Disease Control and Prevention recommends implementing smoking bans as a way of reducing tobacco use and secondhand smoke exposure;

Whereas, Ten states, including California, Delaware, Maine, Massachusetts, Connecticut, Rhode Island, and New York, several countries, including Ireland, New Zealand, and Sweden, and many communities across America have passed bans on smoking in all workplaces, including restaurants and bars;

Whereas, Philip Morris Tobacco Company concedes that "conclusions of public health officials concerning environmental tobacco smoke are sufficient to warrant measures that regulate smoking in public places"; and

Whereas, We all have the right to breathe clean, safe, smoke-free air: Therefore,

Be it resolved by the House of Representatives of the General Assembly of the State of Indiana, the Senate concurring:

SECTION 1. That the members of the Indiana General Assembly urge municipalities and local governments to adopt ordinances to restrict smoking in restaurants and public places.

SECTION 2. That the Principal Clerk of the House of Representatives shall transmit a copy of this resolution to all 92 county councils.

The resolution was read a first time and referred to the Committee on Rules and Legislative Procedures.

RESOLUTIONS ON FIRST READING

House Concurrent Resolution 35

Representative Budak introduced House Concurrent Resolution 35:

A CONCURRENT RESOLUTION recognizing the need for protection of our environmental and economic resources.

Whereas, The Great Lakes are a tremendous value to Indiana as an environmental and economic resource, both as the world's largest body of fresh water and as a crucial international shipping channel;

Whereas, Aquatic invasive species have caused significant damage to native environments and industrial operations in the Great Lakes and around the world;

Whereas, Indiana ranks 14th in the nation for waterborne shipping with nearly 70 million tons of maritime cargo per year, and the state's Lake Michigan ports provide Indiana farmers, steel mills, and manufacturers with access to foreign markets through the Great Lakes/St. Lawrence Seaway;

Whereas, Current federal laws governing the introduction of aquatic invasive species into United States waters via ballast water of ocean-going ships and other sources are inadequate;

Whereas, Because of the detrimental effects of imposing regional restrictions on an international shipping channel, there is a need for federal regulation; and

Whereas, There is currently no nationally accepted standard for ballast water quality nor any approved ballast treatment technologies available to ship operators: Therefore,

Be it resolved by the House of Representatives of the General Assembly of the State of Indiana, the Senate concurring:

SECTION 1. That the Indiana General Assembly has a great concern for the protection of its environmental and economic resources.

SECTION 2. That the Indiana General Assembly urges the United States Congress to acknowledge the national urgency of this problem and move quickly to enact federal legislation to establish a strong ballast water regulatory program sufficient to prevent future introduction of aquatic invasive species into all United States waters.

SECTION 3. That the Indiana General Assembly declares its support for the efforts of the United States Coast Guard and International Maritime Organization to put in place an international ballast water treatment and regulatory program.

SECTION 4. That the Indiana General Assembly declares its support for the "Great Ships Initiative," a research and development project funded jointly by the Indiana Port Commission and other

Great Lakes ports, the U.S. Department of Transportation, the National Fish and Wildlife Foundation, and other federal agencies with the goal of accelerating the development and availability of ballast water treatment technology.

The resolution was read a first time and referred to the Committee on Rules and Legislative Procedures.

House Concurrent Resolution 38

Representative Lehe introduced House Concurrent Resolution 38:

A CONCURRENT RESOLUTION honoring the South Newton High School 4-H soil judging team.

Whereas, Rob Hays, Lauren Walker, Ean Donohue, Ryan Hancock, and Andy Thomas brought a national championship soil judging title back to South Newton High School;

Whereas, The South Newton High School team earned the right to compete at the national competition when it placed fourth at the Indiana state contest;

Whereas, Students on the team determine six physical characteristics of soil at each of four pits, including texture-surface and subsurface, depth of soil, slope, erosion, permeability, and surface runoff and must recommend vegetative and mechanical treatments as well as fertilizer and soil amendments; and

Whereas, Agriculture is a staple of the economy of Indiana; it is vital to our economic welfare that we educate our young people in this area: Therefore,

*Be it resolved by the House of Representatives
of the General Assembly of the State of Indiana,
the Senate concurring:*

SECTION 1. That the Indiana General Assembly congratulates the members of the South Newton High School 4-H soil judging team on the members' victory in the national competition and wishes them success in all their future endeavors.

SECTION 2. That the Principal Clerk of the House of Representatives shall transmit a copy of this resolution to Rob Hays, Lauren Walker, Ean Donahue, Ryan Hancock, and Andy Thomas, agriculture teacher Darrell Allen, the principal of South Newton High School, and the superintendent of the school corporation.

A CONCURRENT RESOLUTION honoring Dr. William Dennis Dannacher.

Whereas, In a career that has spanned more than 40 years, Dr. Dannacher has helped to rewrite the medical textbooks on modern medical procedures, bringing sick and injured patients back from the brink of death, delivering babies, and performing countless surgeries;

Whereas, Dr. Dannacher served his country during World War II as a Navy surgeon in combat operations that included the invasions of North Africa and Normandy;

Whereas, Upon the completion of his military career, Dr. Dannacher returned to practice medicine in his hometown of Wabash, Indiana, where he practiced as a specialist in general surgery for 37 years at the Wabash County Hospital;

Whereas, Dr. Dannacher also owned and managed the Wabash Clinic;

Whereas, In addition to his duties at the hospital and the clinic, Dr. Dannacher served as a diplomate of the American Board of Abdominal Surgery, as a fellow of the International College of

*Be it resolved by the House of Representatives
of the General Assembly of the State of Indiana:*

SECTION 1. That the legislative council is urged to establish a committee on park issues.

SECTION 2. That the committee, if established, shall study IC 8-4.5 on acquisition and development of Rail/Trail Corridors, the creation of park district enabling legislation, and a permanent funding source for Park/Trail Land Acquisition and Park/Trail Development Projects.

SECTION 3. That the committee, if established, shall operate under the direction of the legislative council and that the committee shall issue a final report when directed to do so by the council.

The resolution was read a first time and referred to the Committee on Rules and Legislative Procedures.

The resolution was read a first time and adopted by voice vote.

RESOLUTIONS ON SECOND READING

House Resolution 1

The Speaker handed down on its passage House Resolution 1, introduced by Representatives Friend, Turner, and Richardson:

A HOUSE RESOLUTION expressing the will of the Indiana House of Representatives to protect the content of prayer and the right to address God in accordance with the dictates of conscience in the Indiana House of Representatives.

Whereas, The official invocation has been an unbroken tradition in the Indiana House of Representatives for 189 years;

Whereas, The Indiana House of Representatives has long had a policy of permitting members to give, or to invite clergy to give, the invocation prayer in a manner consistent with the religious beliefs and the freedom of conscience of the person giving the invocation;

Whereas, This privilege of invocation prayer has been extended over the years to a diverse group of Hoosiers representing a wide variety of creeds, faiths, and traditions;

Whereas, During the past session of the General Assembly the invocation was offered by clerics representing the Catholic, Protestant, Jewish, and Muslim faiths as well as those with no formal religious affiliation;

Whereas, The Indiana House of Representatives views the invocation as an opportunity to solemnize the proceedings of the House and to permit individual House members and their invited constituents to seek divine guidance on behalf of the House in a manner consistent with, and not repugnant to, their abiding beliefs;

Whereas, The members of the Indiana House of Representatives are subject to the unique pressures and duties of their office and of the burdens of the legislative environment, which frequently requires that they be absent from their own homes, families, and religious congregations;

Whereas, The ministry of visiting clerics and the offering of invocations accommodates the spiritual needs of the members of the Indiana House of Representatives and facilitates the voluntary exercise of their faith, providing them with spiritual encouragement while they are away from their homes, families, and religious congregations;

Whereas, The members of the Indiana House of Representatives accept that in our pluralistic society it is not possible that every faith or belief system be represented in each invocation;

Whereas, The members of the Indiana House of Representatives affirm as the foundational principle of religious tolerance that differences in faith or beliefs should be freely acknowledged and not be hidden, discouraged or suppressed through governmental order, coercion or officially imposed orthodoxy;

Whereas, The invocation prayer has traditionally been an opportunity to promote greater understanding among persons of all faiths;

Whereas, It has been the consistent tradition and practice of the members of the Indiana House of Representatives to stand in respectful silence as the invocation prayer was offered by a fellow Hoosier, regardless of whether the members have shared the religious views expressed by the individual delivering the invocation;

Whereas, Despite these salutary benefits of the Indiana House's invocation prayer, the United States District Court for the Southern District of Indiana, has issued an injunction which restrains religious liberty and the freedom of conscience and, in conflict with the historic and cherished rights of Americans, purports to control the specific content of prayers;

Whereas, This intolerable order of the United States District Court states that prayers given as part of the official proceedings of the Indiana House of Representatives "should not use Christ's name or title or any other denominational appeal" and should not "proclaim

or otherwise communicate the beliefs that Jesus of Nazareth was the Christ, the Messiah, the Son of God, or the Savior, or that he was resurrected, or that he will return on Judgment Day or is otherwise divine";

Whereas, This order is inconsistent with the settled beliefs and deepest convictions of many Hoosiers;

Whereas, Because it attempts to control the content of prayer, this order undermines the rights of all Hoosiers regardless of their theological convictions;

Whereas, This order is contrary to the principles of religious liberty upon which this Nation was founded and which are embodied in the First Amendment to the United States Constitution;

Whereas, In Marsh v. Chambers in 1983 the United States Supreme Court considered our Nation's more than 200 hundred year history of legislative prayers, including prayers that invoke the name of Jesus Christ, and found that "In light of the unambiguous and unbroken history of more than 200 years, there can be no doubt that the practice of opening legislative sessions with prayer has become part of the fabric of our society. To invoke Divine guidance on a public body entrusted with making the laws is not, in these circumstances, an "establishment" of religion or a step toward establishment; it is simply a tolerable acknowledgment of beliefs widely held among the people of this country."

Whereas, As the United States Supreme Court's decisions make clear, public officials are not competent, in our constitutional order, to make the fine theological distinctions and comparisons necessary for one to declare that a prayer is sufficiently "inclusive" or "nonsectarian" to satisfy the court's injunction and the content of prayer is a matter solely for the religious conscience of the cleric or representative offering it;

Whereas, This order violates the fundamental rights of men and women conferred upon them by their Creator to always and freely seek the guidance and blessings of their Creator in accordance with the dictates of their conscience;

Whereas, The members of the Indiana House of Representatives believe that the United States District Court for the Southern District of Indiana has transcended the line between co-equal sovereigns in our federal system of government and has improperly intruded upon the affairs of the legislative branch of Indiana State Government by attempting to dictate the content of our prayers; and

Whereas, The members of the Indiana House of Representatives have taken an oath to uphold the Constitution of the United States, and the members have considered the constitutionality of the practice under challenge and have concluded that it is fully consistent with the Establishment Clause of the First Amendment to the United States Constitution: Therefore,

Be it resolved by the House of Representatives of the General Assembly of the State of Indiana:

SECTION 1. That it is the judgment of the Indiana House of Representatives that the order of the United States District Court for the Southern District of Indiana is contrary to the word and spirit of the First Amendment.

SECTION 2. That the Speaker of the Indiana House of Representatives is urged to use the authority granted to him to prosecute all possible appeals of the order and to use all other lawful means at his disposal to seek the invalidation of that order.

SECTION 3. That the Principal Clerk of the House of Representatives shall transmit a copy of this resolution to the members of the Indiana General Assembly, the United States Congress, and the President of the United States.

The resolution was read a second time. Upon request of Representatives Friend and Turner, the Speaker ordered the roll of the House to be called. Roll Call 214: yeas 85, nays 0. The resolution was adopted.

RESOLUTIONS ON FIRST READING

Senate Concurrent Resolution 13

The Speaker handed down Senate Concurrent Resolution 13, sponsored by Representative Noe:

A CONCURRENT RESOLUTION recognizing the Brant family and the Indiana Oxygen Company.

Whereas, Eight years after the commercial production of oxygen began in the United States in 1907, the Indiana Oxygen Company became one of the first producers of the gas in central Indiana;

Whereas, Formed in 1915 by Walter and John Brant, the Indiana Oxygen Company remains a family-run operation and is currently guided by Walter L. Brant II;

Whereas, In 2005, the company received the prestigious "Entrepreneur of the Year" award for its entrepreneurial innovations;

Whereas, Through the guidance of the Brant family, the company has become a leader in the welding gas field and manufactures, sells, and distributes industrial gases, laboratory gases, medical gases, and welding supplies;

Whereas, The company is active in Indiana's growing life science initiative as a supplier to Indiana's medical laboratories, manufacturers, and research facilities;

Whereas, In 1911, the year of the first Indianapolis 500 race, Walter and John Brant, owners of the Indianapolis-based Lozier car agency and future company founders, sponsored two cars in the race;

Whereas, One of the cars, driven by Ralph Mulford, was first runner-up to the Marmon Wasp driven by winner Ray Harroun;

Whereas, After founding the company in 1915, the Brants continued their interest in racing, serving on Otis Porter's technical scoring staff and assisting with timing and pit stop data;

Whereas, The methods and technical procedures of inflating race car tires with Indiana Oxygen compressed air became a subject of particular interest to the racing teams primarily because the use of compressed air decreased pit times;

Whereas, A short time later, as more sophisticated methods of manufacturing became known, Indiana Oxygen began to play a significant role in the development of advanced technologies through its production of nitrogen gas, the first gas substituted for compressed air for inflating tires in the late 1920s by Firestone;

Whereas, Indiana Oxygen, seeking new uses for gas, pioneered the use of nitrogen for refueling under pressure;

Whereas, From 1937 to 1964, when pressurized refueling was eliminated from the race, Indiana Oxygen continued to provide gases and welding services to the race teams;

Whereas, The Indiana Oxygen Company is statewide with a main headquarters, eight branch locations, 40 distributors, and customers in every state; and

Whereas, Indiana Oxygen has been keeping up with changing business techniques; currently 30% of its sales comes from the Internet: Therefore,

*Be it resolved by the Senate
of the General Assembly of the State of Indiana,
the House of Representatives concurring:*

SECTION 1. That the Indiana General Assembly acknowledges the contributions the Brandt family has made to the economic welfare of our state.

SECTION 2. That copies of this resolution be transmitted by the Secretary of the Senate to Walter L. Brant II, president of the Indiana Oxygen Company.

The resolution was read a first time and adopted by voice vote. The Clerk was directed to inform the Senate of the passage of the resolution.

Senate Concurrent Resolution 16

The Speaker handed down Senate Concurrent Resolution 16, sponsored by Representatives Yount, Messer, and Koch:

A CONCURRENT RESOLUTION to congratulate Sam Simmermaker on his induction into the Indiana Basketball Hall of Fame.

Whereas, Sam Simmermaker and his wife, Fran, arrived in Columbus, Indiana in December 1959 for what they believed would be a brief stop on a career path that was headed toward St. Louis;

Whereas, As a life-long St. Louis Cardinals baseball fan, Sam Simmermaker's goal was to one day be the club's sportscaster;

Whereas, Forty-seven years later, Sam Simmermaker's career path has instead made him a legendary sportscaster throughout the listening areas of the WCSI/WKKG radio stations, and specifically in Columbus;

Whereas, Sam Simmermaker has been the voice of the Columbus High School Bull Dogs Basketball Team, beginning with their powerhouse days in the 1960's and continuing through the present;

Whereas, Although high school basketball has seen many changes over the years, Sam has preserved his style, displaying an innate ability to paint a picture for fans when calling play-by-play action and incorporating his knowledge of the community while always maintaining a professional nature;

Whereas, Throughout his long career, Sam has received numerous awards including, the National Sportscasters and Sportswriters Association Indiana Sportscaster of the Year Award in 1976 and 1977 and induction into the Indiana Sportswriters and Sportscasters Hall of Fame in 1998;

Whereas, In 2006, Sam's dedication to the profession of sportscasting is once again being recognized as he is inducted into the Indiana Basketball Hall of Fame as the St. Vincent Silver Medalist Winner. This award is given to a person who makes a significant contribution to Indiana basketball in a role other than as a player or coach; and

Whereas, The City of Columbus is grateful to have this sports legend and friend as a long-time member of the community: Therefore,

*Be it resolved by the Senate
of the General Assembly of the State of Indiana,
the House of Representatives concurring:*

SECTION 1. That the Indiana General Assembly honors Sam Simmermaker on his induction into the Indiana Basketball Hall of Fame as the St. Vincent Silver Medalist Winner.

SECTION 2. That the Indiana General Assembly congratulates Sam Simmermaker on a long and prosperous career in the sportscasting profession and recognizes his accomplishments and contributions to the Columbus, Indiana community.

SECTION 3. The Secretary of the Senate is hereby directed to transmit a copy of this resolution to Mr. Sam Simmermaker and family.

The resolution was read a first time and adopted by voice vote. The Clerk was directed to inform the Senate of the passage of the resolution.

Senate Concurrent Resolution 29

The Speaker handed down Senate Concurrent Resolution 29, sponsored by Representatives Pflum, Saunders, and Hoffman:

A CONCURRENT RESOLUTION congratulating Earlham College's Dr. John Iverson for being named the 2005 Indiana Professor of the Year by the Carnegie Foundation for the Advancement of Teaching.

Whereas, The Carnegie Foundation for the Advancement of Teaching and the International Council for Advancement and Support of Education (CASE) have sponsored the Professor of the Year Program to recognize outstanding college and university professors from across the country since 1981;

Whereas, While the Carnegie Foundation accepts nominations of professors from four categories of institutions—community colleges, research universities, and institutions that grant bachelors and masters degrees—each year, the Professor of the Year Program honors only one professor for each state;

Whereas, Nominees are assessed based on their impact on and involvement with undergraduate students, their scholarly approach to teaching and learning, their contributions to undergraduate education, and testimony from colleagues and current and former students;

Whereas, Dr. John Iverson is a Professor of Biology and Director of the Joseph Moore Museum of Natural History at Earlham College

in Richmond, Indiana, where he has been a member of the faculty since 1978;

Whereas, To encourage students to become actively involved in the process of science, Dr. Iverson invites students to accompany him to his three long-term study sites. He attributes his success with students to "maintaining an active, hands-on, year-round research program that involves as many students as possible";

Except as provided in subsection (p), the sum of the county economic development income tax rate and the county option income tax rate that are in effect on January 1 of a year may not exceed one and five-tenths percent (1.5%).

SECTION 6. IC 6-3.5-7-26, AS AMENDED BY P.L.199-2005, SECTION 26, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 26. (a) This section applies only to homestead credits for property taxes first due and payable after calendar year 2006.

(b) ~~For purposes of~~ **The following definitions apply throughout this section:**

(1) "Adopt" includes amend.

(2) "Adopting entity" means:

~~(1)~~ **(A)** the entity that adopts an ordinance under IC 6-1.1-12-41(f); or

~~(2)~~ **(B)** any other entity that may impose a county economic development income tax under section 5 of this chapter.

(3) "Homestead" refers to tangible property that is eligible for a homestead credit under IC 6-1.1-20.9.

(4) "Residential" refers to real property, mobile homes, and industrialized housing classified under the standards specified by the department of local government finance as

used for a residential purpose, including tangible property that would qualify as a homestead if the taxpayer had filed for a homestead credit under IC 6-1.1-20.9 and rental residential property.

(c) An adopting entity may adopt an ordinance to provide for the use of the certified distribution described in section 16(c) of this chapter for the purpose provided in subsection (e). An adopting entity that adopts an ordinance under this subsection shall use the procedures set forth in IC 6-3.5-6 concerning the adoption of an ordinance for the imposition of the county option income tax. An ordinance must be adopted under this subsection after January 1 but before April 1 of a calendar year. The ordinance may provide for an additional rate under section 5(p) of this chapter. An ordinance adopted under this subsection:

(1) first applies to the certified distribution described in section 16(c) of this chapter made in the later of the calendar year that immediately succeeds the calendar year in which the ordinance is adopted or calendar year 2007; and

(2) must specify that the certified distribution must be used to provide for **one (1) of the following, as determined by the adopting entity:**

(A) Uniformly applied increased homestead credits as provided in subsection (f). ~~or~~

(B) Uniformly applied increased residential credits as provided in subsection (g).

~~(B)~~ (C) Allocated increased homestead credits as provided in subsection ~~(h)~~ (i).

(D) Allocated increased residential credits as provided in subsection (j).

An ordinance adopted under this subsection may be combined with an ordinance adopted under section 25 of this chapter.

(d) If an ordinance is adopted under subsection (c), the percentage of the certified distribution specified in the ordinance for use for the purpose provided in subsection (e) shall be:

(1) retained by the county auditor under subsection ~~(i)~~ (k); and

(2) used for the purpose provided in subsection (e) instead of the purposes specified in the capital improvement plans adopted under section 15 of this chapter.

(e) If an ordinance is adopted under subsection (c), the adopting entity shall use the certified distribution described in section 16(c) of this chapter to increase:

(1) if the ordinance grants a credit described in subsection (c)(2)(A) or (c)(2)(C), the homestead credit allowed in the county under IC 6-1.1-20.9 for a year; or

(2) if the ordinance grants a credit described in subsection (c)(2)(B) or (c)(2)(D), the property tax replacement credit allowed in the county under IC 6-1.1-21-5 for a year for the residential property;

to offset the effect on homesteads **or residential property, as applicable**, in the county resulting from the statewide deduction for inventory under IC 6-1.1-12-42. **The amount of an additional residential property tax replacement credit granted under this section may not be considered in computing the amount of any homestead credit to which the residential property may be entitled under IC 6-1.1-20.9 or another law other than IC 6-1.1-20.6.**

(f) If the imposing entity specifies the application of uniform increased homestead credits under subsection (c)(2)(A), the county auditor shall, for each calendar year in which an increased homestead credit percentage is authorized under this section, determine:

(1) the amount of the certified distribution that is available to provide an increased homestead credit percentage for the year;

(f) Subject to subsection (i), the county auditor shall act as follows:

- (1) If a determination about the number of years the deduction is allowed has been made in the resolution adopted under section 2.5 of this chapter, the county auditor shall make the appropriate deduction.
- (2) If a determination about the number of years the deduction is allowed has not been made in the resolution adopted under section 2.5 of this chapter, the county auditor shall send a copy of the deduction application to the designating body. Upon receipt of the resolution stating the number of years the deduction will be allowed, the county auditor shall make the appropriate deduction.
- (3) If the deduction application is for rehabilitation or redevelopment in a residentially distressed area, the county auditor shall make the appropriate deduction.

(g) The amount and period of the deduction provided for property by section 3 of this chapter are not affected by a change in the ownership of the property if the new owner of the property:

- (1) continues to use the property in compliance with any standards established under section 2(g) of this chapter; and
- (2) files an application in the manner provided by subsection (e).

(h) The township assessor shall include a notice of the deadlines for filing a deduction application under subsections (a) and (b) with each notice to a property owner of an addition to assessed value or of a new assessment.

(i) Before the county auditor acts under subsection (f), the county auditor may request that the township assessor of the township in which the property is located review the deduction application.

(j) A property owner may appeal a determination of the county

auditor under subsection (f) to deny or alter the amount of the deduction by requesting in writing a preliminary conference with the county auditor not more than forty-five (45) days after the county auditor gives the person notice of the determination. An appeal initiated under this subsection is processed and determined in the same manner that an appeal is processed and determined under IC 6-1.1-15.

SECTION 17. IC 6-1.1-12.1-5.1, AS AMENDED BY P.L.193-2005, SECTION 2, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 5.1. (a) This subsection applies to:

- (1) all deductions under section 3 of this chapter for property located in a residentially distressed area; and
- (2) any other deductions for which a statement of benefits was approved under section 3 of this chapter before July 1, 1991.

In addition to the requirements of section 5(c) of this chapter, a deduction application filed under section 5 of this chapter must contain information showing the extent to which there has been compliance with the statement of benefits approved under section 3 of this chapter. Failure to comply with a statement of benefits approved before July 1, 1991, may not be a basis for rejecting a deduction application.

(b) This subsection applies to each deduction (other than a deduction for property located in a residentially distressed area) for which a statement of benefits was approved under section 3 of this chapter after June 30, 1991. In addition to the requirements of section 5(c) of this chapter, a property owner who files a deduction application under section 5 of this chapter must provide the county auditor and the designating body with information showing the extent to which there has been compliance with the statement of benefits approved under section 3 of this chapter. This information must be included in the deduction application and must also be updated each year in which the deduction is applicable at the same time that the property owner is required to file a personal property tax return in the taxing district in which the property for which the deduction was granted is located. If the taxpayer does not file a personal property tax return in the taxing district in which the property is located, the information must be provided before ~~May 15~~ **August 1**.

(c) Notwithstanding IC 5-14-3 and IC 6-1.1-35-9, the following information is a public record if filed under this section:

- (1) The name and address of the taxpayer.
- (2) The location and description of the property for which the deduction was granted.
- (3) Any information concerning the number of employees at the property for which the deduction was granted, including estimated totals that were provided as part of the statement of benefits.
- (4) Any information concerning the total of the salaries paid to those employees, including estimated totals that were provided as part of the statement of benefits.
- (5) Any information concerning the assessed value of the property, including estimates that were provided as part of the statement of benefits.

(d) The following information is confidential if filed under this section:

- (1) Any information concerning the specific salaries paid to individual employees by the property owner.
- (2) Any information concerning the cost of the property.

SECTION 18. IC 6-1.1-12.1-9.5 IS ADDED TO THE INDIANA CODE AS A NEW SECTION TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: **Sec. 9.5. (a) As used in this section, "clerical error" includes mathematical errors and omitted signatures.**

(b) Except as provided in section 9 of this chapter, the designating body may by resolution waive noncompliance with the following requirements in this chapter with respect to a particular deduction under this chapter:

- (1) a filing deadline applicable to an application, a statement of benefits, or another document that is required to be filed under this chapter; or**
- (2) a clerical error in an application, a statement of benefits, or another document that is required to be filed under this chapter;**

if the taxpayer otherwise qualifies for the deduction and the document is filed or the clerical error is corrected before the resolution is adopted. The resolution must specifically identify the property, deductions, and taxpayer that are effected by the resolution, specifically identify the noncompliance that is the subject of the resolution, and include a finding that the noncompliance has been corrected before the adoption of the resolution.

(c) The designating body shall certify a copy of a resolution adopted under this section to the taxpayer and the department of local government finance.

(d) If a noncompliance with this chapter has been corrected and a resolution is adopted under this section, the taxpayer shall be treated as if the taxpayer had complied with the procedural requirements of this chapter. However, if the designating body determines that granting the relief permitted by this section would result in a delay in the issuance of tax bills, require the recalculation of tax rates or tax levies for a particular year, or otherwise cause an undue burden on a taxing unit, the designating body may require that the deduction that the taxpayer would be entitled to receive for a particular year be applied to a subsequent year in the manner prescribed by the department of local government finance.

SECTION 19. IC 6-1.1-12.4-3, AS ADDED BY P.L.193-2005, SECTION 8, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 3. (a) For purposes of this section, an increase in the assessed value of personal property is determined in the same manner that an increase in the assessed value of new manufacturing equipment is determined for purposes of IC 6-1.1-12.1.

(b) This subsection applies only to personal property that the owner purchases after March 1, 2005, and before March 2, 2009. Except as provided in sections 4, 5, and 8 of this chapter, an owner that purchases personal property other than inventory (as defined in 50 IAC 4.2-5-1, as in effect on January 1, 2005) that:

- (1) was never before used by its owner for any purpose in Indiana; and
- (2) creates or retains employment;

is entitled to a deduction from the assessed value of the personal property.

(c) The deduction under this section is first available in the year in which the increase in assessed value resulting from the purchase of the personal property occurs and continues for the following two (2) years. The amount of the deduction that a property owner may receive with respect to personal property located in a county for a particular year equals the lesser of:

- (1) two million dollars (\$2,000,000); or
- (2) the product of:
 - (A) the increase in assessed value resulting from the purchase of the personal property; multiplied by
 - (B) the percentage from the following table:

YEAR OF DEDUCTION	PERCENTAGE
1st	75%
2nd	50%
3rd	25%

(d) If an appeal of an assessment is approved that results in a reduction of the assessed value of the personal property, the amount of the deduction is adjusted to reflect the percentage decrease that results from the appeal.

(e) A property owner must claim the deduction under this section on the owner's annual personal property tax return. The township assessor shall:

- (1) identify the personal property eligible for the deduction to the county auditor; and
- (2) inform the county auditor of the deduction amount.

(f) The county auditor shall:

- (1) make the deductions; and
- (2) notify the county property tax assessment board of appeals of all deductions approved;

under this section.

(g) The deduction under this section does not apply to personal property at a facility listed in IC 6-1.1-12.1-3(e).

SECTION 20. IC 6-1.1-12.5 IS ADDED TO THE INDIANA

CODE AS A NEW CHAPTER TO READ AS FOLLOWS
[EFFECTIVE JANUARY 1, 2007]:

Chapter 12.5. Assessment Phase-in Deduction

Sec. 1. For purposes of this chapter:

- (1) "enlarge" means to add floor area;
- (2) "rehabilitate" means to remodel, repair, or improve in any manner; and
- (3) "residential property" means real property improvements assessed as residential property under the rules of the department of local government finance.

Sec. 2. (a) Subject to subsection (d) and section 3 of this chapter, a taxpayer that:

- (1) rehabilitates; or
- (2) enlarges;

residential property for which the taxpayer is liable for property taxes is entitled to a deduction from the assessed value of the residential property.

(b) A deduction under this section is available in:

- (1) the year in which the rehabilitation or enlargement of the residential property results in an increased assessed value of the residential property; and
- (2) the immediately succeeding two (2) years.

(c) The amount of the deduction that a taxpayer may receive for:

- (1) the year referred to in subsection (b)(1) equals the product of:

- (A) the increased assessed value for that year resulting from the rehabilitation or enlargement of the residential property; multiplied by
- (B) seventy-five percent (75%);

- (2) the first year referred to in subsection (b)(2) equals the product of:

- (A) the increased assessed value of the residential property determined under subdivision (1)(A) as adjusted under:

- (i) IC 6-1.1-4-4; or
- (ii) IC 6-1.1-4-4.5; multiplied by

- (B) fifty percent (50%); and

- (3) the second year referred to in subsection (b)(2) equals the product of:

- (A) the increased assessed value of the residential property determined under subdivision (1)(A) as adjusted under:

- (i) IC 6-1.1-4-4;
- (ii) IC 6-1.1-4-4.5; or
- (iii) both IC 6-1.1-4-4 and IC 6-1.1-4-4.5; multiplied by

- (B) twenty-five percent (25%).

(d) A property owner that qualifies for a deduction for a year under:

- (1) this section; and
- (2) another statute;

based on the same rehabilitation or enlargement of a residential property may not receive a deduction for that rehabilitation or enlargement of the property under both statutes for that year.

(e) A taxpayer that desires to claim a deduction under this section must file a statement, on forms prescribed by the department of local government finance, with the auditor of the county in which the residential property is located. The statement must be filed during the twelve (12) months before May 11 of each year for which the taxpayer wishes to obtain the deduction. A statement under this subsection may be filed in person or by mail. If mailed, the mailing must be postmarked on or before the last day for filing.

Sec. 3. If ownership of the residential property changes:

- (1) the deduction provided under this chapter continues to apply to the residential property; and

- (2) the amount of the deduction is:

- (A) the percentage under section 2(c)(1)(B), 2(c)(2)(B), or 2(c)(3)(B) of this chapter that would have applied if the ownership of the residential property had not changed; multiplied by

- (B) the assessed value of the residential property, as determined and adjusted under section 2 of this chapter, for the year the new owner is entitled to the deduction.

Sec. 4. The department of local government finance shall adopt rules under IC 4-22-2 to implement this chapter."

"SECTION 20. IC 6-1.1-17-0.5 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 0.5. (a) For purposes of this section, "assessed value" has the meaning set forth in IC 6-1.1-1-3(a).

(b) The county auditor may exclude and keep separate on the tax duplicate for taxes payable in a calendar year the assessed value of tangible property that meets the following conditions:

- (1) The assessed value of the property is at least nine percent (9%) of the assessed value of all tangible property subject to taxation by a taxing unit. ~~(as defined in IC 6-1.1-1-21);~~

- (2) The property is or has been part of a bankruptcy estate that is subject to protection under the federal bankruptcy code.

- (3) The owner of the property has discontinued all business operations on the property.

- (4) There is a high probability that the taxpayer will not pay property taxes due on the property in the following year.

(c) This section does not limit, restrict, or reduce in any way the property tax liability on the property.

(d) For each taxing unit located in the county, the county auditor may reduce for a calendar year the taxing unit's assessed value that is certified to the department of local government finance under section 1 of this chapter and used to set tax rates for the taxing unit for taxes first due and payable in the immediately succeeding calendar year. The county auditor may reduce a taxing unit's assessed value under this subsection only to enable the taxing unit to absorb the effects of reduced property tax collections in the immediately succeeding calendar year that are expected to result from successful appeals of the assessed value of property located in the taxing unit. The county auditor shall keep separately on the tax duplicate the amount of any reductions made under this subsection. The maximum amount of the reduction authorized under this subsection is determined under subsection (e).

(e) The amount of the reduction in a taxing unit's assessed value for a calendar year under subsection (d) may not exceed the lesser of:

- (1) two percent (2%) of the assessed value of tangible property subject to assessment in the taxing unit in that calendar year; or

- (2) the total amount of reductions in the assessed value of tangible property subject to assessment in the taxing unit that:

- (A) applied for the assessment date in the immediately preceding year; and

- (B) resulted from successful appeals of the assessed value of the property.

(f) The amount of a reduction under subsection (d) may not be offered in a proceeding before the:

- (1) county property tax assessment board of appeals;

- (2) Indiana board; or

- (3) Indiana tax court;

as evidence that a particular parcel has been improperly assessed."

(a) If a county auditor reduces a taxing unit's assessed valuation under section 0.5(d) of this chapter, the department of local government finance shall, in the manner prescribed in section 16 of this chapter, review the budget, tax rate, and tax levy of the taxing unit.

(b) The county auditor may appeal to the department of local government finance to reduce a taxing unit's assessed valuation by an amount that exceeds the limits set forth in section 0.5(e) of this chapter. The department of local government finance:

- (1) may require the county auditor to submit supporting information with the county auditor's appeal;
- (2) shall consider the appeal at the time of the review required by subsection (a); and
- (3) may approve, modify and approve, or reject the amount of the reduction sought in the appeal."

"SECTION 24. IC 6-1.1-18.5-13, AS AMENDED BY P.L.73-2005, SECTION 4, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2006]: Sec. 13. With respect to an appeal filed under section 12 of this chapter, the local government tax control board may recommend that a civil taxing unit receive any one (1) or more of the following types of relief:

- (1) Permission to the civil taxing unit to increase its levy in excess of the limitations established under section 3 of this chapter, if in the judgment of the local government tax control board the increase is reasonably necessary due to increased costs of the civil taxing unit resulting from annexation, consolidation, or other extensions of governmental services by the civil taxing unit to additional geographic areas or persons.
- (2) Permission to the civil taxing unit to increase its levy in excess of the limitations established under section 3 of this chapter, if the local government tax control board finds that the civil taxing unit needs the increase to meet the civil taxing unit's share of the costs of operating a court established by statute enacted after December 31, 1973. Before recommending such an increase, the local government tax control board shall consider all other revenues available to the civil taxing unit that could be applied for that purpose. The maximum aggregate levy increases that the local government tax control board may recommend for a particular court equals the civil taxing unit's share of the costs of operating a court for the first full calendar year in which it is in existence.
- (3) Permission to the civil taxing unit to increase its levy percentage in excess of the limitations established levy increase percentage determined under section 3 of this chapter if the local government tax control board finds that the quotient by the percentage determined under STEP SIX TWELVE of the following formula: is equal to or greater than one and three-hundredths (1.03):

STEP ONE: Determine the three (3) calendar years that most immediately precede the ensuing calendar year and in which a statewide general reassessment of real property does not first become effective.

STEP TWO: Compute separately, for each of the calendar years determined in STEP ONE, the quotient (rounded to the nearest ten-thousandth (0.0001)) of:

- (A) the sum of the civil taxing unit's total assessed value

of all taxable property and the total assessed value of property tax deductions in the unit under IC 6-1.1-12-41 or IC 6-1.1-12-42 in the particular calendar year, as adjusted to eliminate the effects of the enactment of laws or rules that provide for a type or amount of an assessment, a deduction or an exemption in the year that was not available in the immediately preceding calendar year; divided by

(B) the sum of the civil taxing unit's total assessed value of all taxable property and the total assessed value of property tax deductions in the unit under IC 6-1.1-12-41 or IC 6-1.1-12-42 in the calendar year immediately preceding the particular calendar year, as adjusted to eliminate the effects of the enactment of laws or rules that provide for a type or amount of an assessment, a deduction, or an exemption in the year that is not available in the current calendar year.

STEP THREE: Divide the sum of the three (3) quotients computed in STEP TWO by three (3).

STEP FOUR: Compute separately, for each of the calendar years determined in STEP ONE, the quotient (rounded to the nearest ten-thousandth (0.0001)) of:

(A) the sum of the total assessed value of all taxable property in all counties and the total assessed value of property tax deductions in all counties under IC 6-1.1-12-41 or IC 6-1.1-12-42 in the particular calendar year, as adjusted to eliminate the effects of the enactment of laws or rules that provide for a type or amount of an assessment, a deduction, or an exemption in the year that was not available in the immediately preceding calendar year; divided by

(B) the sum of the total assessed value of all taxable property in all counties and the total assessed value of property tax deductions in all counties under IC 6-1.1-12-41 or IC 6-1.1-12-42 in the calendar year immediately preceding the particular calendar year, as adjusted to eliminate the effects of the enactment of laws or rules that provide for a type or amount of an assessment, a deduction, or an exemption in the year that is not available in the current calendar year.

STEP FIVE: Divide the sum of the three (3) quotients computed in STEP FOUR by three (3).

STEP SIX: Divide the STEP THREE amount by the STEP FIVE amount. The civil taxing unit may increase its levy by a percentage not greater than the percentage by which the STEP THREE amount exceeds

STEP SEVEN: Determine the result of:

(A) the STEP SIX result; minus

(B) the percentage by which the civil taxing unit may increase its levy under section 3 of this chapter based on the assessed value growth quotient determined under section 2 of this chapter.

STEP EIGHT: Determine the greater of zero (0) or the STEP SEVEN amount.

STEP NINE: Determine the total ad valorem property tax rate certified for the civil taxing unit in the year immediately preceding the particular calendar year.

STEP TEN: Determine the average total ad valorem property tax rate for all similar civil taxing units of the same type and class in the year immediately preceding the particular calendar year.

STEP ELEVEN: Determine the result of:

(A) the STEP NINE result; divided by

(B) the STEP TEN result.

STEP TWELVE: Determine the result of:

(A) the STEP EIGHT result; multiplied by

(B) the following:

(i) One (1), if the STEP ELEVEN result is not greater than one (1).

(ii) Five tenths (0.5) if the STEP ELEVEN result is greater than one (1).

(4) Permission to the civil taxing unit to increase its levy in excess of the limitations established under section 3 of this

chapter, if the local government tax control board finds that the civil taxing unit needs the increase to pay the costs of furnishing fire protection for the civil taxing unit through a volunteer fire department. For purposes of determining a township's need for an increased levy, the local government tax control board shall not consider the amount of money borrowed under IC 36-6-6-14 during the immediately preceding calendar year. However, any increase in the amount of the civil taxing unit's levy recommended by the local government tax control board under this subdivision for the ensuing calendar year may not exceed the lesser of:

- (A) ten thousand dollars (\$10,000); or
- (B) twenty percent (20%) of:
 - (i) the amount authorized for operating expenses of a volunteer fire department in the budget of the civil taxing unit for the immediately preceding calendar year; plus
 - (ii) the amount of any additional appropriations authorized during that calendar year for the civil taxing unit's use in paying operating expenses of a volunteer fire department under this chapter; minus
 - (iii) the amount of money borrowed under IC 36-6-6-14 during that calendar year for the civil taxing unit's use in paying operating expenses of a volunteer fire department.
- (5) Permission to a civil taxing unit to increase its levy in excess of the limitations established under section 3 of this chapter in order to raise revenues for pension payments and contributions the civil taxing unit is required to make under IC 36-8. The maximum increase in a civil taxing unit's levy that may be recommended under this subdivision for an ensuing calendar year equals the amount, if any, by which the pension payments and contributions the civil taxing unit is required to make under IC 36-8 during the ensuing calendar year exceeds the product of one and one-tenth (1.1) multiplied by the pension payments and contributions made by the civil taxing unit under IC 36-8 during the calendar year that immediately precedes the ensuing calendar year. For purposes of this subdivision, "pension payments and contributions made by a civil taxing unit" does not include that part of the payments or contributions that are funded by distributions made to a civil taxing unit by the state.
- (6) Permission to increase its levy in excess of the limitations established under section 3 of this chapter if the local government tax control board finds that:

- (A) the township's township assistance ad valorem property tax rate is less than one and sixty-seven hundredths cents (\$0.0167) per one hundred dollars (\$100) of assessed valuation; and
- (B) the township needs the increase to meet the costs of providing township assistance under IC 12-20 and IC 12-30-4.

The maximum increase that the board may recommend for a township is the levy that would result from an increase in the township's township assistance ad valorem property tax rate of one and sixty-seven hundredths cents (\$0.0167) per one hundred dollars (\$100) of assessed valuation minus the township's ad valorem property tax rate per one hundred dollars (\$100) of assessed valuation before the increase.

- (7) Permission to a civil taxing unit to increase its levy in excess of the limitations established under section 3 of this chapter if:
 - (A) the increase has been approved by the legislative body of the municipality with the largest population where the civil taxing unit provides public transportation services; and
 - (B) the local government tax control board finds that the civil taxing unit needs the increase to provide adequate public transportation services.

The local government tax control board shall consider tax rates and levies in civil taxing units of comparable population, and the effect (if any) of a loss of federal or other funds to the civil taxing unit that might have been used for public transportation purposes. However, the increase that the board may recommend under this subdivision for a civil taxing unit may not exceed the revenue that would be raised by the civil taxing unit based on a property tax rate of one cent (\$0.01) per one hundred dollars (\$100) of assessed valuation.

(8) Permission to a civil taxing unit to increase the unit's levy in excess of the limitations established under section 3 of this chapter if the local government tax control board finds that:

- (A) the civil taxing unit is:
 - (i) a county having a population of more than one hundred forty-eight thousand (148,000) but less than one hundred seventy thousand (170,000);
 - (ii) a city having a population of more than fifty-five thousand (55,000) but less than fifty-nine thousand (59,000);
 - (iii) a city having a population of more than twenty-eight thousand seven hundred (28,700) but less than twenty-nine thousand (29,000);
 - (iv) a city having a population of more than fifteen thousand four hundred (15,400) but less than sixteen thousand six hundred (16,600); or
 - (v) a city having a population of more than seven thousand (7,000) but less than seven thousand three hundred (7,300); and
- (B) the increase is necessary to provide funding to undertake removal (as defined in IC 13-11-2-187) and remedial action (as defined in IC 13-11-2-185) relating to hazardous substances (as defined in IC 13-11-2-98) in solid waste disposal facilities or industrial sites in the civil taxing unit that have become a menace to the public health and welfare.

The maximum increase that the local government tax control board may recommend for such a civil taxing unit is the levy that would result from a property tax rate of six and sixty-seven hundredths cents (\$0.0667) for each one hundred dollars (\$100) of assessed valuation. For purposes of computing the ad valorem property tax levy limit imposed on a civil taxing unit under section 3 of this chapter, the civil taxing unit's ad valorem property tax levy for a particular year does not include that part of the levy imposed under this subdivision. In addition, a property tax increase permitted under this subdivision may be imposed for only two (2) calendar years.

- (9) Permission for a county:
 - (A) having a population of more than eighty thousand (80,000) but less than ninety thousand (90,000) to increase the county's levy in excess of the limitations established under section 3 of this chapter, if the local government tax control board finds that the county needs the increase to meet the county's share of the costs of operating a jail or juvenile detention center, including expansion of the facility, if the jail or juvenile detention center is opened after December 31, 1991;
 - (B) that operates a county jail or juvenile detention center that is subject to an order that:
 - (i) was issued by a federal district court; and
 - (ii) has not been terminated;
 - (C) that operates a county jail that fails to meet:
 - (i) American Correctional Association Jail Construction Standards; and
 - (ii) Indiana jail operation standards adopted by the department of correction; or
 - (D) that operates a juvenile detention center that fails to meet standards equivalent to the standards described in clause (C) for the operation of juvenile detention centers.

Before recommending an increase, the local government tax control board shall consider all other revenues available to the county that could be applied for that purpose. An appeal for operating funds for a jail or a juvenile detention center shall be considered individually, if a jail and juvenile detention center are both opened in one (1) county. The maximum aggregate levy increases that the local government tax control board may recommend for a county equals the county's share of the costs of operating the jail or a juvenile detention center for the first full calendar year in which the jail or juvenile detention center is in operation.

- (10) Permission for a township to increase its levy in excess of the limitations established under section 3 of this chapter, if the local government tax control board finds that the township needs the increase so that the property tax rate to pay the costs

of furnishing fire protection for a township, or a portion of a township, enables the township to pay a fair and reasonable amount under a contract with the municipality that is furnishing the fire protection. However, for the first time an appeal is granted the resulting rate increase may not exceed fifty percent (50%) of the difference between the rate imposed for fire protection within the municipality that is providing the fire protection to the township and the township's rate. A township is required to appeal a second time for an increase under this subdivision if the township wants to further increase its rate. However, a township's rate may be increased to equal but may not exceed the rate that is used by the municipality. More than one (1) township served by the same municipality may use this appeal.

(11) Permission for a township to increase its levy in excess of the limitations established under section 3 of this chapter, if the local government tax control board finds that the township has been required, for the three (3) consecutive years preceding the year for which the appeal under this subdivision is to become effective, to borrow funds under IC 36-6-6-14 to furnish fire protection for the township or a part of the township. However, the maximum increase in a township's levy that may be allowed under this subdivision is the least of the amounts borrowed under IC 36-6-6-14 during the preceding three (3) calendar years. A township may elect to phase in an approved increase in its levy under this subdivision over a period not to exceed three (3) years. A particular township may appeal to increase its levy under this section not more frequently than every fourth calendar year.

(12) Permission to a city having a population of more than twenty-nine thousand (29,000) but less than thirty-one thousand (31,000) to increase its levy in excess of the limitations established under section 3 of this chapter if:

(A) an appeal was granted to the city under this section to reallocate property tax replacement credits under IC 6-3.5-1.1 in 1998, 1999, and 2000; and

(B) the increase has been approved by the legislative body of the city, and the legislative body of the city has by resolution determined that the increase is necessary to pay normal operating expenses.

The maximum amount of the increase is equal to the amount of property tax replacement credits under IC 6-3.5-1.1 that the city petitioned under this section to have reallocated in 2001 for a purpose other than property tax relief.

SECTION 25. IC 6-1.1-18.5-17 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 17. (a) As used in this section, "levy excess" means the part of the ad valorem property tax levy actually collected by a civil taxing unit, for taxes first due and payable during a particular calendar year, that exceeds the civil taxing unit's ad valorem property tax levy, as approved by the department of local government finance under IC 6-1.1-17. **The term does not include delinquent ad valorem property taxes collected during a particular year that were assessed for an assessment date that precedes the assessment date for the current year in which the ad valorem property taxes are collected.**

(b) A civil taxing unit's levy excess is valid and may not be contested on the grounds that it exceeds the civil taxing unit's levy limit for the applicable calendar year. However, the civil taxing unit shall deposit, except as provided in subsection (h), its levy excess in a special fund to be known as the civil taxing unit's levy excess fund.

(c) The chief fiscal officer of a civil taxing unit may invest money in the civil taxing unit's levy excess fund in the same manner in which money in the civil taxing unit's general fund may be invested. However, any income derived from investment of the money shall be deposited in and becomes a part of the levy excess fund.

(d) The department of local government finance shall require a civil taxing unit to include the amount in its levy excess fund in the civil taxing unit's budget fixed under IC 6-1.1-17.

(e) Except as provided by subsection (f), a civil taxing unit may not spend any money in its levy excess fund until the expenditure of the money has been included in a budget that has been approved by the department of local government finance under IC 6-1.1-17. For

purposes of fixing its budget and for purposes of the ad valorem property tax levy limits imposed under this chapter, a civil taxing unit shall treat the money in its levy excess fund that the department of local government finance permits it to spend during a particular calendar year as part of its ad valorem property tax levy for that same calendar year.

(f) A civil taxing unit may transfer money from its levy excess fund to its other funds to reimburse those funds for amounts withheld from the civil taxing unit as a result of refunds paid under IC 6-1.1-26.

(g) Subject to the limitations imposed by this section, a civil taxing unit may use money in its levy excess fund for any lawful purpose for which money in any of its other funds may be used.

(h) If the amount that would, notwithstanding this subsection, be deposited in the levy excess fund of a civil taxing unit for a particular calendar year is less than one hundred dollars (\$100), no money shall be deposited in the levy excess fund of the unit for that year.

SECTION 26. IC 6-1.1-19-1.7 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 1.7. (a) As used in this section, "levy excess" means that portion of the ad valorem property tax levy actually collected by a school corporation, for taxes first due and payable during a particular calendar year, which exceeds the school corporation's total levy, as approved by the department of local government finance under IC 6-1.1-17, for those property taxes. **The term does not include delinquent ad valorem property taxes collected during a particular year that were assessed for an assessment date that precedes the assessment date for the current year in which the ad valorem property taxes are collected.**

(b) A school corporation's levy excess is valid, and the general fund portion of a school corporation's levy excess may not be contested on the grounds that it exceeds the school corporation's general fund levy limit for the applicable calendar year. However, the school corporation shall deposit, except as provided in subsection (h), its levy excess in a special fund to be known as the school corporation's levy excess fund.

(c) The chief fiscal officer of a school corporation may invest money in the school corporation's levy excess fund in the same manner in which money in the school corporation's general fund may be invested. However, any income derived from investment of the money shall be deposited in and become a part of the levy excess fund.

(d) The department of local government finance shall require a school corporation to include the amount in the school corporation's levy excess fund in the school corporation's budget fixed under IC 6-1.1-17.

(e) Except as provided in subsection (f), a school corporation may not spend any money in its levy excess fund until the expenditure of the money has been included in a budget that has been approved by the department of local government finance under IC 6-1.1-17. For purposes of fixing its budget and for purposes of the ad valorem property tax levy limits fixed under this chapter, a school corporation shall treat the money in its levy excess fund that the department of local government finance permits the school corporation to spend during a particular calendar year as part of the school corporation's ad valorem property tax levy for that same calendar year.

(f) A school corporation may transfer money from its levy excess fund to its other funds to reimburse those funds for amounts withheld from the school corporation as a result of refunds paid under IC 6-1.1-26.

(g) Subject to the limitations imposed by this section, a school corporation may use money in its levy excess fund for any lawful purpose for which money in any of its other funds may be used.

(h) If the amount that would be deposited in the levy excess fund of a school corporation for a particular calendar year is less than one hundred dollars (\$100), no money shall be deposited in the levy excess fund of the school corporation for that year.

SECTION 27. IC 6-1.1-20.8-2.5, AS AMENDED BY P.L.4-2005, SECTION 40, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 2.5. (a) A person that desires to claim the credit provided by section 1 of this chapter shall file a certified application, on forms prescribed by the department of local government finance, with the auditor of the county where the property for which the credit is claimed was located

on the assessment date. A person that timely files a personal property return under IC 6-1.1-3-7(a) for an assessment year must file the application between March 1 and ~~May 15~~ **August 1** of that year in order to obtain the credit in the following year. A person that obtains a filing extension under IC 6-1.1-3-7(b) for an assessment year must file the application between March 1 and the extended due date for that year in order to obtain the credit in the following year.

(b) A taxpayer shall include on an application filed under this section all information that the department of local government finance requires to determine eligibility for the credit provided under this chapter.

(c) Compliance with this chapter does not exempt a person from compliance with IC 5-28-15-7."

"SECTION 28. IC 6-1.1-20.9-1 IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 1. As used in this chapter:

(1) "Dwelling" means any of the following:

(A) Residential real property improvements which an individual uses as ~~his~~ **the individual's** residence, including a house or garage.

(B) A mobile home that is not assessed as real property that an individual uses as the individual's residence.

(C) A manufactured home that is not assessed as real property that an individual uses as the individual's residence.

(D) Partially completed residential real property improvements, as defined by the department of local government finance, that an individual intends to use as the individual's residence, including a house or garage.

(2) "Homestead" means an individual's principal place of residence, **or in the case of a dwelling (as described in subdivision (1)(D)) property that the individual intends to be the individual's principal place of residence,** which:

(A) is located in Indiana;

(B) the individual either owns or is buying under a contract, recorded in the county recorder's office, that provides that he is to pay the property taxes on the residence; and

(C) consists of a dwelling and the real estate, not exceeding one (1) acre, that immediately surrounds that dwelling.

SECTION 29. IC 6-1.1-20.9-2, AS AMENDED BY P.L.246-2005, SECTION 63, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 2. (a) Except as otherwise provided in section 5 of this chapter, an individual who on March 1 of a particular year either owns or is buying a homestead under a contract that provides the individual is to pay the property taxes on the homestead is entitled each calendar year to a credit against the property taxes which the individual pays on the individual's homestead. However, only one (1) individual may receive a credit under this chapter for a particular homestead in a particular year.

(b) **Except as provided in subsection (h),** the amount of the credit to which the individual is entitled equals the product of:

(1) the percentage prescribed in subsection (d); multiplied by

(2) the amount of the individual's property tax liability, as that term is defined in IC 6-1.1-21-5, which is:

(A) attributable to the homestead during the particular calendar year; and

(B) determined after the application of the property tax replacement credit under IC 6-1.1-21.

(c) For purposes of determining that part of an individual's property tax liability that is attributable to the individual's homestead, all deductions from assessed valuation which the individual claims under IC 6-1.1-12 or IC 6-1.1-12.1 for property on which the individual's homestead is located must be applied first against the assessed value of the individual's homestead before those deductions are applied against any other property.

(d) The percentage of the credit referred to in subsection (b)(1) is as follows:

YEAR	PERCENTAGE OF THE CREDIT
1996	8%
1997	6%

1998 through 2002 10%

2003 and thereafter 20%

However, the property tax replacement fund board established under IC 6-1.1-21-10 shall increase the percentage of the credit provided in the schedule for any year if the budget agency determines that an increase is necessary to provide the minimum tax relief authorized under IC 6-1.1-21-2.5. If the board increases the percentage of the credit provided in the schedule for any year, the percentage of the credit for the immediately following year is the percentage provided in the schedule for that particular year, unless as provided in this subsection the board must increase the percentage of the credit provided in the schedule for that particular year. However, the percentage credit allowed in a particular county for a particular year shall be increased if on January 1 of a year an ordinance adopted by a county income tax council was in effect in the county which increased the homestead credit. The amount of the increase equals the amount designated in the ordinance.

(e) Before October 1 of each year, the assessor shall furnish to the county auditor the amount of the assessed valuation of each homestead for which a homestead credit has been properly filed under this chapter.

(f) The county auditor shall apply the credit equally to each installment of taxes that the individual pays for the property.

(g) Notwithstanding the provisions of this chapter, a taxpayer other than an individual is entitled to the credit provided by this chapter if:

(1) an individual uses the residence as the individual's principal place of residence;

(2) the residence is located in Indiana;

(3) the individual has a beneficial interest in the taxpayer;

(4) the taxpayer either owns the residence or is buying it under a contract, recorded in the county recorder's office, that provides that the individual is to pay the property taxes on the residence; and

(5) the residence consists of a single-family dwelling and the real estate, not exceeding one (1) acre, that immediately surrounds that dwelling.

(h) With respect to a partially completed dwelling (as described in section 1(1)(d) of this chapter), the amount of the credit to which the individual is entitled is equal to the result of STEP THREE of the following formula:

STEP ONE: For the twelve (12) months preceding the assessment date on which the partially completed dwelling was reassessed, determine the number of months that followed the later of the following:

(A) The date on which construction of the partially completed dwelling began.

(B) The date on which the partially completed dwelling was transferred to the individual claiming the homestead credit.

STEP TWO: Determine the result of:

(A) the STEP ONE result; divided by

(B) twelve (12).

STEP THREE: Determine the product of:

(A) the amount the individual would be entitled to under subsection (b); multiplied by

(B) the STEP TWO amount."

IC 6-1.1-39-5, AS AMENDED BY P.L.4-2005, SECTION 46, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 5. (a) A declaratory ordinance adopted under section 2 of this chapter and confirmed under section 3 of this chapter must include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. The allocation provision must apply to the entire economic development district. The allocation provisions must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the economic development district be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:

(A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(B) the base assessed value;

shall be allocated to and, when collected, paid into the funds of the respective taxing units. However, if the effective date of the allocation provision of a declaratory ordinance is after March 1, 1985, and before January 1, 1986, and if an improvement to property was partially completed on March 1, 1985, the unit may provide in the declaratory ordinance that the taxes attributable to the assessed value of the property as finally determined for March 1, 1984, shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, part or all of the property tax proceeds in excess of those described in subdivision (1), as specified in the declaratory ordinance, shall be allocated to the unit for the economic development district and, when collected, paid into a special fund established by the unit for that economic development district that may be used only to pay the principal of and interest on obligations owed by the unit under IC 4-4-8 (before its repeal) or IC 5-28-9 for the financing of industrial development programs in, or serving, that economic development district. The amount not paid into the special fund shall be paid to the respective units in the manner prescribed by subdivision (1).

(3) When the money in the fund is sufficient to pay all outstanding principal of and interest (to the earliest date on which the obligations can be redeemed) on obligations owed by the unit under IC 4-4-8 (before its repeal) or IC 5-28-9 for the financing of industrial development programs in, or serving, that economic development district, money in the special fund in excess of that amount shall be paid to the respective taxing units in the manner prescribed by subdivision (1).

(b) Property tax proceeds allocable to the economic development district under subsection (a)(2) must, subject to subsection (a)(3), be irrevocably pledged by the unit for payment as set forth in subsection (a)(2).

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the economic development district that is annexed by any taxing unit

after the effective date of the allocation provision of the declaratory ordinance is the lesser of:

(1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(2) the base assessed value.

(d) Notwithstanding any other law, each assessor shall, upon petition of the fiscal body, reassess the taxable property situated upon or in, or added to, the economic development district effective on the next assessment date after the petition.

(e) Notwithstanding any other law, the assessed value of all taxable property in the economic development district, for purposes of tax limitation, property tax replacement (except as provided in IC 6-1.1-21-3(c), IC 6-1.1-21-4(a)(3), and IC 6-1.1-21-5(c)), and formulation of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

(1) the assessed value of the property as valued without regard to this section; or

(2) the base assessed value.

(f) The state board of accounts and department of local government finance shall make the rules and prescribe the forms and procedures that they consider expedient for the implementation of this chapter. After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the district under this section. **After each annual adjustment under IC 6-1.1-4-4.5, the department of local government finance shall adjust the base assessed value to neutralize any effect of the annual adjustment on the property tax proceeds allocated to the district under this section.** However, the ~~adjustment~~ **adjustments under this subsection** may not include the effect of property tax abatements under IC 6-1.1-12.1.

(g) As used in this section, "property taxes" means:

(1) taxes imposed under this article on real property; and

(2) any part of the taxes imposed under this article on depreciable personal property that the unit has by ordinance allocated to the economic development district. However, the ordinance may not limit the allocation to taxes on depreciable personal property with any particular useful life or lives.

If a unit had, by ordinance adopted before May 8, 1987, allocated to an economic development district property taxes imposed under IC 6-1.1 on depreciable personal property that has a useful life in excess of eight (8) years, the ordinance continues in effect until an ordinance is adopted by the unit under subdivision (2).

(h) As used in this section, "base assessed value" means:

(1) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (f); plus

(2) to the extent that it is not included in subdivision (1), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

Subdivision (2) applies only to economic development districts established after June 30, 1997, and to additional areas established after June 30, 1997."

(a) A property owner who desires to obtain the deduction provided by section 24 of this chapter must file a certified deduction application, on forms prescribed by the department of local government finance, with the auditor of the county in which the property is located. Except as otherwise provided in subsection (b) or (e), the deduction application must be filed before ~~May 10~~ **August 1** of the year in which the addition to assessed valuation is made.

(b) If notice of the addition to assessed valuation or new assessment for any year is not given to the property owner before ~~April 10~~ **July 1** of that year, the deduction application required by this section may be filed not later than thirty (30) days after the date such a notice is mailed to the property owner at the address shown on

the records of the township assessor.

(c) The certified deduction application required by this section must contain the following information:

- (1) The name of each owner of the property.
- (2) A certificate of completion of a voluntary remediation under IC 13-25-5-16.

- (4) Proof that the deduction was approved by the appropriate designating body.
- (5) A description of the property for which a deduction is claimed in sufficient detail to afford identification.
- (6) The assessed value of the improvements before remediation and redevelopment.
- (7) The increase in the assessed value of improvements resulting from remediation and redevelopment.
- (8) The amount of the deduction claimed for the first year of the deduction.
- (d) A certified deduction application filed under subsection (a) or (b) is applicable for the year in which the addition to assessed value or assessment of property is made and each subsequent year to which the deduction applies under the resolution adopted under section 24 of this chapter.
- (e) A property owner who desires to obtain the deduction provided by section 24 of this chapter but who has failed to file a deduction application within the dates prescribed in subsection (a) or (b) may file a deduction application between March 1 and ~~May 10~~ **August 1** of a subsequent year which is applicable for the year filed and the subsequent years without any additional certified deduction application being filed for the amounts of the deduction which would be applicable to such years under this chapter if such a deduction application had been filed in accordance with subsection (a) or (b).
- (f) On verification of the correctness of a certified deduction application by the assessor of the township in which the property is located, the county auditor shall, if the property is covered by a resolution adopted under section 24 of this chapter, make the appropriate deduction.
- (g) The amount and period of the deduction provided for property by section 24 of this chapter are not affected by a change in the ownership of the property if the new owner of the property:

- (1) is a person that:
 - (A) has never had an ownership interest in an entity that contributed; and
 - (B) has not contributed;

a contaminant (as defined in IC 13-11-2-42) that is the subject of the voluntary remediation, as determined under the written standards adopted by the department of environmental management;

- (2) continues to use the property in compliance with any standards established under sections 7 and 23 of this chapter; and
- (3) files an application in the manner provided by subsection (e).

(h) The township assessor shall include a notice of the deadlines for filing a deduction application under subsections (a) and (b) with each notice to a property owner of an addition to assessed value or of a new assessment."

(a) The state board of accounts and the department of local government finance shall make the rules and prescribe the forms and procedures that the state board of accounts and department consider appropriate for the implementation of this chapter.

(b) After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed

(c) After each annual adjustment under IC 6-1.1-4-4.5, the department of local government finance shall adjust the base assessed value (as defined in section 9 of this chapter) to neutralize any effect of the annual adjustment on the property tax proceeds allocated to the airport development zone's special funds under section 9 of this chapter.

SECTION 39. IC 21-2-21-1.8, AS ADDED BY P.L.214-2005, SECTION 62, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE UPON PASSAGE]: Sec. 1.8. - (2) issued bonds under IC 20-5-4-1.7:

(A) before April 14, 2003; or

(B) after April 13, 2003, if an order approving the issuance of the bonds was issued by the department of local government finance before April 14, 2003.

(c) In addition to the purposes set forth in section 1 of this chapter, a school corporation described in subsection (b) may issue bonds to implement solutions to contractual retirement or severance liability. The issuance of bonds for this purpose is subject to the following conditions:

(1) The school corporation may issue bonds under this section only one (1) time.

~~(2) The A school corporation described in subsection (b)(1) or (b)(2)(A) must issue the bonds before July 1, 2006. A school corporation described in subsection (b)(2)(B) must file a petition with the department of local government finance under IC 6-1.1-19-8 requesting approval to incur bond indebtedness under this section before July 1, 2006.~~

(3) The solution to which the bonds are contributing must be reasonably expected to reduce the school corporation's unfunded contractual liability for retirement or severance payments as it existed on June 30, 2001.

(4) The amount of the bonds that may be issued for the purpose described in this section may not exceed:

(A) two percent (2%) of the true tax value of property in the school corporation, for a school corporation that did not issue bonds under IC 20-5-4-1.7 before its repeal; or

(2) If an allocation provision is adopted after June 30, 1997, in a declaratory resolution or an amendment to a declaratory resolution establishing a redevelopment project area:

(4) Except as provided in subdivision (5), for all other allocation areas, the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h).

(5) If an allocation area established in an economic development area before July 1, 1995, is expanded after June 30, 1995, the definition in subdivision (1) applies to the expanded part of the area added after June 30, 1995.

(6) If an allocation area established in a redevelopment project area before July 1, 1997, is expanded after June 30, 1997, the definition in subdivision (2) applies to the expanded part of the area added after June 30, 1997.

Except as provided in section 39.3 of this chapter, "property taxes" means taxes imposed under IC 6-1.1 on real property. However, upon approval by a resolution of the redevelopment commission adopted before June 1, 1987, "property taxes" also includes taxes imposed under IC 6-1.1 on depreciable personal property. If a redevelopment commission adopted before June 1, 1987, a resolution to include within the definition of property taxes taxes imposed under IC 6-1.1 on depreciable personal property that has a useful life in excess of eight (8) years, the commission may by resolution determine the percentage of taxes imposed under IC 6-1.1 on all depreciable personal property that will be included within the definition of property taxes. However, the percentage included must not exceed twenty-five percent (25%) of the taxes imposed under IC 6-1.1 on all depreciable personal property.

(b) A declaratory resolution adopted under section 15 of this chapter on or before the allocation deadline determined under subsection (i) may include a provision with respect to the allocation

and distribution of property taxes for the purposes and in the manner provided in this section. A declaratory resolution previously adopted may include an allocation provision by the amendment of that declaratory resolution on or before the allocation deadline determined under subsection (i) in accordance with the procedures required for its original adoption. A declaratory resolution or an amendment that establishes an allocation provision after June 30, 1995, must specify an expiration date for the allocation provision that may not be more than thirty (30) years after the date on which the allocation provision is established. However, if bonds or other obligations that were scheduled when issued to mature before the specified expiration date and that are payable only from allocated tax proceeds with respect to the allocation area remain outstanding as of the expiration date, the allocation provision does not expire until all of the bonds or other obligations are no longer outstanding. The allocation provision may apply to all or part of the redevelopment project area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:

(A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(B) the base assessed value;

shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the redevelopment district and, when collected, paid into an allocation fund for that allocation area that may be used by the redevelopment district only to do one (1) or more of the following:

(A) Pay the principal of and interest on any obligations payable solely from allocated tax proceeds which are incurred by the redevelopment district for the purpose of financing or refinancing the redevelopment of that allocation area.

(B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area.

(C) Pay the principal of and interest on bonds payable from allocated tax proceeds in that allocation area and from the special tax levied under section 27 of this chapter.

(D) Pay the principal of and interest on bonds issued by the unit to pay for local public improvements in or serving that allocation area.

(E) Pay premiums on the redemption before maturity of bonds payable solely or in part from allocated tax proceeds in that allocation area.

(F) Make payments on leases payable from allocated tax proceeds in that allocation area under section 25.2 of this chapter.

(G) Reimburse the unit for expenditures made by it for local public improvements (which include buildings, parking facilities, and other items described in section 25.1(a) of this chapter) in or serving that allocation area.

(H) Reimburse the unit for rentals paid by it for a building or parking facility in or serving that allocation area under any lease entered into under IC 36-1-10.

(I) Pay all or a part of a property tax replacement credit to taxpayers in an allocation area as determined by the redevelopment commission. This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district (as defined in IC 6-1.1-1-20) that contains all or part of the allocation area:

STEP ONE: Determine that part of the sum of the amounts under IC 6-1.1-21-2(g)(1)(A), IC 6-1.1-21-2(g)(2), IC 6-1.1-21-2(g)(3), IC 6-1.1-21-2(g)(4), and IC 6-1.1-21-2(g)(5) that is attributable to the taxing district.

STEP TWO: Divide:

(i) that part of each county's eligible property tax

replacement amount (as defined in IC 6-1.1-21-2) for that year as determined under IC 6-1.1-21-4 that is attributable to the taxing district; by
 (ii) the STEP ONE sum.

STEP THREE: Multiply:

(i) the STEP TWO quotient; times
 (ii) the total amount of the taxpayer's taxes (as defined in IC 6-1.1-21-2) levied in the taxing district that have been allocated during that year to an allocation fund under this section.

If not all the taxpayers in an allocation area receive the credit in full, each taxpayer in the allocation area is entitled to receive the same proportion of the credit. A taxpayer may not receive a credit under this section and a credit under section 39.5 of this chapter in the same year.

(J) Pay expenses incurred by the redevelopment commission for local public improvements that are in the allocation area or serving the allocation area. Public improvements include buildings, parking facilities, and other items described in section 25.1(a) of this chapter.

(K) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:

(i) in the allocation area; and
 (ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made within three (3) years after the date on which the investments that are the basis for the increment financing are made.

The allocation fund may not be used for operating expenses of the commission.

(3) Except as provided in subsection (g), before July 15 of each year the commission shall do the following:

(A) Determine the amount, if any, by which the base assessed value when multiplied by the estimated tax rate of the allocation area will exceed the amount of assessed value needed to produce the property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2).

(B) Notify the county auditor of the amount, if any, of the amount of excess assessed value that the commission has determined may be allocated to the respective taxing units in the manner prescribed in subdivision (1). The commission may not authorize an allocation of assessed value to the respective taxing units under this subdivision if to do so would endanger the interests of the holders of bonds described in subdivision (2) or lessors under section 25.3 of this chapter.

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by any taxing unit after the effective date of the allocation provision of the declaratory resolution is the lesser of:

(1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or
 (2) the base assessed value.

(d) Property tax proceeds allocable to the redevelopment district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the redevelopment district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the redevelopment commission, reassess the taxable property situated upon or in, or added to, the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and formulation of the budget, tax rate, and tax levy

for each political subdivision in which the property is located is the lesser of:

(1) the assessed value of the property as valued without regard to this section; or
 (2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 5-28-15, the unit that designated the allocation area shall create funds as specified in this subsection. A unit that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. Such a unit shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund any amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. The amount sufficient for purposes specified in subsection (b)(2) for the year shall be determined based on the pro rata portion of such current property tax proceeds from the part of the enterprise zone that is within the allocation area as compared to all such current property tax proceeds derived from the allocation area. A unit that has no obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) in the fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone. The unit that creates the special zone fund shall use the fund (based on the recommendations of the urban enterprise association) for programs in job training, job enrichment, and basic skill development that are designed to benefit residents and employers in the enterprise zone or other purposes specified in subsection (b)(2), except that where reference is made in subsection (b)(2) to allocation area it shall refer for purposes of payments from the special zone fund only to that part of the allocation area that is also located in the enterprise zone. Those programs shall reserve at least one-half (1/2) of their enrollment in any session for residents of the enterprise zone.

(h) The state board of accounts and department of local government finance shall make the rules and prescribe the forms and procedures that they consider expedient for the implementation of this chapter. After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the redevelopment district under this section. **After each annual adjustment under IC 6-1.1-4-4.5, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the annual adjustment on the property tax proceeds allocated to the redevelopment district under this section.** However, the ~~adjustment~~ **adjustments** under this subsection may not include the effect of property tax abatements under IC 6-1.1-12.1, and ~~the adjustment~~ **these adjustments** may not produce less property tax proceeds allocable to the redevelopment district under subsection (b)(2) than would otherwise have been received if the general reassessment **or annual adjustment** had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

(i) The allocation deadline referred to in subsection (b) is determined in the following manner:

(1) The initial allocation deadline is December 31, 2011.
 (2) Subject to subdivision (3), the initial allocation deadline and subsequent allocation deadlines are automatically extended in increments of five (5) years, so that allocation deadlines subsequent to the initial allocation deadline fall on December 31, 2016, and December 31 of each fifth year thereafter.
 (3) At least one (1) year before the date of an allocation deadline determined under subdivision (2), the general assembly may enact a law that:
 (A) terminates the automatic extension of allocation deadlines under subdivision (2); and
 (B) specifically designates a particular date as the final allocation deadline.

SECTION 41. IC 36-7-15.1-26, AS AMENDED BY P.L.216-2005, SECTION 7, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]:
Sec. 26. (a) As used in this section:

"Allocation area" means that part of a redevelopment project area to which an allocation provision of a resolution adopted under section 8 of this chapter refers for purposes of distribution and allocation of property taxes.

"Base assessed value" means the following:

(1) If an allocation provision is adopted after June 30, 1995, in a declaratory resolution or an amendment to a declaratory resolution establishing an economic development area:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus
(B) to the extent that it is not included in clause (A), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(2) If an allocation provision is adopted after June 30, 1997, in a declaratory resolution or an amendment to a declaratory resolution establishing a redevelopment project area:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus
(B) to the extent that it is not included in clause (A), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(3) If:

(A) an allocation provision adopted before June 30, 1995, in a declaratory resolution or an amendment to a declaratory resolution establishing a redevelopment project area expires after June 30, 1997; and

(B) after June 30, 1997, a new allocation provision is included in an amendment to the declaratory resolution;

the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision adopted after June 30, 1997, as adjusted under subsection (h).

(4) Except as provided in subdivision (5), for all other allocation areas, the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h).

(5) If an allocation area established in an economic development area before July 1, 1995, is expanded after June 30, 1995, the definition in subdivision (1) applies to the expanded part of the area added after June 30, 1995.

(6) If an allocation area established in a redevelopment project area before July 1, 1997, is expanded after June 30, 1997, the definition in subdivision (2) applies to the expanded part of the area added after June 30, 1997.

Except as provided in section 26.2 of this chapter, "property taxes" means taxes imposed under IC 6-1.1 on real property. However, upon approval by a resolution of the redevelopment commission adopted before June 1, 1987, "property taxes" also includes taxes imposed under IC 6-1.1 on depreciable personal property. If a redevelopment commission adopted before June 1, 1987, a resolution to include within the definition of property taxes taxes imposed under IC 6-1.1 on depreciable personal property that has a useful life in excess of eight (8) years, the commission may by resolution determine the percentage of taxes imposed under IC 6-1.1 on all depreciable personal property that will be included within the definition of property taxes. However, the percentage included must not exceed twenty-five percent (25%) of the taxes imposed under IC 6-1.1 on all depreciable personal property.

(b) A resolution adopted under section 8 of this chapter on or before the allocation deadline determined under subsection (i) may

include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A resolution previously adopted may include an allocation provision by the amendment of that resolution on or before the allocation deadline determined under subsection (i) in accordance with the procedures required for its original adoption. A declaratory resolution or an amendment that establishes an allocation provision after June 30, 1995, must specify an expiration date for the allocation provision that may not be more than thirty (30) years after the date on which the allocation provision is established. However, if bonds or other obligations that were scheduled when issued to mature before the specified expiration date and that are payable only from allocated tax proceeds with respect to the allocation area remain outstanding as of the expiration date, the allocation provision does not expire until all of the bonds or other obligations are no longer outstanding. The allocation provision may apply to all or part of the redevelopment project area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:

(A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(B) the base assessed value;

shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the redevelopment district and, when collected, paid into a special fund for that allocation area that may be used by the redevelopment district only to do one (1) or more of the following:

(A) Pay the principal of and interest on any obligations payable solely from allocated tax proceeds that are incurred by the redevelopment district for the purpose of financing or refinancing the redevelopment of that allocation area.

(B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area.

(C) Pay the principal of and interest on bonds payable from allocated tax proceeds in that allocation area and from the special tax levied under section 19 of this chapter.

(D) Pay the principal of and interest on bonds issued by the consolidated city to pay for local public improvements in that allocation area.

(E) Pay premiums on the redemption before maturity of bonds payable solely or in part from allocated tax proceeds in that allocation area.

(F) Make payments on leases payable from allocated tax proceeds in that allocation area under section 17.1 of this chapter.

(G) Reimburse the consolidated city for expenditures for local public improvements (which include buildings, parking facilities, and other items set forth in section 17 of this chapter) in that allocation area.

(H) Reimburse the unit for rentals paid by it for a building or parking facility in that allocation area under any lease entered into under IC 36-1-10.

(I) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:

(i) in the allocation area; and

(ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made within three (3) years after the date on which the investments that are the

basis for the increment financing are made.

The special fund may not be used for operating expenses of the commission.

(3) Before July 15 of each year, the commission shall do the following:

(A) Determine the amount, if any, by which the base assessed value when multiplied by the estimated tax rate of the allocated area will exceed the amount of assessed value needed to provide the property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2) and subsection (g).

(B) Notify the county auditor of the amount, if any, of excess assessed value that the commission has determined may be allocated to the respective taxing units in the manner prescribed in subdivision (1).

The commission may not authorize an allocation to the respective taxing units under this subdivision if to do so would endanger the interests of the holders of bonds described in subdivision (2).

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by any taxing unit after the effective date of the allocation provision of the resolution is the lesser of:

- (1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or
- (2) the base assessed value.

(d) Property tax proceeds allocable to the redevelopment district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the redevelopment district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the commission, reassess the taxable property situated upon or in, or added to, the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and formulation of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

- (1) the assessed value of the property as valued without regard to this section; or
- (2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 5-28-15, the unit that designated the allocation area shall create funds as specified in this subsection. A unit that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. Such a unit shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund the amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. A unit that has no obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) in the fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone. The unit that creates the special zone fund shall use the fund, based on the recommendations of the urban enterprise association, for one (1) or more of the following purposes:

- (1) To pay for programs in job training, job enrichment, and basic skill development designed to benefit residents and employers in the enterprise zone. The programs must reserve at least one-half (1/2) of the enrollment in any session for residents of the enterprise zone.
- (2) To make loans and grants for the purpose of stimulating business activity in the enterprise zone or providing employment for enterprise zone residents in the enterprise zone.

These loans and grants may be made to the following:

(A) Businesses operating in the enterprise zone.

(B) Businesses that will move their operations to the enterprise zone if such a loan or grant is made.

(3) To provide funds to carry out other purposes specified in subsection (b)(2). However, where reference is made in subsection (b)(2) to the allocation area, the reference refers for purposes of payments from the special zone fund only to that part of the allocation area that is also located in the enterprise zone.

(h) The state board of accounts and department of local government finance shall make the rules and prescribe the forms and procedures that they consider expedient for the implementation of this chapter. After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the redevelopment district under this section. **After each annual adjustment under IC 6-1.1-4-4.5, the department of local government finance shall adjust the base assessed value to neutralize any effect of the annual adjustment on the property tax proceeds allocated to the redevelopment district under this section.** However, the **adjustment adjustments under this subsection** may not include the effect of property tax abatements under IC 6-1.1-12.1, and **the adjustment these adjustments** may not produce less property tax proceeds allocable to the redevelopment district under subsection (b)(2) than would otherwise have been received if the general reassessment **or annual adjustment** had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

(i) The allocation deadline referred to in subsection (b) is determined in the following manner:

(1) The initial allocation deadline is December 31, 2011.

(2) Subject to subdivision (3), the initial allocation deadline and subsequent allocation deadlines are automatically extended in increments of five (5) years, so that allocation deadlines subsequent to the initial allocation deadline fall on December 31, 2016, and December 31 of each fifth year thereafter.

(3) At least one (1) year before the date of an allocation deadline determined under subdivision (2), the general assembly may enact a law that:

(A) terminates the automatic extension of allocation deadlines under subdivision (2); and

(B) specifically designates a particular date as the final allocation deadline.

SECTION 42. IC 36-7-15.1-53, AS AMENDED BY P.L.216-2005, SECTION 8, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]:
Sec. 53. (a) As used in this section:

"Allocation area" means that part of a redevelopment project area to which an allocation provision of a resolution adopted under section 40 of this chapter refers for purposes of distribution and allocation of property taxes.

"Base assessed value" means:

(1) the net assessed value of all the property as finally determined for the assessment date immediately preceding the effective date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus

(2) to the extent that it is not included in subdivision (1), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

Except as provided in section 55 of this chapter, "property taxes" means taxes imposed under IC 6-1.1 on real property.

(b) A resolution adopted under section 40 of this chapter on or before the allocation deadline determined under subsection (i) may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A resolution previously adopted may include an allocation provision by the amendment of that resolution on or before the allocation deadline determined under subsection (i) in accordance

with the procedures required for its original adoption. A declaratory resolution or an amendment that establishes an allocation provision must be approved by resolution of the legislative body of the excluded city and must specify an expiration date for the allocation provision that may not be more than thirty (30) years after the date on which the allocation provision is established. However, if bonds or other obligations that were scheduled when issued to mature before the specified expiration date and that are payable only from allocated tax proceeds with respect to the allocation area remain outstanding as of the expiration date, the allocation provision does not expire until all of the bonds or other obligations are no longer outstanding. The allocation provision may apply to all or part of the redevelopment project area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:

(A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(B) the base assessed value;

shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the redevelopment district and, when collected, paid into a special fund for that allocation area that may be used by the redevelopment district only to do one (1) or more of the following:

(A) Pay the principal of and interest on any obligations payable solely from allocated tax proceeds that are incurred by the redevelopment district for the purpose of financing or refinancing the redevelopment of that allocation area.

(B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area.

(C) Pay the principal of and interest on bonds payable from allocated tax proceeds in that allocation area and from the special tax levied under section 50 of this chapter.

(D) Pay the principal of and interest on bonds issued by the excluded city to pay for local public improvements in that allocation area.

(E) Pay premiums on the redemption before maturity of bonds payable solely or in part from allocated tax proceeds in that allocation area.

(F) Make payments on leases payable from allocated tax proceeds in that allocation area under section 46 of this chapter.

(G) Reimburse the excluded city for expenditures for local public improvements (which include buildings, park facilities, and other items set forth in section 45 of this chapter) in that allocation area.

(H) Reimburse the unit for rentals paid by it for a building or parking facility in that allocation area under any lease entered into under IC 36-1-10.

(I) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:

(i) in the allocation area; and

(ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made within three (3) years after the date on which the investments that are the basis for the increment financing are made.

The special fund may not be used for operating expenses of the commission.

(3) Before July 15 of each year, the commission shall do the

following:

(A) Determine the amount, if any, by which property taxes payable to the allocation fund in the following year will exceed the amount of assessed value needed to provide the property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2) and subsection (g).

(B) Notify the county auditor of the amount, if any, of excess assessed value that the commission has determined may be allocated to the respective taxing units in the manner prescribed in subdivision (1).

The commission may not authorize an allocation to the respective taxing units under this subdivision if to do so would endanger the interests of the holders of bonds described in subdivision (2).

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by any taxing unit after the effective date of the allocation provision of the resolution is the lesser of:

(1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(2) the base assessed value.

(d) Property tax proceeds allocable to the redevelopment district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the redevelopment district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the commission, reassess the taxable property situated upon or in, or added to, the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and formulation of the budget, tax rate, and tax levy for each political subdivision in which the property is located, is the lesser of:

(1) the assessed value of the property as valued without regard to this section; or

(2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 5-28-15, the unit that designated the allocation area shall create funds as specified in this subsection. A unit that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. Such a unit shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund the amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. A unit that has no obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) in the fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone. The unit that creates the special zone fund shall use the fund, based on the recommendations of the urban enterprise association, for one (1) or more of the following purposes:

(1) To pay for programs in job training, job enrichment, and basic skill development designed to benefit residents and employers in the enterprise zone. The programs must reserve at least one-half (1/2) of the enrollment in any session for residents of the enterprise zone.

(2) To make loans and grants for the purpose of stimulating business activity in the enterprise zone or providing employment for enterprise zone residents in an enterprise zone. These loans and grants may be made to the following:

(A) Businesses operating in the enterprise zone.

(B) Businesses that will move their operations to the enterprise zone if such a loan or grant is made.

(3) To provide funds to carry out other purposes specified in

subsection (b)(2). However, where reference is made in subsection (b)(2) to the allocation area, the reference refers, for purposes of payments from the special zone fund, only to that part of the allocation area that is also located in the enterprise zone.

(h) The state board of accounts and department of local government finance shall make the rules and prescribe the forms and procedures that they consider expedient for the implementation of this chapter. After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the redevelopment district under this section. **After each annual adjustment under IC 6-1.1-4-4.5, the department of local government finance shall adjust the base assessed value to neutralize any effect of the annual adjustment on the property tax proceeds allocated to the redevelopment district under this section.** However, the **adjustment adjustments under this subsection** may not include the effect of property tax abatements under IC 6-1.1-12.1, and **the adjustment these adjustments** may not produce less property tax proceeds allocable to the redevelopment district under subsection (b)(2) than would otherwise have been received if the general reassessment **or annual adjustment** had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

(i) The allocation deadline referred to in subsection (b) is determined in the following manner:

(1) The initial allocation deadline is December 31, 2011.

(2) Subject to subdivision (3), the initial allocation deadline and subsequent allocation deadlines are automatically extended in increments of five (5) years, so that allocation deadlines subsequent to the initial allocation deadline fall on December 31, 2016, and December 31 of each fifth year thereafter.

(3) At least one (1) year before the date of an allocation deadline determined under subdivision (2), the general assembly may enact a law that:

(A) terminates the automatic extension of allocation deadlines under subdivision (2); and

(B) specifically designates a particular date as the final allocation deadline.

SECTION 43. IC 36-7-30-25, AS AMENDED BY P.L.4-2005, SECTION 141, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 25. (a) The following definitions apply throughout this section:

(1) "Allocation area" means that part of a military base reuse area to which an allocation provision of a declaratory resolution adopted under section 10 of this chapter refers for purposes of distribution and allocation of property taxes.

(2) "Base assessed value" means:

(A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the adoption date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus

(B) to the extent that it is not included in clause (A) or (C), the net assessed value of any and all parcels or classes of parcels identified as part of the base assessed value in the declaratory resolution or an amendment thereto, as finally determined for any subsequent assessment date; plus

(C) to the extent that it is not included in clause (A) or (B), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

Clause (C) applies only to allocation areas established in a military reuse area after June 30, 1997, and to the part of an allocation area that was established before June 30, 1997, and that is added to an existing allocation area after June 30, 1997.

(3) "Property taxes" means taxes imposed under IC 6-1.1 on real property.

(b) A declaratory resolution adopted under section 10 of this chapter before the date set forth in IC 36-7-14-39(b) pertaining to declaratory resolutions adopted under IC 36-7-14-15 may include a

provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A declaratory resolution previously adopted may include an allocation provision by the amendment of that declaratory resolution in accordance with the procedures set forth in section 13 of this chapter. The allocation provision may apply to all or part of the military base reuse area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:

(A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(B) the base assessed value;

shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the military base reuse district and, when collected, paid into an allocation fund for that allocation area that may be used by the military base reuse district and only to do one (1) or more of the following:

(A) Pay the principal of and interest and redemption premium on any obligations incurred by the military base reuse district or any other entity for the purpose of financing or refinancing military base reuse activities in or directly serving or benefiting that allocation area.

(B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area or from other revenues of the reuse authority, including lease rental revenues.

(C) Make payments on leases payable solely or in part from allocated tax proceeds in that allocation area.

(D) Reimburse any other governmental body for expenditures made for local public improvements (or structures) in or directly serving or benefiting that allocation area.

(E) Pay all or a part of a property tax replacement credit to taxpayers in an allocation area as determined by the reuse authority. This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district (as defined in IC 6-1.1-20) that contains all or part of the allocation area:

STEP ONE: Determine that part of the sum of the amounts under IC 6-1.1-21-2(g)(1)(A), IC 6-1.1-21-2(g)(2), IC 6-1.1-21-2(g)(3), IC 6-1.1-21-2(g)(4), and IC 6-1.1-21-2(g)(5) that is attributable to the taxing district.

STEP TWO: Divide:

(i) that part of each county's eligible property tax replacement amount (as defined in IC 6-1.1-21-2) for that year as determined under IC 6-1.1-21-4 that is attributable to the taxing district; by

(ii) the STEP ONE sum.

STEP THREE: Multiply:

(i) the STEP TWO quotient; times

(ii) the total amount of the taxpayer's taxes (as defined in IC 6-1.1-21-2) levied in the taxing district that have been allocated during that year to an allocation fund under this section.

If not all the taxpayers in an allocation area receive the credit in full, each taxpayer in the allocation area is entitled to receive the same proportion of the credit. A taxpayer may not receive a credit under this section and a credit under section 27 of this chapter in the same year.

(F) Pay expenses incurred by the reuse authority for local public improvements or structures that were in the allocation area or directly serving or benefiting the allocation area.

(G) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:

(i) in the allocation area; and

(ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made not more than three (3) years after the date on which the investments that are the basis for the increment financing are made.

The allocation fund may not be used for operating expenses of the reuse authority.

(3) Except as provided in subsection (g), before July 15 of each year the reuse authority shall do the following:

(A) Determine the amount, if any, by which property taxes payable to the allocation fund in the following year will exceed the amount of property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2).

(B) Notify the county auditor of the amount, if any, of the amount of excess property taxes that the reuse authority has determined may be paid to the respective taxing units in the manner prescribed in subdivision (1). The reuse authority may not authorize a payment to the respective taxing units under this subdivision if to do so would endanger the interest of the holders of bonds described in subdivision (2) or lessors under section 19 of this chapter. Property taxes received by a taxing unit under this subdivision are eligible for the property tax replacement credit provided under IC 6-1.1-21.

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by a taxing unit after the effective date of the allocation provision of the declaratory resolution is the lesser of:

- (1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or
- (2) the base assessed value.

(d) Property tax proceeds allocable to the military base reuse district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the military base reuse district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the reuse authority, reassess the taxable property situated upon or in or added to the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and the making of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

- (1) the assessed value of the property as valued without regard to this section; or
- (2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 5-28-15, the unit that designated the allocation area shall create funds as specified in this subsection. A unit that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. Such a unit shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund any amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. The amount sufficient for purposes specified in subsection (b)(2) for the year shall be determined based on the pro rata part of such current property tax proceeds from the part of the enterprise zone that is within the allocation area as compared to all such current property tax proceeds derived from the allocation area. A unit that does not have obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall

establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) that are derived from property in the enterprise zone in the fund. The unit that creates the special zone fund shall use the fund (based on the recommendations of the urban enterprise association) for programs in job training, job enrichment, and basic skill development that are designed to benefit residents and employers in the enterprise zone or other purposes specified in subsection (b)(2), except that where reference is made in subsection (b)(2) to allocation area it shall refer for purposes of payments from the special zone fund only to that part of the allocation area that is also located in the enterprise zone. The programs shall reserve at least one-half (1/2) of their enrollment in any session for residents of the enterprise zone.

(h) After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the military base reuse district under this section. **After each annual adjustment under IC 6-1.1-4-5, the department of local government finance shall adjust the base assessed value to neutralize any effect of the annual adjustment on the property tax proceeds allocated to the military base reuse district under this section.** However, the ~~adjustment adjustments~~ **adjustments under this subsection** may not include the effect of property tax abatements under IC 6-1.1-12.1, and ~~the adjustment~~ **these adjustments** may not produce less property tax proceeds allocable to the military base reuse district under subsection (b)(2) than would otherwise have been received if the general reassessment **or annual adjustment** had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.

SECTION 44. IC 36-7-30.5-30, AS ADDED BY P.L.203-2005, SECTION 11, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JANUARY 1, 2006 (RETROACTIVE)]: Sec. 30. (a) The following definitions apply throughout this section:

(1) "Allocation area" means that part of a military base development area to which an allocation provision of a declaratory resolution adopted under section 16 of this chapter refers for purposes of distribution and allocation of property taxes.

(2) "Base assessed value" means:

- (A) the net assessed value of all the property as finally determined for the assessment date immediately preceding the adoption date of the allocation provision of the declaratory resolution, as adjusted under subsection (h); plus
- (B) to the extent that it is not included in clause (A) or (C), the net assessed value of any and all parcels or classes of parcels identified as part of the base assessed value in the declaratory resolution or an amendment to the declaratory resolution, as finally determined for any subsequent assessment date; plus
- (C) to the extent that it is not included in clause (A) or (B), the net assessed value of property that is assessed as residential property under the rules of the department of local government finance, as finally determined for any assessment date after the effective date of the allocation provision.

(3) "Property taxes" means taxes imposed under IC 6-1.1 on real property.

(b) A declaratory resolution adopted under section 16 of this chapter before the date set forth in IC 36-7-14-39(b) pertaining to declaratory resolutions adopted under IC 36-7-14-15 may include a provision with respect to the allocation and distribution of property taxes for the purposes and in the manner provided in this section. A declaratory resolution previously adopted may include an allocation provision by the amendment of that declaratory resolution in accordance with the procedures set forth in section 18 of this chapter. The allocation provision may apply to all or part of the military base development area. The allocation provision must require that any property taxes subsequently levied by or for the benefit of any public body entitled to a distribution of property taxes on taxable property in the allocation area be allocated and distributed as follows:

(1) Except as otherwise provided in this section, the proceeds of the taxes attributable to the lesser of:

(A) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(B) the base assessed value;

shall be allocated to and, when collected, paid into the funds of the respective taxing units.

(2) Except as otherwise provided in this section, property tax proceeds in excess of those described in subdivision (1) shall be allocated to the development authority and, when collected, paid into an allocation fund for that allocation area that may be used by the development authority and only to do one (1) or more of the following:

(A) Pay the principal of and interest and redemption premium on any obligations incurred by the development authority or any other entity for the purpose of financing or refinancing military base development or reuse activities in or directly serving or benefitting that allocation area.

(B) Establish, augment, or restore the debt service reserve for bonds payable solely or in part from allocated tax proceeds in that allocation area or from other revenues of the development authority, including lease rental revenues.

(C) Make payments on leases payable solely or in part from allocated tax proceeds in that allocation area.

(D) Reimburse any other governmental body for expenditures made for local public improvements (or structures) in or directly serving or benefitting that allocation area.

(E) Pay all or a part of a property tax replacement credit to taxpayers in an allocation area as determined by the development authority. This credit equals the amount determined under the following STEPS for each taxpayer in a taxing district (as defined in IC 6-1.1-20) that contains all or part of the allocation area:

STEP ONE: Determine that part of the sum of the amounts under IC 6-1.1-21-2(g)(1)(A), IC 6-1.1-21-2(g)(2), IC 6-1.1-21-2(g)(3), IC 6-1.1-21-2(g)(4), and IC 6-1.1-21-2(g)(5) that is attributable to the taxing district.

STEP TWO: Divide:

(i) that part of each county's eligible property tax replacement amount (as defined in IC 6-1.1-21-2) for that year as determined under IC 6-1.1-21-4 that is attributable to the taxing district; by

(ii) the STEP ONE sum.

STEP THREE: Multiply:

(i) the STEP TWO quotient; by

(ii) the total amount of the taxpayer's taxes (as defined in IC 6-1.1-21-2) levied in the taxing district that have been allocated during that year to an allocation fund under this section.

If not all the taxpayers in an allocation area receive the credit in full, each taxpayer in the allocation area is entitled to receive the same proportion of the credit. A taxpayer may not receive a credit under this section and a credit under section 32 of this chapter in the same year.

(F) Pay expenses incurred by the development authority for local public improvements or structures that were in the allocation area or directly serving or benefitting the allocation area.

(G) Reimburse public and private entities for expenses incurred in training employees of industrial facilities that are located:

(i) in the allocation area; and

(ii) on a parcel of real property that has been classified as industrial property under the rules of the department of local government finance.

However, the total amount of money spent for this purpose in any year may not exceed the total amount of money in the allocation fund that is attributable to property taxes paid by the industrial facilities described in this clause. The reimbursements under this clause must be made not more than three (3) years after the date on which the investments that are the basis for the increment financing are made.

The allocation fund may not be used for operating expenses of

the development authority.

(3) Except as provided in subsection (g), before July 15 of each year the development authority shall do the following:

(A) Determine the amount, if any, by which property taxes payable to the allocation fund in the following year will exceed the amount of property taxes necessary to make, when due, principal and interest payments on bonds described in subdivision (2) plus the amount necessary for other purposes described in subdivision (2).

(B) Notify the appropriate county auditor of the amount, if any, of the amount of excess property taxes that the development authority has determined may be paid to the respective taxing units in the manner prescribed in subdivision (1). The development authority may not authorize a payment to the respective taxing units under this subdivision if to do so would endanger the interest of the holders of bonds described in subdivision (2) or lessors under section 24 of this chapter. Property taxes received by a taxing unit under this subdivision are eligible for the property tax replacement credit provided under IC 6-1.1-21.

(c) For the purpose of allocating taxes levied by or for any taxing unit or units, the assessed value of taxable property in a territory in the allocation area that is annexed by a taxing unit after the effective date of the allocation provision of the declaratory resolution is the lesser of:

(1) the assessed value of the property for the assessment date with respect to which the allocation and distribution is made; or

(2) the base assessed value.

(d) Property tax proceeds allocable to the military base development district under subsection (b)(2) may, subject to subsection (b)(3), be irrevocably pledged by the military base development district for payment as set forth in subsection (b)(2).

(e) Notwithstanding any other law, each assessor shall, upon petition of the development authority, reassess the taxable property situated upon or in or added to the allocation area, effective on the next assessment date after the petition.

(f) Notwithstanding any other law, the assessed value of all taxable property in the allocation area, for purposes of tax limitation, property tax replacement, and the making of the budget, tax rate, and tax levy for each political subdivision in which the property is located is the lesser of:

(1) the assessed value of the property as valued without regard to this section; or

(2) the base assessed value.

(g) If any part of the allocation area is located in an enterprise zone created under IC 5-28-15, the development authority shall create funds as specified in this subsection. A development authority that has obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish an allocation fund for the purposes specified in subsection (b)(2) and a special zone fund. The development authority shall, until the end of the enterprise zone phase out period, deposit each year in the special zone fund any amount in the allocation fund derived from property tax proceeds in excess of those described in subsection (b)(1) from property located in the enterprise zone that exceeds the amount sufficient for the purposes specified in subsection (b)(2) for the year. The amount sufficient for purposes specified in subsection (b)(2) for the year shall be determined based on the pro rata part of such current property tax proceeds from the part of the enterprise zone that is within the allocation area as compared to all such current property tax proceeds derived from the allocation area. A development authority that does not have obligations, bonds, or leases payable from allocated tax proceeds under subsection (b)(2) shall establish a special zone fund and deposit all the property tax proceeds in excess of those described in subsection (b)(1) that are derived from property in the enterprise zone in the fund. The development authority that creates the special zone fund shall use the fund (based on the recommendations of the urban enterprise association) for programs in job training, job enrichment, and basic skill development that are designed to benefit residents and employers in the enterprise zone or for other purposes specified in subsection (b)(2), except that where reference is made in subsection (b)(2) to an allocation area it shall refer for purposes of payments from the special zone fund only to that part of the allocation

area that is also located in the enterprise zone. The programs shall reserve at least one-half (1/2) of their enrollment in any session for residents of the enterprise zone.

(h) After each general reassessment under IC 6-1.1-4, the department of local government finance shall adjust the base assessed value one (1) time to neutralize any effect of the general reassessment on the property tax proceeds allocated to the military base development district under this section. **After each annual adjustment under IC 6-1.1-4-4.5, the department of local government finance shall adjust the base assessed value to neutralize any effect of the annual adjustment on the property tax proceeds allocated to the military base development district under this section.** However, the ~~adjustment adjustments~~ under this subsection may not include the effect of property tax abatements under IC 6-1.1-12.1, and ~~the adjustment these adjustments~~ may not produce less property tax proceeds allocable to the military base development district under subsection (b)(2) than would otherwise have been received if the general reassessment ~~or annual adjustment~~ had not occurred. The department of local government finance may prescribe procedures for county and township officials to follow to assist the department in making the adjustments.
